Graduation

Meaghann Paige Snell

Twelve years have passed in the classroom. Oh my! How they flew
I can't believe it's now our time to start all over new.
We started out so small, Remember all the things we knew?
Twelve years have passed in the classroom. Oh my! How they flew

Thinking back to those days when my biggest worry was play time
Fighting over whose friend was whose and who had the bigger dime
Pictures in the old albums... oh we were all partners in crime!
Thinking back to those days when my biggest worry was play time

We've gone through all this together; laughter, love, and tears
We've grown and changed together, working through our fears
I'm not sure I'm ready, this is my family of the past twelve years
We've gone through all this together; laughter, love, and tears

It's finally here! the day we've all been waiting for, now what do we do?
I'm actually kind of scared, not sure about the rest of you
It really truly makes me sad, splitting up our lasting loving crew
Twelve years have passed in the classroom. Now what do we do?
