Student News

Forty-eight student organizations at SWOSU received funds totaling over \$63,000 during the Student Activities Allocations Committee hearings on the Weatherford campus.

The five organizations allocated the most were Chi Alpha and the American Pharmacists Association, both receiving \$7,000; Southwestern International Students Association, \$4,840.50; Biology Club, \$4,000; and the Black Student Association, \$3,790.

The American Pharmacists Association plans to use their allocation on multiple patient care programs offered throughout the community. The first, Operation Diabetes, provides screening and information on prevention, management and the risks of diabetes. Another program, Operation Immunization, provides over 300 patients with influenza vaccinations and educating over 1,900 people on the health benefits of immunizations. Also, the group's Heartburn Awareness Challenge educates more than 300 patients in Weatherford and Woodward on effective ways of managing heartburn.

Students from Rho Chi, the pharmacy honor society, recently hosted the Second Annual SWOSU Pharmacy Spelling Bee. The participants were all current pharmacy students. Taking first place and winning a Kindle Fire Tablet was Gabriel Pray. First runner-up Melody Elder and second runner-up Quynh Phi received compounding spatulas. The event raised nearly \$500, which will be used to purchase clothing, food and medicine for the Weatherford Agape Clinic to help those in need. Several SWOSU College of Pharmacy faculty and students volunteer at Agape.

With Pharmacy Professor Dr. W. Steven Pray (front right), director of the clinic, is John Thompson, one of the pharmacy student organizers for the event. In back (from left) are: Pharmacy Professor Dr. Les Ramos, contributor and judge; and student organizers Minh Ho, Jeanna Smith and Meghan Haftman.

Led by a group of Pharmacy Practice faculty that included Dr. Jacqueline Gregory, Dr. Nancy Williams, Dr. Nina Morris, Dr. Tom Davis, Dr. Chelsea Church, and Dr. Krista Brooks, a number of COP students conducted hands-on health screenings during the second annual pharmacy health fair at the

2012 OPhA Legislative Day February 21 in Oklahoma City at the capitol. A group of thirty students attended the Spring 2012 OPhA Legislative Day reception at the History Center on the capitol grounds in Oklahoma City.

A cookout for all SWOSU pre-pharmacy and pharmacy students and their families was hosted by a student organization with sponsorship by Walgreens Pharmacy.

The SWOSU pharmacy student chapter, American Pharmacists Association Academy of Student Pharmacists (APhA-ASP), hosted the event for approximately 150 people. APhA-ASP President Zachary Key of Vici said the cookout is just one of several events sponsored throughout the year by the group.

Walgreens Pharmacy District Manager Ryan Walker, Pharm.D. (left in picture), visits with APhA-ASP Chapter President Zak Key at the recent SWOSU College of Pharmacy cookout. Dr. Walker, a 2002 SWOSU pharmacy graduate, resides in Tulsa. Sponsorship from the faculty is provided by Dr. Krista Brooks and Dr. Nina Morris.

New Endeavors & Enhancements

Dual PharmD/MBA Degree & Research Initiatives

SWOSU Employees Instrumental in the Dual Degree Development (from left): Dr. Ken Rose, Dr. Les Crall and Marci Grant, all from the SWOSU College of Professional and Graduate Studies, and Dr. Virgil Van Dusen, Dr. Dennis Thompson and Dr. David Ralph, all from the SWOSU College of Pharmacy.

The SWOSU College of Pharmacy and the Everett Dobson School of Business and Technology have joined together to create the PharmD/MBA Dual Degree Program, a new endeavor developed for students who have been admitted and enrolled in the SWOSU College of Pharmacy and will allow them to complete both degrees simultaneously.

This program enables qualified PharmD students to begin work on the MBA while still enrolled in the PharmD program. Students are allowed to apply to the MBA program during the second semester of their first year in the PharmD program. The College of Pharmacy is committed to the success of each of its PharmD candidates and will only recommend students for the dual degree program who are sufficiently qualified and motivated.

The ultimate goal of the SWOSU PharmD/MBA program is to provide graduates with skills, knowledge, and practical experience needed for career enhancement. As the number of new pharmacy schools continues to increase and place pressure on employment opportunities, such a program as this will provide our pharmacy graduates with the opportunity to enhance their employment options and elevate their employment standing. As alumni, our dual degree graduates will have the opportunity to shape the future of pharmacy through their acquired leadership, management, financial and business skills.

Research and scholarly activity are important components of the faculty and student experience at the SWOSU pharmacy school. The students have research opportunities through enrollment in classes with specific research objectives. Research results are frequently published in journals or in the form of poster presentations at state, regional and national symposiums and meetings.

Dr. Faruk Khan, associate professor of pharmaceutical sciences at SWOSU College of Pharmacy, received a \$336,254 award from the National Institutes of Health (NIH) for a research project entitled "Cyclen-based Novel Antimalarial Agents." Current anti-malarial medications are losing their effectiveness against drug-resistant malarial strains, and many have toxic effects on humans as well. The project goal is to develop new anti-malarial medications, derived from an earlier discovery Dr. Khan made regarding cyclen-quinoline analogs, which will be safer and more effective. SWOSU pharmacy students will assist with the research. Dr. Khan has also hired a full time postdoctoral research assistant to assist in this project.

SWOSU College of Pharmacy faculty member Dr. Jaehwa Choi had several grants funded, which will further assist with her primary research fields of molecular targeting for the development of chemotherapeutics. Dr. Choi was awarded \$20,000 from the Oklahoma-IdeA Network of Biomedical Research Excellence (INBRE) to purchase a microplate reader. A \$31,572 grant was funded through the INBRE program large equipment grant program. With the funding, the COP will receive new cell culture equipment, which is necessary for testing and developing new cancer drugs therapeutic treatments.

The CPP third floor research lab has been remodeled and work is underway to renovate approximately 1,200 square feet of space in the CPP basement for research lab space (estimated to be completed Fall 2012).

Dr. Faruk Khan (second from left), has received a \$336,254 research award from the National Institutes of Health (NIH) to develop new anti-malarial medications. With Khan are (from left): Dr. Dennis Thompson, dean, SWOSU College of Pharmacy; Dr. Prince Amoyaw, postdoctoral research assistant; and SWOSU Provost Dr. Blake Sonobe.

Other Technology Endeavors include the installation of Smartboards and the utilization of the Neehr Perfect electronic medical records system; Dr. Hardeep Saluja spearheaded the purchase of a \$65,000 Baxa 2400 MR automatic IV preparation machine for Pharm Care Lab 4; and thanks, in part, to donations from alumni, new electronic balances are now being used by the students in Pharm Care Lab 1.

Future COP Endeavors & Enhancements - New COP Endeavors & Enhancements are on the horizon: residency programs, rural pharmacy initiatives, entrepreneurial and leadership programs, healthcare collaborations, plus more. Much of this is provided in the COP Updates and Newsletters, which are currently only available electronically on the SWOSU COP website. To receive the COP e-Updates & e-News, which will include future endeavors and enhancements at the pharmacy school, send your email address to swpharmacy@swosu.edu. *FYI – New COP e-Update coming soon!*

Southwestern Pharmacy Scholarships

Dr. Sheldon D. Webb of Oklahoma City recently established an endowment with the Southwestern Pharmacy Foundation that will provide a \$1,000 scholarship each year to a third-year College of Pharmacy student.

Webb is a 2008 graduate of SWOSU's College of Pharmacy. He said he understands the expenses that a third-year student faces, especially as they enter the rotation phase of their curriculum. "As a former pharmacy scholarship recipient, I want to extend the same support that I was offered," Webb said.

A Cordell native, Dr. Webb is a former SWOSU homecoming king and was active on campus in several pharmacy organizations as well as the Wesley Foundation and Student Government Association. Webb is a lifetime member of the Pharmacy Alumni Association and PAAC member. He currently works as a Walmart pharmacist.

The need for scholarships continues to grow, so we are grateful to Dr. Webb for his generosity, said College of Pharmacy Alumni & Development Director Patti Harper. This scholarship endowment will help pharmacy students for years to come.

(Left to right) Patti Harper, Dr. Webb, Dr. David Ralph

In addition to the Sheldon Webb Endowed Scholarship, the following scholarships were also recently established: Dr. ElGenia French Memorial Scholarship, Health Express Pharmacy Group Scholarship and Best Value Pharmacies Independent Scholarship. The need for scholarship support continues with the Southwestern Pharmacy Scholarship Campaign, a special fundraising initiative designed to increase the number and amount of scholarships awarded annually by the Southwestern Pharmacy Alumni Foundation to the pharmacy students at SWOSU College of Pharmacy. The Scholarship Campaign goal will:

- Enhance the existing scholarship fund with donations to the general scholarship fund.
- Create new scholarship endowment funds.

Although the SWOSU College of Pharmacy's tuition is low by national standards, tuition and related educational expenses continue to be a challenge for our pharmacy students. Every tax-deductible donation will make a difference and your gift will impact the future of the Southwestern College of Pharmacy. You can designate your gift specifically to the Scholarship Fund or to the General Unrestricted Fund to be used where it is most needed. Or, choose one of the other priority areas for this campaign: Academic Enrichment Fund, Endowments, or the Southwestern Pharmacy & History Fund. For more information contact the Southwestern Pharmacy Alumni & Development Office (swpharmacy@swosu.edu or 580-774-3190).

Faculty News

- Dr. Nancy Williams has been awarded FASHP (Fellow of the American Society of Health-Systems Pharmacy) status from ASHP.
- Dr. Faruk Khan was promoted from Assistant Professor to Associate Professor.

- Dr. ElGenia French, Professor of Pharmaceutical Sciences, passed away on January 12, 2011, after a ten-year battle with metastatic breast cancer. A more than thirty-year veteran of the SWOSU College of Pharmacy, she taught several generations of students with a firm hand and a kind heart. Always a fighter, she had rarely missed work over the last decade and was working the very day of her final hospital admission. A memorial scholarship fund in her name has been established at the Southwestern Pharmacy Alumni Foundation.

Additionally, pharmacy students and alumni raised money for a bench/tree area south of the Pharmacy II Annex in honor of Dr. ElGenia French. A dedication was held in April, 2011.

Pharmacy student Ashley Hartsell speaks to the crowd at the dedication ceremony, along with Dean Dennis Thompson.

- Dr. Virgil Van Dusen rejoined the faculty on June 1, 2011, as Bernhardt Professor of Pharmacy Administration. His office is Pharmacy Annex Room 207.
- Dr. Krista Brooks joined the faculty in July, 2011. Dr. Brooks, a 2008 SWOSU pharmacy graduate, recently completed a residency program at the VA Medical Center in Oklahoma City. Brooks will serve as an Assistant Professor of Pharmacy Practice.
- Dr. Les Ramos was named Chair of the Department of Pharmaceutical Sciences this spring. He replaced Dr. Scott Long who was recognized for his excellent service to the department over the last two years.
- Dr. Barry Gales is serving as Interim Chair of the Department of Pharmacy Practice.
