As we look back on the success of past generations at SWOSU, we can only have the same hope for our future. The faces have changed and so have the fashions, but the tradition of excellence has remained the same throughout SWOSU's history. So as we graduate, and begin to look forward, we really can say... the future is history.

Nick Muller, Lisa Jarvis, Jackie Banks, and Chris Keim take a break between...
Classes on the steps of the Campbell Building.
The New Wellness Center should be finished in the Summer of 2005.

The first classes at Southwestern were held in 1903.

Rosy Wu and Lulu Ndlovu look over homework in the Student Union.

Oklahoma Hall shows its love for the Bulldogs.

Students walk by the Clock Tower.

Students from 1972 walk to class.
Throughout history, students have found ways to celebrate college life.

Back in the 1960s, the entertainment was usually weekly dances in the Student Union Ballroom. Now students enjoy hanging out in the dorms, eating at the Student Union, going to movies and going bowling. It's all a part of student life that makes up a student's history at Southwestern.
Megan Alexander of Perkins is the new Miss Southwestern and will represent Southwestern at next summer's Miss Oklahoma Pageant.

Alexander is a junior majoring in music therapy. She sang "I Left You There" for the talent portion of the contest, and her platform issue is "Heart of Hope."

Caitlin Hicks of Weatherford finished as first runner-up. Hicks won a $1,100 scholarship. The sophomore also won the Talent Award for her vocal solo and the Peer Leadership Award, which is voted on by the contestants.

Other top finishers were: Lauren Johnson, Yukon junior, second runner-up, $700 scholarships; Holly Bullington, Gould freshman, third runner-up, $600 scholarship; and Ranee Young, Sentinel sophomore, fourth runner-up and physical fitness/swimsuit competition winner, $500 scholarship. Brittany Moody of Oklahoma City (PC North) won the "Most Tickets Sold" Award and Bullington won the "Most Ads Sold" Award. All of the non-finalists each won $150 scholarships.
Caitlin Hicks sings during talent portion.

Ranee Young performs during talent portion.

Lauren Johnson plays the piano.

Megan Alexander sings.

A Shining Star.

Ranee Young poses for the camera.

A student rides for 8 on top of the mechanical bull that was at Dawg Days.

The future
Several seniors served as Orientation Leaders. In the future, OLs will be in charge of much of Dawg Days activities.

The history
Dawg Days was once called Howdy Week. It became an established event in the 1990s.

dawg days history
They didn't have Dawg Days in the 1900s, but a tradition in Southwestern's early history was a picnic at the start of the semester.

Students smile for the camera during a Dawg Days event.

Students hang out on the Student Union lawn.

Time after time Dawg Days has been a huge success and it shows no sign of slowing down. It came in with a huge impact on students Aug. 14-22 with many activities for incoming freshmen to keep their minds off the sickness of leaving home.

But more than freshmen enjoyed Dawg Days and the many events that were offered. Students of all classifications took part in the many cookouts, volleyball tournaments, bingo, dances, free movies and waterfights.

At the closing of Dawg Days there was a concert on the street in front of Neff Hall for all to enjoy.

Plans are underway for 2005’s Homecoming. The theme is "Hear Our Growl...Feel Our Bite!" The Bulldogs will be taking on Tarleton State on Sept. 24.

The history
Homecoming ceremonies have been around since the 1920s. They are a long time tradition enjoyed by all SWOSU students. Even though times have changed, the customs have stayed the same.

Nicole Moody and Zach House (middle) were crowned King and Queen. Finalists are (from left) Fred Penner; Kayla Horn; Garret Castleberry; and Alisia Davis.
There were many activities and events planned for this year's Homecoming celebration. From a tailgate party to the homecoming parade and game, it was a fun filled week.

There were winners of various competitions. At the parade, the Society of Manufacturing Engineers won 1st and $1,000 in the float competition. The Residents Life RA’s won 2nd place and $500, while the Black Student Association finished 3rd and won $300.

The Bulldogs took on the Bronchos from UCO that night for an exciting night of football. SWOSU led after the first quarter, only to see UCO steal an astonishing 37 points. The game ended with UCO winning with a score of 37-19.
Oklahoma City radio station 94.7 the Buzz sponsors the six-year tradition setting up camp at SWOSU for a day and broadcasting live. Subseven headlined the event and the winner of the Buzz's Battle of the Bands also performed.

The history
SWOSUpalooza began in 2000. Molly's Yes and Between Thieves headlined palooza in its first year. Over the years such bands as Bleach and Subseven have laid their mark on this campus and made a name for Southwestern.

Way-back Tracks

Before there was SWOSUpalooza, Southwestern brought in acts such as the Lettermen to entertain students.

SWOSUpalooza began six years in 2000. The first SWOSUpalooza featured up-and-coming local and state bands Molly's Yes and Between Thieves.

The sixth SWOSUpalooza was held on April 14 in front of the Centennial Clock tower. 94.7 the Buzz, a station out of Oklahoma City, sponsored the fifth and sixth SWOSUpalooza by doing a live broadcast at the event. Local heroes Subseven headlined the event. The event started and 3 p.m. and went until midnight.
Music lasted through the day.
The future
The Panorama series will continue to bring bigger name entertainers and more guest speakers in the years to come.

The history
Since 1991, Panorama has featured guests such as hyponist Dr. Bellows, comedian Lewis Black, and other forms of entertainment and culture.

Panorama in history
Linda Ellerbee was the first guest speaker for Panorama series in 1991.

Students line up to see Bill Engvall

Southwestern has always provided culture and entertainment for the students. For the past 14 years, this has been the goal of the Panorama series. This year's Panorama series featured comedian Bill Engvall, speaker Col. Chuck Scott, a former POW, The Wizards of Weird, the Great Debate, and Drum Drum.
The Bill Engvall concert was held on Sept. 1 and sold out. Engvall, a former American Comedy Awards Comic of the Year, has been featured on The Blue Collar Comedy Tour. His 1997 album *Here’s Your Sign* was the number one selling album of that year.

Col. Chuck Scott, who was held hostage by Iranian terrorists for 444 days, spoke at the Fine Arts Center on Oct. 12.

The Wizards of Weird, creators of *Ripley’s Believe It or Not*, Ron Lyon and Jenny Paschall brought video segments of strange and unusual items from around the world.

The Great Debate between Bob Stutman, a veteran of the D.E.A., and Steve Hager, editor-in-chief of High Times magazine was held in February in the Fine Arts Center.

Drum Drum, a contemporary Pacific music and dance group from Australia, performed on April 7 in the Fine Arts Center.

Comedian Bill Engvall

Student organizations on the SWOSU campus are very abundant. The organizations are groups of students in a specific setting for a common reason. There is almost an organization for any group or activity on campus. Groups like sororities and fraternities, academic groups, religious organizations, and fields of study groups are all part of the organizations at SWOSU.

Throughout the school year, these different organizations have competitions, dinners, social events, and fund-raisers to aid in each one’s goals. The goals of the organizations are to further their studies and personal abilities in the activities in which they are involved.

The history of student organizations has steadily grown throughout the years. Students of the past have helped to lay a path for the current and future Southwestern students.

The future of the student organizations is bright, open, and ready to make history.

Mu Rho Alpha is a Health Information Management organization on campus. Here are some seniors in the HIM program.

This SWOSU organization is a branch of the Pharmacy department. Here are the officers for 2004–2005. The Academy of Student Pharmacists (Apha–ASP) was originated in 1921 and brought onto SWOSU’s campus in 1969.

The officers for the College Republicans Organization had a busy Fall 2004 because of the Presidential election.

SWOSU began offering a social work program in 1977. The Social Work Association on campus holds many activities and volunteer work throughout the year. One event is the Valentine’s Activity.

A year worth looking at

The future

This year has been full of comebacks. We wore poncho’s, tweed, school girl skirts, and, ugh, boots. We continue to evolve yet some things never change.

The history

Every year has something special to look at, a few special things that make a comeback years later. We tribute our great fashion year to 40’s and the 70’s.

Fashion in history

The style of 1930s Southwestern students.

The present
Sports grills, three bars, several restaurants, a few gyms, a movie theatre, and three movie rental places give students ways to spend money and free time.

The history
In 1901 Weatherford earned the reputation of being “wild and wooly” because of all the local taverns in the town.

Fraternity Christmas parties in the 1940s and 1950s were a big part of the Southwestern social life.

There are several activities that take place on campus, but some of the things that are not connected to school events are an option as well.

Weatherford is a small town but there are several things to do. Only a couple of miles west is a very nice movie theatre and drive-in movie. There is a variety of restaurants, sports grills and entertainment.

“We like to go out to the movies,” said Emily Avera, “and when I get a chance, I use my membership pass to the YMCA.”

The sports grills, Nita’s Ice House and Bench Warmer’s, have several students come in just to watch pro-sports or college finals on the big screen. There are also several places to pick up memberships to work out. Entertainment includes bowling on college night or any other night, dancing “when the clubs are open” and going out to eat.

Some of the restaurants to keep in mind are Alfredo’s and Casa Soto’s, the two Mexican restaurants in town and, of course, K-Bob’s and T-bone.

Then some seniors prefer the simple life. Student Chris Keim said, “I work and go home to my wife.”
Weatherford has two sports grills, an 18-and-over bar (Cowboys) and two 21-and-over bars.

Jesse Sierra just prefers to get away on two wheels.

Nita's Ice House opened in 2005, adding a new sports grill to students' options.

I like working at The Office. I get a chance to meet a lot of interesting people. – Jim Robinson

The future
The Future of America lies in the hands of its supporters. With a war in progress, the bond among Americans is stronger than ever. If we stand together, we will prevail.

The history
Even though it looks like history is repeating itself, we have come a long way from the way we were. America has evolved into a stronger and more respectable country where freedom conquers all.

Peace in history
It's over 30 years later and America is still striving for peace. As the American flag waves proudly, the people of this country stand behind one another to protect the United States from terrorism and continue to encourage peace among its people.

President George W. Bush is going for a second term. Bush won in a close race against John Kerry. Final results were Bush 51% and Kerry with 48%.
The Saudis finally get the chance to cast their votes in the first stage in an unprecedented nationwide vote. Over six hundred candidates ran for the opportunity to obtain one of the seven seats on the Riyadh Municipal Council.

American soldiers help evacuate small children after a tsunami devastated areas where waves were as high as 8 feet tall and killed nearly 300,000 people across the globe.

Teddy Bruschi exits the field after the New England Patriots earned its third Super Bowl berth after claiming victory against the Philadelphia Eagles in the Super Bowl XXXIX. Final score...41-27.
Standing firmly on the hill top,
Clearly outlined 'neath the blue,
Emblem of the best and noblest,
Alma Mater true.

Hail, all hail to thee, Southwestern,
Alma Mater true,
We will ever sing our praises to the
White and Blue.

Foster mother, friend so loyal,
Honor, love, and faith we bring,
With thy spirit ever near us, This
our song shall ring.

Hail, all hail to thee, Southwestern,
Alma Mater true.
We will ever sing our praises to the
White and Blue.

When students arrive as freshman at Southwestern Oklahoma State University, one of the first things that they learn at Freshman Orientation is the “SWOSU Alma Mater.”

An alma mater is a sacred song of a college or university. The SWOSU Alma Mater speak of the school on the top of the hill with a blue-sky background.

It describes how SWOSU is a home, a friend, and a family to those that attend.

This song is played at numerous college events, such as orientation, football games, and of course, graduation.

And how fitting is it that the first song you hear coming into Southwestern is also one of the last songs you hear going out.

Many students are able to call SWOSU their “alma mater” with pride.
Graduating International Students

HONG KONG - Flora (SinYu) Lee, B.S. in mathematics;

INDONESIA - Helena Karubaba, B.B.A in general business;
       Caterine Pasaribu, M.B.A. in business administration;

NEPAL - Ranjana Devbandari, B.S. in health sciences; Rebatee Panta, B.S. in health sciences;

NIGERIA - Abiade Adedoyin, B.A. in criminal justice;

PAKISTAN - Murtaza Shah, B.S. in computer science-info;

ZAMBIA - Kavita Bhathela, B.S. in computer science-comp; Minvesh Bhathela, B.S. in engineering technology;
       Tushar Bulsara, B.S. in computer science-comp; Moonga Ndhlovu, B.S. in engineering technology;
       and Amit Patel, B.B.A. in management.

Students enjoy the international cuisine at the annual International Banquet.

International students bring diversity and contribute a unique cultural experience. The aim of Southwestern International Student Association is to bring better understanding and communication among international students and the university. This it tries to achieve by hosting an annual International Banquet. The banquet provides the international students with the opportunity to present their culture and food to the university.

Also aiding in the aim is the International Day. This year's International Day consisted of African hair braiding, Indian henna painting, International knowledge trivia and, getting your name written in different languages of the world. SISA also organized a picnic and a bingo night this year.

Vishnu Pokhrel watches as SISA sponsor Dr. Blake Sonobe flips burgers at the SISA picnic.

Local Changes

The horizon near Weatherford was forever changed when wind turbines were constructed south of town.

Since 1901, Southwestern and Weatherford has been rebuilding and renovating its infrastructures in keeping up with time and the world around.

In 2005, wind turbines were constructed near Weatherford to capture energy from the Wind Capital of Oklahoma.

Also, the Student Union went some renovations at the end of the year, but major part of the renovation was left for the coming year.

The Wellness Center neared completion. It was scheduled to open in Summer 2005.

The Wellness Center neared completion in the spring semester.
School ... it's a necessary evil for students from 1903 to 2005. Still, with improved technology, good classes and helpful classmates, school is not that bad. In fact, classwork at Southwestern is just as relevant and challenging today as it was in the 1900s. So New School is just as good as Old School.
Nick Muller and Sarah Kremeier hang out in the back of the class.

Students fill the hallways of the Campbell Building. With enrollment at its highest level in 12 years, classrooms and buildings were packed.

The speech team.

The commuter lounge in the Student Union is a good place for studying and socializing…and other things.
SWOSU recently changed the name of the Health and Physical Education department. Now students will receive a Kinesiology degree. A new major came from the change. It is Parks and Recreation Management.

Southwestern is giving more degree options to the students by offering two bachelor level degrees in Park Law Enforcement and Parks and Recreation Management and two graduate level degrees in Parks and Recreation Management and Sports Management.

Southwestern is one of only a few universities in the nation offering these majors with a strong emphasis on outdoor procedures.

The Parks and Recreation Management Department is headed by Dr. Chad Kinder. Kinder received many positive inquires for these majors by current and former students who want to receive their degree in the field.

Classes and internships are also available with individuals who are also adjunct instructors working as top adventure program directors, emergency medicine physicians, game wardens, highway patrolmen, lake patrolmen, and wildlife refuge law enforcement officers.

This program offers students employment with city, state, and federal agencies. Graduates can find jobs such as; adventure program, camp counselor, park manager, park ranger/park law enforcement officer, search and rescue ranger, SCUBA instructor, and YMCA program director.
Adrienne Frame takes a trip in a canoe at Crowder Lake.

Latia French paddles around the lake.

Students in the sailing, hiking and rappelling class get ready to climb cliffs at Red Rock Canyon.

The Nursing Department sets forth vigorous requirements to enter the program. The Admissions Committee bases its decisions on such criteria as academic performance, physical and emotional stamina, personal objectives and motivation. Applicants who meet this criteria are then invited to an interview with the nursing faculty. Only the most qualified and highly motivated individuals are admitted into the School of Nursing.

The history

In 1976 Southwestern established the School of Nursing. The program was well received as it was the first rural baccalaureate nursing program in Oklahoma.

What I like most about nursing is the clinicals. It's rewarding to work with patients, to touch someone's life.

Kelsey Schumacher, Junior Nursing Student

Southwestern Oklahoma State University Nursing Students Association officers on the Weatherford campus for the 2004-05 year are (front from left): Jason Rhoades, Paradise CA, senior representative; and Megan Ward, Hennessey, ONSA liaison. The future
The computer science graduates will definitely benefit from the newly established relation between BAR-S Food Company and the university.

The history
The computer age arrived on campus with new computer labs, personal computers for faculty and computerized administrative procedures during the 1980s.

Computer Science Department in history

The computer science department started around 1980. From then the department has grown to its present size of about 250 students and 7 faculty with lots of successes along its path.

This year's major accomplishments include excellent performance by the computer club members in the 2004 regional student conference for the Association for Information Technology Professionals and 11 computer students being selected for internship at the Clinton plant of Freightliner Specialty Vehicles, Inc. (FSVI).

The AITP conference was hosted by Tarleton State University in Stephenville, Texas. According to Dr. Harpal Dhillon, associate dean for the School of Computer Science and Technology, FSVI Operations Manager Billy McCullers expressed complete satisfaction with the performance of all interns.

The Chairs, written by Eugene Ionesco, was performed by the Southwestern Oklahoma State University Theatre Department on September 23-25. This play is one that ended abruptly and disturbingly while it still maintained its comedic element. This play production offered a style not usually seen at SWOSU.

On November 11-13, Southwestern hosted the festival of the Kennedy Center American College Theatre Festival. KCACTF is a national theatre program and involves 18,000 students from colleges and universities nationwide. SWOSU performed "Slaughter City" in the festival and also showcased design displays including: set, makeup, lights, sound, costume, stage management, dramaturgy and props.

The future
The communication arts program has the most students of any program in the College of Arts and Sciences. Two new professors will be hired for the fall 2005 to help with the program.

The History
SWOSU performed "Slaughter City" at the state festival of the KCACTF, which was founded in 1969 by Roger L. Stevens. Students have been selected to participate in KCACTF for seven straight years.

Theatre in history
A Doll's House written by Ibsen was first presented at Southwestern Oklahoma State University on January 12, 1932.

The education department in southwestern comes under the school of behavioral sciences and education.

It is established with an aim of providing students with appropriate experiences in teaching, human growth and development, educational psychology, content, methods and materials, and directed observation and field practicum's. Jim Tate is the chair of the department.

The department consists of sixteen faculties and provides the students with the extensive number of majors.

Students can also join any of the four organizations: alpha phi sigma, kappa delta pi, student OK education association or student council for exceptional children, all supported by the department.

Fall 2004 saw an enrollment of 288 freshmen majoring in elementary education, which is one of the popular choices within the department of education.

Officers of Kappa Delta Pi during the 2004–05 year are (from left): Jessica Johnson, Snyder, treasurer; Tiffaney Lightfoot, Weatherford, vice president; Lynnse Weatherly, Elk City, president; Sara Taylor, Lookeba–Sickles, secretary; Kori Davis, Kingfisher, co–treasurer/co–historian; and Karie Mueggenborg, Okarche, historian. Kappa Delta Pi is a society in professional education.

Pharmacy Association officers for the 2004–05 year are (front from left): Jamie Mills, Midwest City, secretary & public relations; Janet Pelzel, Whitesboro TX, vice president; and Dusty Allen, McAlester, SPIN coordinator. Back from left—Adrienne Lambert, Weatherford, treasurer; Janet Seratte, Duncan, president; and Callie Clark, Cherokee, membership vice president & historian. This organization is devoted to the professional and ethical advancement of pharmacy students.

Officers of Phi Delta Chi are (front from left): Minh Truong, Tulsa (Union), worthy correspondent; Susan Bagby, Kinsley KS, worthy chief counselor; Ashley Hausam, Tulsa, worthy chief vice counselor; and Kayly Tran, Dallas TX (Mesquite), keeper of finance. Back from left—Chelsey Butler, Enid (Chisholm), worthy alumni liaison; Colby Ryder, Fletcher, worthy inner guard; Sheldon Webb, Cordell, worthy master-at-arms; and Amanda Shipley, Ft. Gibson, worthy keeper of records & seals. Phi Delta Chi is a national professional and social fraternity in pharmacy.

When the pharmacy department started in September 1939, no one expected that it would be what it is today — one of the premier programs in the state, if not the nation.

Students from all over Oklahoma and nearby states travel to Weatherford to get a PharmD degree, a program which started three years ago and has churned out quality pharmacists.

With superb professors and challenging rotations, students get the best pharmacy training right here in Weatherford.

Southwestern has always excelled in sports, from the early days of basketball to today's national rodeo power. The university has won national championships in football and basketball, and been very competitive year in and year out in every sport. This year saw the retirement of a long-time coach, the hire of two new ones and national attention for the men's basketball team.

The 1990 National NAIA Champion women's basketball team.

One of Southwestern's first basketball teams.

The women's basketball team poses during Fan Jam.

Lonnie Cooks skyes for a shot.
The future

Former Panhandle State coach Ryan Held comes to SWOSU as the new head football coach hoping to turn things around. At Panhandle State he turned the bottom-of-the-barrel team into a contender. So the future looks great for SWOSU.

The history

Paul Sharp who was SWOSU's head football coach for 19 years decided to step down as head coach after a depressing 1-9 season. Sharp held a 93-100-1 record with one national championship.

Football in history

The 1996 Bulldogs won the NAIA National Championship. The next year the Dawgs moved to NCAA Div. II.

After having a decent season in 2003, things looked good for the Bulldogs in 2004. Bret Hauser from Kingsville joined the coaching staff, and numerous junior college transferred looked ready to contribute instantly.

Once the season came around, though, it was a constant uphill struggle for the Bulldogs, who ended the season with a 1-9 record.

This would be head coach Paul Sharp's last year as the Southwestern Oklahoma State football coach, as well. He resigned after the final game.

Paul Sharp left with a 93-100-1 record at SWOSU. He had a great run here and is definitely an end of a historical era.
To the right Senior James Sadler from Stockton, Calif., had an impressive season after changing positions. Sadler who was originally a defensive back switched midseason becoming an offensive receiver. Helping the bulldog offense find the endzone and increasing total offensive yards per game.

Above Josh Musick brought an explosive package to the bulldog defense leading the bulldogs to their first victory against Northeastern. Musick with his aggressive style of hard hitting helped the bulldog defense by racking up 8 tackles like the one shown above. Northeastern was allowed only 125 yards rushing in the bulldogs 21-16 win.

Lonnie Cooks looks to score against an opponent.

Jon Gunn drives past a defender.
The 2004-05 SWOSU Men's basketball team had one of its finest years in SWOSU history. The six seniors led the team to a 20-8 year. It finished third in the 2004-05 LSC North Division and six in the NCAA South Central Regional Rankings.

The team started out scorching hot with an 11-game win streak and was ranked as high as No. 3 nationally. After compiling a record of 18-4, starter Jon Gunn went down with an injury. The Bulldogs then went 2-4 without Gunn. However, the Bulldogs qualified for the NCAA Division II regional tournament for the first time in history. They fell in the first round of the tournament to top seed Texas A&M Commerce.

Senior Jamaal Shell, forward from Fort Worth, TX, led the team with 371 points and 955 minutes of game time. Leading in assists was Junior Lonnie Cooks, guard from Fort Worth, Texas. He also led in free throws percentage with 72 percent.

Though losing six key seniors, the Bulldogs are reloading for a promising next season.

Julie Dawson leaps for another basket.

The Lady Bulldogs were counted out of playoffs halfway through the season. But then the team put together a six-game winning streak that propelled them into the post-season tournament for the first time since 2003.

Led by Paige Adams and Julie Dawson, the Lady Bulldogs knocked off nationally-ranked powers on the way to a playoff spot. The streak ended with a 85-54 loss to West Texas A&M in the first round of the Lone Star Conference Tournament.

The Lady Bulldogs started 0-4 in the LSC North. They then won seven of their final eight games to finish the regular season with a 16-11 record, 7-5 in the conference.

SWOSU had a four-game winning streak, but lost it in double overtime to the Angelo State Rambelles. Suffering from this defeat just made the Bulldogs work harder to bury Abilene Christian the next week and go on a six-game winning streak to end the season.

Junior Dawson and Senior Adams led their team in every game with scoring and rebounds. Dawson finished the season with an average of 16.8 points a game and Adams scored 11.9 points a game.
The history
Tami Loy was introduced at head coach for the softball team in 2000. Within three years, it was considered a force in the Lone Star Conference.

Pitcher Shandi McDonough stretches to snag a grounder during a game at Southwestern’s Athletic Complex.

Southwestern’s softball team started slow, but was making a late-season push for the playoffs.

At press time, the team had just benefited from two outstanding pitching performances to post back-to-back, 6-0, victories over Cameron in a softball doubleheader.

The sweep lifted SWOSU to 15-23 and 6-10 in the Lone Star Conference North as the Bulldogs try to make a late push for post-season play.

Ace pitcher Shandi McDonough allowed just four hits in game one to post her first shutout of the season and improve her record to 5-11 on the year. Pitcher Kalenia Michieli recorded a no-hitter and three-hit shutout in one week. Her record at press time was 8-8.

Offensively, many hitters stepped up during the season. Cayse McLellan, Candace Brown, Teryn Mazurkewich and Christina Foraker each had solid games in the latter part of the season for Tami Loy’s Lady Bulldogs.
Starting off the season as the Lone Star Conference underdogs did not intimidate Coach Teasley.

The Bulldogs had a lot of new fresh faces this season, most of them transfers and ready to work hard.

The season had a rough start but the Bulldogs continued to show signs of improvement as the season progressed. At press time, the Bulldogs were 0-5 in Lone Star Conference play and 9-24 overall.

The Bulldogs had some great power hitters throughout the season along with a great pitching staff. If one was having problems we had a relief just waiting to come in and step up. The Bulldogs hope to return to their winning ways as the season continues.

The women's soccer team put an end to seven years of frustration and heartache, breaking through for its first-ever Lone Star Conference win by shutting out Northeastern State, 2-0, in November during its best season in history.

The win ended a seven-year drought that had seen the Bulldogs go winless in 50 consecutive matches. Ties against Texas Woman's in 2002 and Angelo State earlier this season were the only times that SWOSU did not feel the sting of defeat.

Victorious SWOSU coach Joe Bradley, who in his four years at SWOSU had more than his fair share of close calls, was the recipient of a surprise ceremonial ice water shower by the team's training staff.

"It feels good to finally get the monkey off our back," Bradley said. "The girls were aware of it. We didn't talk about it much and now we don't have to talk about it any more."

Southwestern got goals by Emily Rodawalt and Christine Le, breaking open a scoreless game midway through the second half.

The Lady Bulldogs' overall record was 5-9-4 and 1-6-2 in Lone Star Conference play.

Kristin Metevelis is kicking it into high gear showing the rest of the team how it's done.
The history

Southwestern has dominated the sport of collegiate rodeo for the past 20 years. Don Mitchell built a program that won several regional and national championships. The current coach, Chad Ramirez, was on one of those championship teams and continues the winning tradition.

Rodeo in history

Kim Gardner ties a goat during the 1979 rodeo.

Ashilien Houston chasin' after a championship
Southwestern Oklahoma State University's rodeo team had an outstanding 2004-2005 season. Lead by Head Coach Chad Ramirez, the men's team is in third place in the central plains region with their women sitting in second and they are looking forward to an eventful College Nationals Rodeo.

At the most recent event the men ended up fourth after competing at Kansas State University last weekend with Steven Smith taking home third in the average and Tanner Houston and Dru Melvin both ending up in the top ten in the team roping.

The ladies did particularly well. Martha Beagly showing her outstanding skills by taking home the women's all-around. SWOSU also had many other women finishing strong in the breakaway roping and goat tying.

At press time, both teams were looking forward to the next rodeo at Garden City Community college.
The future
The 2005–2006 captain and co-captain are Maddy Macias and Randilyn Warner.

Cheerleading in History
The 1984–85 football cheerleaders pose for a picture with Brandy.

The cheerleaders help the team out by getting the crowd excited.

The Cheerleaders host the 5th Annual Calf Fry at The Grill. This year the event was titled "The Ball Festival." This year the fund-raiser was on November 8, 2004.
In the last couple of years try-outs have doubled in number of girls wanting to become a cheerleader.

With the scholarships offered, the enjoyment of the tense games and the ability to get the crowd fired up, cheerleading establishes hope for those who attend the try-outs.

During the 2004-2005 try-outs, the competition was tight, but the judges made their decisions.

This year these girls worked hard at practices, fundraisers, games, leading the teams, and at tumbling.

The annual calf-fry was a tremendous fundraiser for the squad. The money raised helped pay for new uniforms for next year.

The squad enjoyed cheering for such great teams. With only one senior leaving (Kelsi Knauf) the try-outs will once again be tough.
On the links, in the court

Men's and Women's Golf

The future

In 2005, Southwestern made a change. They added volleyball to the athletic department, hiring the first volleyball coach in history of SWOSU and holding tryouts for the fall 2005 season. Sorry guys, girls only!

The history

Golf has not been running long here at SWOSU. The men's team has the strongest numbers, with 15 members. The women's team, on the other hand, is just as successful with just four members.

A New Beginning

Mens golf did well in their fall season, placing 1st at Panhandle State. Greg Koch also took the win as an individual. That is not the only win, the team also placed 2nd at West Texas, and individuals Tyson Mooring and Eric Fox taking a tie for 4th.

John Repp recorded a third place finish in the spring.

SWOSU Women's golf started fall season out rough, getting better on down the road. They placed 1st as a team in Oklahoma Panhandle St. Women's Golf Invitational. Individually Megan Eichman placed 1st and Jacque Litsch placed second. The fall season came to an end after Oct. 24th's tournament.

During the spring season Jacque Litsch placed 5th out of 79 women golfers at Mary Hardin-Baylor's Crusader Invitational. The SWOSU women's golf team placed 7th at the same tournament.

Jacque Litsch led the women's golf team.

Cross country star Rachel Ingram concluded her impressive first year as a collegiate runner finishing 15th in the NCAA Division II Regional Meet at Joplin, Mo., Nov. 6. Ingram’s time in the six-kilometer race was 22:56. The top 15 runners are awarded all-region recognition. Ingram is a freshman from Springfield, Mo. Her cross country teammates this year were Reesey Russell, senior Kishia Sharp and Heather Wallace.

The Pompon squad started off a little shaky with only three members of 03-04 season returning. There were several mishaps during the football season, one that all remember as the great fall of Natasha Mays. In number three of all the home games, the squad had hooked up to do a kick line in the middle of the dance performed and all anyone remembers is one girl going down, then limping off to the visitors side of the field.

The last dance of football season was the most memorable, it was the day before Halloween and the girls thought they would spice it up a little. Thriller was the name of the game and the girls dressed the part, making them selves look like zombies.

During the basketball season, pom used popular songs like "Carwash" and "One-Two Step," mixing a little hiphop into their performances.

Pom has changed in many different ways. It has gone from long skirts to pants, loose tops to fitted and the music has gotten a lot louder.
The history

In 1909, some of the major activities of organizations were welcoming new students, helping them find housing, and aiding in adjusting to life in the community and the school.

A parade float in 1909

Student, alumni, faculty and fans gathering together to show their school and American spirit while saying the Pledge of Allegiance.

Students meet for the previews of the men's and women's basketball team at an event called Fan Jam. Students get involved with T-shirt giveaways.
Students gather for the Homecoming bonfire the night before the game.

Kappa Gamma Beta fraternity members, during a time out, show their school spirit by placing a flag out on the football field in Iwo Jima style.

The 2005 Graduate Record was produced by the journalism department, using Macintosh computers, Adobe Pagemaker and Photoshop and Adobe Illustrator. Copy and design is the product of student journalists. Page reproduction was done by the Southwestern University Press. The twelfth edition of the Graduate Record was issued by Southwestern Oklahoma State University as authorized by President Dr. John Hays. Four hundred copies have been printed for distribution at the cost of $3,400.
