Attention Pharmacists

APhA's The Pharmacist and Patient-Centered Diabetes Care

certificate training program is being offered at SWOSU

January 16, 2021

This is an intensive educational experience designed to equip pharmacists with the knowledge, skills, and confidence needed to provide effective, evidence-based diabetes care. Five self-study modules provide comprehensive instruction in current diabetes concepts and standards of care. The virtual zoom seminar incorporates case studies and hands-on skills training focused on the situations most likely to be encountered—as well as the services most needed—in community and ambulatory care practice settings. Participants will gain experience evaluating and adjusting drug therapy regimens for patients with type 1 and type 2 diabetes, counseling patients about lifestyle interventions, analyzing and interpreting self-monitoring of blood glucose results, and assessing the overall health status of patients to identify needed monitoring and interventions. This certificate training program will offer you the opportunity to earn 23 hours (2.3 CEUs) of continuing pharmacy education credit.

To register, contact Randy Curry at randy.curry@swosu.edu or call me at 580-774-3760

ATTENTION Pharmacist

APhA Immunization Training is being offered at SWOSU

February 13, 2021

SWOSU College of Pharmacy Rural Health Center is proud to offer you the APhA's *Pharmacy-Based Immunization Delivery* certificate training program (14th Edition) Saturday, February 13, 2021, from 8am to 5pm on the Weatherford campus. The Immunization Training Program will provide a total of 20 hours of ACPE Continuing Education, approved by ACPE through the APhA's website. Due to COVID, we will be required to wear masks and practice social distancing. During the lab, we will attempt to minimize any close contact with your injection partner.

To register, contact Randy Curry at randy.curry@swosu.edu or call me at 580-774-3760
