

Free Glucose & Cholesterol Screenings This Tuesday

02.11.2009

Free glucose and cholesterol screenings will be conducted for area residents this Tuesday, February 17, at Southwestern Oklahoma State University in Weatherford.

Senior nursing students at SWOSU are doing the screenings as part of a service learning project. Everyone is invited.

The screenings will take place from 8 a.m. until 2 p.m. in the Memorial Student Center on the SWOSU campus.

"We want to enhance the knowledge on the risk factors for stroke, heart attack and diabetes awareness," said nursing student Kendl Breeding.
