

Graham Recognized on "Road to Greatness"

01.10.2014

Adam Graham, who is president of Phi Delta Theta social fraternity at Southwestern Oklahoma State University, was recently recognized by the national fraternity as one of 18 members on "The Road to Greatness."

Graham, a Moore native, is a sophomore political science major on the Weatherford campus.

Graham was honored because of his work with the Sydney's Smiles Foundation. Graham established the foundation in 2010 after his cousin passed away at age nine from an unknown illness. The foundation helps families with seriously ill children pay for expensive medical equipment. Sydney's Smiles assisted with up to \$400,000 in medical equipment purchases and financial support in 2012.

Graham said that helping those in need is part of being a good citizen. For more information, visit the Sydney's Smiles Foundation Facebook page.
