RETENTION BY DEGREE PROGRAM FALL 2020

Some degree programs require completing additional admission requirements before being admitted into the program.

Starting with the Fall 2018 semester, these programs have instituted pre-admission academic programs. Students who have not completed the additional admission requirements were re-classified in the pre-admission program for their desired academic program.

These retention charts reflect those changes.

To calculate retention, the number of students attending SWOSU in a degree program during Fall 2020 was compared to the number of students who were in that degree program during Fall 2019 and who did not graduate in that program.

Students in a pre-admission academic program who were later fully admitted to an academic program were counted as retained in their academic programs.

Additional demographic information of those retained in the same degree program is also provided.

Students who are still enrolled at SWOSU but changed academic programs since Fall 2020 are counted as "not retained" in these charts.
