There are over 100 names, places, things, foods, people, words from Old Solar and Elvish, races, etc. taken from the works of Tolkien, Lewis and Williams, and at least one from L. Frank Baum, in this puzzle. Look forwards and backwards, up and down and diagonally. Some words appear twice but are counted only once. No word can be found in a longer word, e.g. GLOIN contains OIN, but OIN or GLOIN would be found somewhere else; however, words do overlap. Circle a word when you find it and write it down in the blank space provided, as shown in the example. Good luck!!!
