Southwestern Oklahoma State University
Graduate Catalog 2015-2016
AMERICANS WITH DISABILITIES ACT AMENDMENTS ACT

The Americans with Disabilities Act Amendments Act (ADAAA) requires the provision of “reasonable accommodations” to those qualified individuals with disabilities by providing equal, non-discriminatory program access in the academic setting.

Students need to take the verifying documentation to the Dean of Students Office, where it will be kept confidential and private to the extent possible. In most cases, verifying documents can be obtained from doctors, licensed psychologists or other professionals licensed to determine the existence, severity of and characteristics of the disability or disabilities. This documentation should include the functional impact of the disability or disabilities. It is the student’s responsibility to request documentation from such professionals, and to request a record of accommodations received at any other educational institution. Appropriate documentation for learning disabilities should be provided with adult norms; typically assessment during high school years will meet this requirement. If accommodations are needed by the student, the student should provide the information and documentation in a reasonably early manner after admission to allow time for the development and arrangement of appropriate accommodations. In some cases, as when books on tape or sign language interpreters need to be requested, documentation should be provided several weeks prior to the beginning of each semester so accommodation arrangements can be made in a timely manner. A copy of Southwestern Oklahoma State University’s documentation guidelines are on the Dean of Students’ website or office, room 214, Gen. Thomas P. Stafford Center, (580) 774-3767.

HISTORICAL BACKGROUND

Southwestern Oklahoma State University at Weatherford is located in Weatherford, 70 miles west of Oklahoma City. The University is authorized to offer curricula in arts and sciences, business, teacher education, and health sciences. A branch campus at Sayre is authorized to provide Associate of Science and Associate of Applied Science degrees in both general and specialized areas of study, as well as career and technical education.

The University was established by an act of the Oklahoma Territorial Legislature in 1901 as the Southwestern Normal School, authorized to offer two years of training for public school teachers. The first classes met in 1903. Initially, four years of preparatory work for pre-college students were offered.

In 1920, the preparatory (academy) courses were eliminated and two additional years of college work in teacher training were added. The State Legislature approved a change of name to Southwestern State Teachers College. The first baccalaureate degrees were awarded in May 1921. Other changes in name and purposes occurred in 1939 when the institution was designated as Southwestern State College of Diversified Occupations, and in 1941, when it became Southwestern Institute of Technology. During this two-year period, the college added a school of pharmacy, degree work in the arts and sciences, and trade schools.

In 1949, the Oklahoma State Legislature changed the name of the institution to Southwestern State College, and in 1974, to Southwestern Oklahoma State University, without altering its purposes and objectives. On July 1, 1987, Sayre Junior College was merged with Southwestern Oklahoma State University as a branch campus designated Southwestern Oklahoma State University at Sayre.

Southwestern Oklahoma State University at Sayre was founded as Sayre Junior College in 1938 under legislative authorization which permitted public high schools to add a 13th and 14th year of study to their curricula. Nineteen public schools took this step. In 1940, the college name was changed to Oklahoma Western Junior College; however, the original name was soon adopted again, and in May 1940 the first degrees were conferred. In 1956, Sayre Junior College moved from facilities occupied jointly with Sayre High School to its present location on old Highway 66. The merger with Southwestern Oklahoma State University marked the end of the Oklahoma community college system, since Sayre Junior College was the only such institution remaining of the original nineteen.

The Sayre campus is located 60 miles west of the Weatherford campus on Interstate 40. It serves western Oklahoma and the Texas panhandle within a 60-mile radius of Sayre. It offers open admission to high school graduates as well as to students who do not hold a high school diploma.
Southwestern Oklahoma State University offers four advanced degrees. The Master of Education degree was inaugurated in 1969. (The Master of Teaching Degree was offered during the period 1953-1969.) Graduate programs leading to the following degrees have been added since 1969: Master of Business Administration, 1977; Master of Music, 1981; a professional doctorate, the Doctor of Pharmacy (PharmD), 1998; Master of Science in Management, 2008; and Master of Science in Community Counseling, 2009.

GENERAL INFORMATION

Seniors and Graduate Study
A senior student may enroll in a maximum of nine (9) graduate hours during the final undergraduate year if a full course load is not required to complete requirements of the bachelor’s degree. The total undergraduate and graduate enrollment should not exceed sixteen (16) hours during a semester and nine (9) hours during a summer term. Graduate work may not be used to meet undergraduate requirements, but it may be applied toward professional certification in some instances.

Graduate Tuition Waiver
Students who meet the following criteria and wish to be considered for a Graduate Tuition Waiver must complete and turn in to the Graduate Office a Tuition Waiver application and supporting documents. The Graduate Tuition Waiver will pay tuition only for up to six (6) hours.

1. Admission to a Graduate Program
2. Have completed graduate coursework at SWOSU
3. Currently enrolled in a minimum of six (6) graduate hours
4. Minimum of 3.50 GPA
5. Must be an Oklahoma resident

The deadlines for application submissions are: Summer – April 1, Fall – July 1, Spring – November 1. Applications will not be held for future semesters. Incomplete applications will not be considered.

Advisement and Enrollment
Each student admitted to a degree program is assigned an advisor in his/her major area of interest when the application for admission to a graduate program is approved. Advisors are available to assist students with enrollments and to provide general program information. The student, however, has the final responsibility of insuring that program requirements are met. Exceptions to requirements outlined in the Graduate Catalog must be approved by the advisor, chair, associate dean (where applicable), the dean of the academic unit, and the Graduate Dean.

Graduate students may enroll on any of the enrollment dates or during regular registration listed in the class schedule (located on the SWOSU website www.swosu.edu) by calling the Registrar’s Office (580-774-3008).

Academic Load

Standard Term: Any course(s) that meets a full 16 weeks during the fall and spring semesters and 8 weeks for the summer. All full-time students are enrolled in a minimum of nine (9) hours per semester and four (4) hours during a summer term. Three quarter-time students are enrolled in a minimum of seven (7) hours per semester and three (3) hours during a summer term. Half time students are enrolled in a minimum of five (5) hours per semester and two (2) hours during a summer term.

Non-Standard Term: Any term that does not meet the 16 week requirement stated above. All full-time students are enrolled in a minimum of four (4) hours per eight (8) week classes and two (2) hours per 4 week term. Three quarter-time students are enrolled in a minimum of three (3) hours per eight (8) week classes and one point five (1.5) hours per 4 week term. Half time students are enrolled in a minimum of two (2) hours per eight (8) week classes and one (1) hour per 4 week term.

Enrollments that exceed sixteen (16) hours during the fall and spring semester and nine (9) hours during the summer term are exceptions and must be approved by the advisor and Graduate Dean. Additional credit may be earned via interim courses.
Course Numbering

5000 level Business courses may be taken only by M.B.A. graduate students. Courses at the 3000 and 4000 level are dual enrollment courses open to most graduate and upper-division undergraduate students. The courses may be used to meet requirements of a graduate degree if part of an approved program. The student must indicate at the time of enrollment if s/he wants a course for graduate credit. Members of the faculty differentiate between the work of graduate and undergraduate students in 3000 and 4000 level courses. Courses completed for undergraduate credit may not be repeated for graduate credit nor can the same class count toward undergraduate and graduate requirements.

Grading System

A grade is given as recognition of certain levels of accomplishment in a course and is to be interpreted as follows:

---

**Graduate Courses**

- A (4.0), Excellent
- B (3.0), Average
- C (2.0), Below Average
- D (1.0), not acceptable toward a degree
- F (0.0), Failure
- S (0.0), Satisfactory
- U (0.0), Unsatisfactory

---

**Incomplete**—An incomplete grade may be used at the instructor’s discretion to indicate that additional work is necessary to complete a course. To receive an “I” grade, the student should have satisfactorily completed a substantial portion of the required coursework for the semester. The time limit to satisfy the “I” will be at the discretion of the instructor. “I” grades not changed by the instructor to a credit-bearing grade or an “F” within the specified time limit will remain as a permanent “I” and not contribute to the student’s GPA.

**Withdrawal**—Students may withdraw during the first eleven (11) weeks of class work in a regular semester or during the first four weeks of class in a summer semester and receive a grade of “W.” Students may also withdraw officially any time prior to and including Friday of the week before final examinations begin and receive a “W” for courses in which they are doing passing work. Students who withdraw from a course in which they are failing will receive an “F” if the withdrawal occurs during the last five weeks of a regular semester or the last four weeks of a summer semester. Students who leave school without officially withdrawing will receive grades of “F” for courses in which they were enrolled. A grade of “W” has no effect on a student’s grade-point average.

**Repeated Courses**—When a course is repeated, both grades are used in computing the grade-point average, but only one course may be applied toward degree requirements.

Retention

A minimum graduate grade point average of 3.0 (B) is required in all master’s degree programs. No grade lower than a “B” on applied music courses will be accepted toward requirements of the Master of Music degree. A maximum of six semester hours of “C” may be applied toward requirements of the Master of Business Administration, Master of Science in Management, and the Master of Education degrees.

After being admitted to a graduate program, a student will be placed on academic probation if the graduate grade point average falls below 3.0 (B) after the completion of twelve (12) semester hours, including transfer credit. During the first probation semester, a student must have a cumulative GPA and/or semester GPA of 3.0. If neither the cumulative nor semester GPA is a 3.0, the student will be allowed to register only as a part-time student (i.e., a maximum of five hours and three hours during the regular and summer term, respectively) until a cumulative GPA of 3.0 is achieved. If a student during a second semester of probation does not earn a 3.0 semester average, s/he will be dismissed from their graduate program. An academic reprieve is not applicable to graduate programs.

Transfer of Credits

A maximum of nine (9) applicable semester hours of graduate credit from accredited colleges and universities may apply toward requirements of a graduate degree at Southwestern Oklahoma State University (SWOSU). Only coursework with grades of “A” and “B” is eligible for transfer. All applicable graduate credit earned at SWOSU prior to admission into a degree program is considered as transfer credit.
Unclassified Graduate Students
Students who have previously completed a Master’s Degree at Southwestern, or who do not wish to pursue a graduate degree, may be admitted as unclassified graduate students. These students must follow the graduate studies admission procedures. A maximum of nine hours taken as an unclassified student may transfer into a degree program. The nine-hour transfer policy includes any hours taken at another university, as well as hours taken at SWOSU before admission to a degree program.

Unclassified graduate students in the School of Business will be permitted to enroll in up to 9 hours of graduate classes provided their undergraduate GPA is at least 3.0. School of Business students will not be allowed to enroll in more than 9 hours without being formally admitted to the MBA/MS program. For more information contact the MBA Advisor.

Degree Completion Time
Graduate courses taken more than six (6) years prior to graduation do not count toward the total number of credit hours required for a master’s degree. Courses that are more than six (6) years old may count as degree requirements as recommended by the academic unit in which the master’s degree is offered and approved by the Graduate Dean.

Individual Study/Directed Reading
Graduate students may enroll in an individual study in areas not available in conventional classes. A maximum of six (6) semester hours of individual study may be applied toward requirements of the master’s degree upon approval of advisor.

Candidacy for the Master’s Degree
Admission to graduate studies and to a degree program is not the equivalent of Admission to Candidacy for the master’s degree. It is the responsibility of the student to initiate the application for Admission to Candidacy after the completion of 24-30 semester hours. The candidacy form must be submitted to the Graduate Office no later than the first Monday after close of the drop/add date each semester. The degree candidacy form is to be completed by the student in consultation with his/her major advisor and forwarded to the Graduate Office. The degree candidacy form must include only the courses that apply to the graduate degree program.

Application for Graduation
Candidates for the master’s degree are responsible for filing an application for graduation online: www.swosu.edu/registrar/graduation-app.aspx. Students are strongly encouraged to file this application during the first two weeks of the semester in which they plan to graduate.
