Foreword

It is my pleasure to present the Office of Sponsored Programs (OSP) Annual Report for fiscal year 2015. OSP compiles the information to assess progress toward University-wide goals related to sponsored research and scholarly and creative activity. The Annual Report is compiled annually and includes pertinent data on all external and intramural activity.

Although grant revenue for FY 2015 spiraled down slightly from the previous year, the report reflects an 87% increase in the number of proposals submitted, as well as an 84% increase in the amount of funding requested over last year. This increase in proposal submissions will over time lead to a higher funding level for the University. The OSP staff looks forward to working with and supporting the efforts of faculty and staff.

Congratulations to the faculty and staff for their hard work and dedication in securing and bringing these resources to our campus.

Yolanda R. Carr, Ed.D.

Director, Office of Sponsored Programs
