

Help with Digital Cameras Activity Planned at SWOSU

03.02.2005

Photojournalism with a Digital SLR is a continuing education activity being offered at Southwestern Oklahoma State University on four Mondays in April.

The activity will be held April 4, 11, 18 and 25 from 5:30-8:30 p.m. in Room 118 of the Stafford Center on the Weatherford campus. Cost is \$75. A digital single lens reflex camera is recommended but not required.

The activity is being offered to help people benefit from their digital cameras. Basic to advanced camera operations will be shown as well as specific photographic techniques for better digital photography. The course will be hands-on and should allow each individual to receive personal critiques each week. A small portfolio of images collected during the course will also be made for each individual.

Early registration is encouraged since enrollment is limited. Registration and general information are available by calling 580.774.7012 or in the Office of Sponsored Programs and Continuing Education, Room 209, Thomas P. Stafford Center.
