

06:20:46.000 --> 06:21:03.000

Okay, Okay, Okay, alrighty I I guess I'm, moderating this Panel I guess I'm David, can you you could slide that over this direction.

06:21:03.000 --> 06:21:09.000

So it's thank you finally my name is Lynn Maudlin.

06:21:09.000 --> 06:21:28.000

I joined them in the Pig Society in 1980, I joined the and attended my first month combat here, which was an account 13 and was an interesting one, because I had a a baby of guests special

06:21:28.000 --> 06:21:44.000

guests of honor and anyway, so we're just going to talk about old, old mythopig society myth on stuff, and i'm handing it to lease back through the first contact that I have I sent a

06:21:44.000 --> 06:21:52.000

query letter to the Society, and he responded and said, you should come to mython and gave me details, and I did so.

06:21:52.000 --> 06:22:14.000

Here's Lee. Hello, hi! I reject any liability for anything I think that's important to say I don't know. I joined the society in 1972 so this year I made

06:22:14.000 --> 06:22:18.000

50,

06:22:18.000 --> 06:22:26.000

Hey? The first 10 of the first end with crowns I had attended, I think, about 3, 7 days only.

06:22:26.000 --> 06:22:31.000

I went with a friend, would run me into the society name.

06:22:31.000 --> 06:22:36.000

To my he remains a friend but he's no longer interested in the society.

06:22:36.000 --> 06:22:42.000

I came to my first full time. It was a full time.

06:22:42.000 --> 06:22:47.000

Member of the first time after I joined the Council of Stewards.

06:22:47.000 --> 06:22:50.000

Like. I thought it was kind of my application at that point.

06:22:50.000 --> 06:23:04.000

So I went to college in Mercury and It was a great experience, and I had not previously had the whole experience.

06:23:04.000 --> 06:23:11.000

And I've been to every one to 3 since I know you're David I'm.

06:23:11.000 --> 06:23:16.000

David Brettman joined the big Society in 1975.

06:23:16.000 --> 06:23:21.000

When I wrote the query letter I did not get a response from Reeseath or anybody else.

06:23:21.000 --> 06:23:37.000

I just got it, got me admitted to the payoff, and then showed me that there was a book discussion group in my, so I joined that and went to it for about a year and a half before I was able to attend my first myth

06:23:37.000 --> 06:23:47.000

gone in 1976. I worked on my first myth in 1,979, and the following year I became editor of midnight.

06:23:47.000 --> 06:23:54.000

I know, Yeah. and how all of that happened in such short order is a tail.

06:23:54.000 --> 06:24:01.000

Oh, wow! Excitement and bizarreness in administration!

06:24:01.000 --> 06:24:15.000

Which I should love to tell. Well, maybe you should The Bitbake Society started out as a single book discussion group in Los Angeles.

06:24:15.000 --> 06:24:31.000

And then it became 2 book discussion groups, then for and they were all organized by evolving, when good night with found in society by putting up posters advertising a billboard from birthday picnic in

06:24:31.000 --> 06:24:42.000

the fall of 1967 and He was moderator of all for both discussion groups.

06:24:42.000 --> 06:24:47.000

All 4 groups discussed the same book the same month, and they were all moderated by client.

06:24:47.000 --> 06:24:51.000

Then there became more of discussion groups, and some of them were out of the area.

06:24:51.000 --> 06:25:03.000

Of having a conference and we think that we're having all these having picnics, everyone's a well in a park.

06:25:03.000 --> 06:25:18.000

And though, and people would have, there would be, you know, pin the tail on build upon me. and you know, people would wear costumes and thanks to that sort, and everybody have lots of fun and Then we had these these

06:25:18.000 --> 06:25:33.000

book descriptions say the whole conference, something. they rented a building in a la City park, and they sat the roll day listening to it was all on nerdy at that year, and papers were pretty good, but then was

06:25:33.000 --> 06:25:39.000

really tedious. So the following year they decided to do something different.

06:25:39.000 --> 06:25:54.000

They said, Why don't we come? behind the papers when the fun stuff from the picnic and they call it a metaphor conference or mid conference? And they held it in a conference center actually in a

06:25:54.000 --> 06:25:58.000

small in a small college out of the Pomona Valley of the first.

06:25:58.000 --> 06:26:13.000

The first time was a great success. they've been doing that way Ever since Now the early mythons were all run by this same. the small group of people who had basically found at the society in La after a few years they just got

06:26:13.000 --> 06:26:19.000

burnt out. so for a couple of years they subcontracted it.

06:26:19.000 --> 06:26:26.000

1976. The first year I went they found it in Sacramento, which was near where I lived.

06:26:26.000 --> 06:26:34.000

The following year was in San Diego also sub contract the next year they didn't do anything.

06:26:34.000 --> 06:26:38.000

Oh, they were so burned out they couldn't even bother to subcontract it.

06:26:38.000 --> 06:26:42.000

Then also pretty much ceased publishing the front. The publication that he got from the mail.

06:26:42.000 --> 06:26:53.000

Everything kind of fell apart. By this time I was the secretary of my local discussion group, and I thought we need to organize things around here.

06:26:53.000 --> 06:27:07.000

At that time there were 6 discussion groups in Northern California, wrote to all the other secretaries and said, let's organize ourselves. since mythread no longer seems to exist, and I started a local publication called the Northern

06:27:07.000 --> 06:27:20.000

chronicles and in its I one of these say, you know they're not schedule for this year just 1978.

06:27:20.000 --> 06:27:24.000

The Sacramento people into 176 said, Oh!

06:27:24.000 --> 06:27:30.000

And they volunteered to organize at the last minute a mythcon.

06:27:30.000 --> 06:27:42.000

It was a very slot dash, ha hazard events, and was held at the small motel out on the West Sacramento Strip.

06:27:42.000 --> 06:27:45.000

It had virtually no atmosphere whatsoever.

06:27:45.000 --> 06:27:50.000

The everything was held out in a little meeting room up by the pool.

06:27:50.000 --> 06:27:55.000

But it wasn't my time and at that mythcon We held a business meeting.

06:27:55.000 --> 06:27:59.000

We said, Look, this is way things have been going or not way to work.

06:27:59.000 --> 06:28:06.000

Oh, a whole bunch of people won't have volunteered to whole with and so we organize it.

06:28:06.000 --> 06:28:13.000

We said, let's work out a system whereby we plan ahead.

06:28:13.000 --> 06:28:21.000

And eventually what happened was the society's organizing body the Council of Stores was reorganized.

06:28:21.000 --> 06:28:25.000

This was the point that we joined it, and

06:28:25.000 --> 06:28:29.000

They would pick the bits that would run mythcom .

06:28:29.000 --> 06:28:35.000

The following year was run by our group the bay area that's how I worked on it.

06:28:35.000 --> 06:28:38.000

It was chaired by Lisa Deuteron,

06:28:38.000 --> 06:28:41.000

Who is now the Treasurer Society, and joining us remotely.

06:28:41.000 --> 06:28:45.000

Okay, I'm Lisa and

06:28:45.000 --> 06:28:55.000

After we held that that was great success of the of a conference, and after that Lisa and I looked around and said, we not doing something else?

06:28:55.000 --> 06:29:07.000

Why don't we reorganize my threat So we are in a system whereby I would be the editor responsible for the content? This would be managing in number as possible for, production?

06:29:07.000 --> 06:29:14.000

And I took it down to the council sewers, and they said, Yes, be the editor for the next 15 years.

06:29:14.000 --> 06:29:26.000

That was my turn to burn out and that's how we got this on the next, like 3 or 4 metcons, We're all held by people who had stood up in that little room by the pool in Sacramento

06:29:26.000 --> 06:29:39.000

and said, I won't Hold the bitcon and we've been built strong ever since, although David I will, looking at the the nick on history, we go from 1970 71 72 73,

06:29:39.000 --> 06:29:42.000

74 75 there's not a there's not a skip.

06:29:42.000 --> 06:29:45.000

No, I never said it was a Oh, okay, I misunderstood.

06:29:45.000 --> 06:29:48.000

The robot was is. there was no pant schedule for 19.

06:29:48.000 --> 06:29:54.000

The the myth. Cards from the beginning were held by the people from Los Angeles

06:29:54.000 --> 06:29:59.000

Until they burned out. So in 1,976, and 77, they subcontracted it.

06:29:59.000 --> 06:30:02.000

So these people in Sacramento and San Diego.

06:30:02.000 --> 06:30:05.000

Then the following year no myth found was scheduled.

06:30:05.000 --> 06:30:16.000

I deleted this out and hand. the sacramento set up and did this last month this last minute. that's on at this hotel.

06:30:16.000 --> 06:30:20.000

Yeah, Okay, And that was Okay, thank you.

06:30:20.000 --> 06:30:27.000

I misunderstood you, which occasionally happens

06:30:27.000 --> 06:30:41.000

Since this is titled New con Memories. that I went to just on Saturday was with com 3, which was held in one.

06:30:41.000 --> 06:30:49.000

And what of the memories that I have of it? practically the most vivid memory I have on it.

06:30:49.000 --> 06:30:54.000

Was. he gave him to me by a person who is here today.

06:30:54.000 --> 06:31:14.000

It is over there. Oh, that is Doris Robin, who is one of the 7 original members of the society the Dolo Inferto picnic in the Park.

06:31:14.000 --> 06:31:33.000

She still has a jar full of hand. In any case, what I remember from that with time was 2 young women.

06:31:33.000 --> 06:31:40.000

Lorras was in a costume which I do not remember clearly. it may have been Yeah, I came as well.

06:31:40.000 --> 06:31:45.000

We have many times and another young woman named Paula Sigmund.

06:31:45.000 --> 06:31:52.000

Yes, who is sitting on a platform in a robin wood costume, and the 2 of them were facing each other.

06:31:52.000 --> 06:32:02.000

But as far as we are now in singing Java, walking the 2 of gill green sleeves

06:32:02.000 --> 06:32:10.000

That is how I memorized ever walking finding that in it's easier to write song lyrics.

06:32:10.000 --> 06:32:13.000

This to memorize poetry, and once you run the debrawalk, he goes.

06:32:13.000 --> 06:32:29.000

So Lynn unless we're hearing It Well, I don't know. back to that first background.

06:32:29.000 --> 06:32:37.000

It was just. It was such a time of wonder, because I have not been to any science Fiction conventions, I mean.

06:32:37.000 --> 06:32:44.000

I've been reading science fiction since I was about 12 my brother gave me a subscription to Analog.

06:32:44.000 --> 06:32:59.000

So you know but I never attended any any conventions, and, in fact, how I got the address for the middle paid society was because filthy people had a short little blog.

06:32:59.000 --> 06:33:14.000

The little blurred that he would print in every issue of analog that would show us some upcoming conferences, And it mentioned the method big society, and probably the upcoming myth on, And I wrote based on that So I actually found you

06:33:14.000 --> 06:33:21.000

guys through analog don't know how often that but I was just mesmerized.

06:33:21.000 --> 06:33:29.000

I was so charmed by this group of people that love to read and love to read fantasy, and and took it seriously.

06:33:29.000 --> 06:33:42.000

And we're passionate about talking and Lewis and who says Charles Williams guy is is really how it felt?

06:33:42.000 --> 06:33:55.000

And so I made attending myth con like my big I'm gonna save my money and be able to go to Thiscon every year, and I've missed 2 I had doctors excuses for both of them I

06:33:55.000 --> 06:34:02.000

had good reasons to miss, too, but otherwise I would've attended all of them.

06:34:02.000 --> 06:34:14.000

Since then, and go out that I have it's an amazing group of people that I love here like, and so many of my really significant relationships and friendships have come out of it like that.

06:34:14.000 --> 06:34:27.000

The second myth that I went to I met Anna Glyer, who at the time was Diana Pavlov, and you know we've been good friends ever since

06:34:27.000 --> 06:34:40.000

So my first session group meeting was the first time I've been in the room with a bunch of people who would also read the order and like first with that was the first time I'd been in the entire conference full

06:34:40.000 --> 06:34:47.000

of people, and they met many people there I met this young couple from San Diego.

06:34:47.000 --> 06:34:55.000

We're moving. certainly where I was students and this one was going to go to the university along with me.

06:34:55.000 --> 06:34:58.000

So that is how Eric route. Sure, there is the body.

06:34:58.000 --> 06:35:04.000

Russell and I can main friends. and Eric and I took the same medieval history class that ball.

06:35:04.000 --> 06:35:14.000

So we've been going on together ever since. kind of the kind of thing that with this my first myth. Non.

06:35:14.000 --> 06:35:25.000

I had a wonderful time with that. I said I never wanted this one of these again, and I never have it's been great wonder.

06:35:25.000 --> 06:35:30.000

I got to the 2 in England as well. there, thanks.

06:35:30.000 --> 06:35:37.000

It happened. I think my first metcon was the last midcon that had skinny different.

06:35:37.000 --> 06:35:52.000

We do have a

06:35:52.000 --> 06:35:55.000

Yeah. sorry. No. 1,976.

06:35:55.000 --> 06:36:19.000

Which I say, by the way, it is a patient to find amusing things that happened, and you can turn into verses for the drunken oven.

06:36:19.000 --> 06:36:24.000

And some of those things, maybe things that went wrong, and some of those things that went wrong maybe problems.

06:36:24.000 --> 06:36:31.000

That the committee had, or somebody else had, and so breaks may be included in that.

06:36:31.000 --> 06:36:38.000

But that's not the point of the saw the point is to write funny versus the drunken hop about things that happen.

06:36:38.000 --> 06:36:45.000

If not other Bitcoin traditions came along later, the not ready for players.

06:36:45.000 --> 06:36:50.000

The food sculpture, and so forth. we can tell all those stories to like one story.

06:36:50.000 --> 06:36:55.000

I would like to tell which came from a nameless myth.

06:36:55.000 --> 06:37:01.000

God in the early eighties was the time that I had been appointed by the committee.

06:37:01.000 --> 06:37:07.000

The the theme panel the one on the that's not topic, and we've got to the convention.

06:37:07.000 --> 06:37:13.000

I found that there were no panelists. they hadn't bothered to pin anybody for it.

06:37:13.000 --> 06:37:21.000

The concher was in something of a panic, and instructed all the members of the committee to find people who would be on that panel.

06:37:21.000 --> 06:37:25.000

So the design was actually hell, which was on Sunday afternoon.

06:37:25.000 --> 06:37:36.000

There were 8 panelists, as well as myself, as moderator, including some of the most valuable people in the society.

06:37:36.000 --> 06:37:50.000

Okay same time, which is saying a lot. Well, what I was was the late Paul Edward Server and who was fighting very, very and so I thought more like a traffic.

06:37:50.000 --> 06:38:01.000

It's sometimes like that. Yeah, so they would you like to tell the story of the origin.

06:38:01.000 --> 06:38:04.000

Oh, neat. Lisa says she has the original napkin with drunken.

06:38:04.000 --> 06:38:17.000

This was right,

06:38:17.000 --> 06:38:24.000

Sadly. no, I don't know can we get it back if it is packed away.

06:38:24.000 --> 06:38:33.000

But but I have to go find it I need to tell this story.

06:38:33.000 --> 06:38:41.000

I'm sure the person you would tell would be great that yeah, the original food sculpture was in fact.

06:38:41.000 --> 06:38:49.000

Suda presenting the head they came. Sue su Cam is very hard.

06:38:49.000 --> 06:38:57.000

Castlethe bank with the banquet let's see.

06:38:57.000 --> 06:39:05.000

This would have been Stephen W.

06:39:05.000 --> 06:39:20.000

Plots with our guests of honor. Suda and her husband, Michael Underwood, came as very Hardcat Hardcap, Hard Castle, and he was frost, and Charles Columb sat with them too.

06:39:20.000 --> 06:39:39.000

And so they were all in. It was wither. Yes, so they were all characters from that hideous strength, as they would have been at the bank with the Beltway in full thick

06:39:39.000 --> 06:39:50.000

And and they check. I I believe it was a cabbage, and turned it into the head and presented it to C. J.

06:39:50.000 --> 06:39:55.000

Jerry and Stephen W. Potts and Cherry was not amused.

06:39:55.000 --> 06:40:08.000

But yes, that was. that was the first one, and then the next year to the talk and centenary Sue and the number of people built buttercage

06:40:08.000 --> 06:40:21.000

There goes my idea, please. Yes, this is Kavanaugh, and has her hand Now, was married to the founder.

06:40:21.000 --> 06:40:33.000

Yeah. Diana Maxon was a guest of all.

06:40:33.000 --> 06:40:39.000

And so was Patrick the previous con, which I think was Long Beach, Charles Ko.

06:40:39.000 --> 06:40:53.000

Put together a a chicken skin, and there were these little drink swords for all of them, but not for mixed drinks from the bar, and he took about 10, you know it was like it was a height.

06:40:53.000 --> 06:41:02.000

Or something, and presented the Diana pack so there's the tent of swords

06:41:02.000 --> 06:41:14.000

One of my one of my favorite stray in time memories, was in Vancouver.

06:41:14.000 --> 06:41:26.000

Hello, Columbia, which is the first place I met anything.

06:41:26.000 --> 06:41:37.000

The first letter. did you buy some Anyway, we had all these big pulking paintings on display all around .

06:41:37.000 --> 06:41:44.000

And there was an artist there named Jason, who was that was his only name on his back.

06:41:44.000 --> 06:41:49.000

Jason and we're a head band and had this kind of West Bank.

06:41:49.000 --> 06:41:59.000

Look to him and I remember Jason wandering up and down and looking at all these talking renderings of Ted Nace.

06:41:59.000 --> 06:42:12.000

This, and Jason, who had some 7 years I don't remember what said I wonder where he gets his ideas

06:42:12.000 --> 06:42:18.000

Hello! The thing about the bank. Many, many concept had musical.

06:42:18.000 --> 06:42:24.000

Yes, who would give a presentation in the evening in the last few Bay area bitcons?

06:42:24.000 --> 06:42:32.000

We have usually have. The man Brazilian, which did the album scarlet dual settings of, told me poetry.

06:42:32.000 --> 06:42:36.000

That marvelous album, and they would do that virtually.

06:42:36.000 --> 06:42:41.000

Some of the other medieval renaissance, and folk stuff that's in their records.

06:42:41.000 --> 06:42:52.000

War, but in vain. So so. many of these guys have been whiteboard, but none of them have been point as spectacular as at Vancouver.

06:42:52.000 --> 06:42:59.000

They had a then young and unknown local Canadian a singer or something.

06:42:59.000 --> 06:43:04.000

Name Lorena Mckenna Yeah. Yeah.

06:43:04.000 --> 06:43:10.000

And Patrick Yes, we had him in the Bay area as well.

06:43:10.000 --> 06:43:31.000

The late on the bay area honestly also. I can tell the story of the not ready for before you leave it. Vancouver. we should point out that was for spam a lot originate that's right that wasn't that said

06:43:31.000 --> 06:43:50.000

that one of those late night things where we just got we invented all these terrible spam jokes, and i'm and and and set them to the the musical camelon so you know we also added things like, you

06:43:50.000 --> 06:44:12.000

know. Oh, movies like soon, even soon got marinated so they're not ready for me to have players actually will be originated at the Marquette University 1,987 it's really remarkable that that's what we had Christopher.

06:44:12.000 --> 06:44:28.000

Told. Yes, the scholar guest of honor a fact which was revealed to the Council of Stewards, which I was member of the time 6 months before the publicly announced keeping that secret for 6 months was They wanted the most I wouldn't

06:44:28.000 --> 06:44:38.000

say challenging because I didn't have any trouble keeping it but so The other guest of honor was the Nancy author.

06:44:38.000 --> 06:44:43.000

John Valers also to face the frost and the other things.

06:44:43.000 --> 06:44:48.000

At least. Farrell and Deb. Jones were master customers from science fiction.

06:44:48.000 --> 06:44:55.000

Bandwidth decided to do a constant presentation based on one of the layers other books, the Pens on the Shuffle.

06:44:55.000 --> 06:45:02.000

But it was very little new, so they decided to turn it into a skit, explaining it.

06:45:02.000 --> 06:45:08.000

They depending on the company featured these characters called Lum Z.

06:45:08.000 --> 06:45:16.000

Which were basically people who have been transformed by this evil wizard into little flooding pieces of of paper.

06:45:16.000 --> 06:45:33.000

And so they were portrayed by taking these white sheets and hiding i'm sure sure would smith under them, and having them sort of around the stage, and they've done that and I leave with the narration, which they ask me

06:45:33.000 --> 06:45:39.000

to read which summarize the plot. the boat, since nobody would have known it was subsequent to this.

06:45:39.000 --> 06:45:42.000

We? the Midnight Press published the book so that people got we have it anyway.

06:45:42.000 --> 06:45:48.000

It was a great success. Billars was totally delighted.

06:45:48.000 --> 06:45:52.000

So the following year we decided to do something else this week was the year that we'll win with guests of honor.

06:45:52.000 --> 06:45:57.000

So what I only came up with on this occasion was the fall of the tunes of attachment. She took the sheets.

06:45:57.000 --> 06:46:03.000

It's time she dined them black she got a whole bunch of people greeting from herself.

06:46:03.000 --> 06:46:10.000

Elliot is maybe 5. Who is that Bill Weldon, who is 6 for infinity?

06:46:10.000 --> 06:46:18.000

And people everywhere in between and size, so they're underneath the sheets underneath.

06:46:18.000 --> 06:46:36.000

They stood there on stage silently. Ellie wrote the script very hastily on a napkin, and she gave it to me to read and read something like this: They were paid and black and then one day.

06:46:36.000 --> 06:46:49.000

they fell, and there was no rehearsal It's, the voice of the operating place, and gradually people on stage began to rock back and forth, and then eventually they began to bump into each other and then eventually they

06:46:49.000 --> 06:46:54.000

all fell down. that was the end of the skit.

06:46:54.000 --> 06:47:00.000

Now, when when thought it was delirious, we present it her with the napkin as a souvenir.

06:47:00.000 --> 06:47:09.000

And this is true. Several years later, when I was doing research, research and liquid papers at the University of Oregon Library found the napkin.

06:47:09.000 --> 06:47:19.000

Anyway. Anyway, it was doing the not really player, became a tradition, and we did it in the following year.

06:47:19.000 --> 06:47:22.000

After that was Vancouver. Guy Kay was the guest of honor.

06:47:22.000 --> 06:47:26.000

We did the field of Barton happens to be in the kitchen Sync.

06:47:26.000 --> 06:47:43.000

Yes, and So So it carried on. It carried on from there

06:47:43.000 --> 06:47:47.000

Say something brilliant.

06:47:47.000 --> 06:48:03.000

That's true you work by I don't remember which kind of that was it was skip based on There's a sk based on the X files and I was cast so I think that was my first role

06:48:03.000 --> 06:48:09.000

in la cast me in She had a keynote for my talents.

06:48:09.000 --> 06:48:25.000

She could be on stage smoking a pipe and just watching everybody. and I drifted around on the stage looking a pipe of watching everybody, and being so and that was instead of my role.

06:48:25.000 --> 06:48:30.000

I didn't receive any awards they're they're in the mail.

06:48:30.000 --> 06:48:34.000

I I do have. I do have a memory. I have a memory to share.

06:48:34.000 --> 06:48:44.000

So it was Mick on 24 in Minneapolis, when January and was guest of honor for the second time.

06:48:44.000 --> 06:48:47.000

This time she was the scholar guest of honor.

06:48:47.000 --> 06:49:04.000

And we we wrote, Yeah, Allen Nolan keep those presses rolling

06:49:04.000 --> 06:49:20.000

Read my man and then, as it got into the the chorus, the the bridge part which I've never remembered suit dog taught how the all the guys to take off their leather belts and have a

06:49:20.000 --> 06:49:31.000

snap them and get the whip, Sam. So at closing ceremonies we stayed up late, and we broke this whole thing at closing ceremonies.

06:49:31.000 --> 06:49:40.000

We all come up to the front here's dear sweet Jane sitting really close, and the guys start taking off their bells.

06:49:40.000 --> 06:49:47.000

Jane. The guys have something they'd like to show you and we'll look on her face.

06:49:47.000 --> 06:50:00.000

It was just like it was really wonderful. She really enjoyed that on that, hey?

06:50:00.000 --> 06:50:13.000

Then, which I headed January and that became kind of a plastic people.

06:50:13.000 --> 06:50:39.000

Put it back to me. when I next time I saw Sue, she said, I want to talk to you about that title well, actually she that was the the we were in Denver.

06:50:39.000 --> 06:50:42.000

But she was. We were in boulder, and she was local.

06:50:42.000 --> 06:50:48.000

So she came to the banquet, and she sat at a table with with Paula D.

06:50:48.000 --> 06:50:59.000

Sante high because and I and another friend that option dooms they work. We were trying to get it made, and in the end we just didn't have the juice to get it made But Paula wrote a brilliant.

06:50:59.000 --> 06:51:04.000

Adaptation, and Connie loved it and i'm really sorry that movie never got made.

06:51:04.000 --> 06:51:09.000

But good sculpture people are coming up and saying what you know.

06:51:09.000 --> 06:51:12.000

What do you need? What do you need and they're bringing me stuff?

06:51:12.000 --> 06:51:16.000

And I said, Well, bring me your fish tails. We were.

06:51:16.000 --> 06:51:29.000

We were fat trout there were no heads but there were tails, and so I end up with a massive plate of trout fish tails, and and Connie is just looking at me horrified, and i'm arranging

06:51:29.000 --> 06:51:38.000

them, and it became the Book of Lost Fish tails, because it went with the theme of the the conference.

06:51:38.000 --> 06:52:02.000

But Connie was just horrified and of course I couldn't get the smell of the fish off of my hands, so I felt like Lady Macbeth all night, saying, probably

06:52:02.000 --> 06:52:08.000

Oh, yes, it Well, it was. it was the the the Okay.

06:52:08.000 --> 06:52:22.000

This. This is me sorry. I I made a unicorn head that was severed, and we'd be kind of dessert that had, like a raspberry cooler, so I taken mashed potatoes and made a lovely

06:52:22.000 --> 06:52:25.000

sculpture, and you're going ahead and then rest very coolly.

06:52:25.000 --> 06:52:36.000

And all of this, and and Cheryl Scalom was there, and he put biscuits in his chiefs, and we presented it to Peter Eagle, who was our fantasy.

06:52:36.000 --> 06:52:51.000

Guest of honor, and and he Said he needed to to write a sequel to He needed to to write a sequel to the last unicorn, and and he was just horrified.

06:52:51.000 --> 06:53:01.000

Yes, i'm terrifying his mother, who joined us.

06:53:01.000 --> 06:53:14.000

Awesome. You mentioned hey? Mcbethney? in 2,002 in boulder. Our theme was Shakespeare, and it was coordinated with a couple of performances since behind the

06:53:14.000 --> 06:53:18.000

Colorado Pixar festival we went to.

06:53:18.000 --> 06:53:35.000

One of them was one of the best performances of a mid summer night screen I've ever seen was one and Oberon and Titania were played by different sets of actors I was very much a attempted

06:53:35.000 --> 06:53:40.000

reproduction. what Shakespeare, what kind of production Shakespeare would have done, and that was great.

06:53:40.000 --> 06:53:47.000

But the other like with McMahon, and I like Macbeth most of the time.

06:53:47.000 --> 06:53:55.000

But this was a play that was accompanied by African growing, and the advertising did not cease throughout the entire.

06:53:55.000 --> 06:54:06.000

What? Yeah, it was. it was painful, on the other hand, and Oklahoma in 2,006.

06:54:06.000 --> 06:54:17.000

There was. This was at the University of Oklahoma, and there was a workshop production of Hamlet being done at the same time, and few of us went over to see your performance.

06:54:17.000 --> 06:54:33.000

It was a modern dress Hamlet, and it was a truly dynamic performance, and the fact that it was modern press enabled them to do this headlines, instead of stabbing Polonius through the aris when he heard him

06:54:33.000 --> 06:54:39.000

wrestling behind it, was standing on the opposite side of the stage.

06:54:39.000 --> 06:54:45.000

He whirled around that shot him, and it was absolutely absolutely dynamic.

06:54:45.000 --> 06:54:56.000

And when he have At the in the last scene we had Claudius down spreading over across a bench.

06:54:56.000 --> 06:55:04.000

So is sitting on top of his chest and stuffing the the poison now is throat.

06:55:04.000 --> 06:55:11.000

It was absolutely dynamic, and it came back to the concrete afterwards, and Janet Crofton was generating that data set.

06:55:11.000 --> 06:55:17.000

How was it? And I said, well familiar with the play, but I had never seen anything like this.

06:55:17.000 --> 06:55:34.000

So I said to her, you know. tell us that everyone Died Yes, it was Did you?

06:55:34.000 --> 06:55:46.000

Did you ever get to see it? That was also the myth gone where we get to have dinner with Sue.

06:55:46.000 --> 06:55:54.000

Yes, Who? whose arms are much longer?

06:55:54.000 --> 06:56:02.000

Yes.

06:56:02.000 --> 06:56:08.000

Yeah, soon as a giant I know they I don't think it's an athletic scholar.

06:56:08.000 --> 06:56:10.000

I guess. Yes, it is okay. Yeah. But it was secure.

06:56:10.000 --> 06:56:14.000

Was it tyrannsters scholars they're in this area?

06:56:14.000 --> 06:56:29.000

Where we set up It was the Natural History Museum, which was a wonderful place to to have a yeah, a banquet. I mean, it turned out.

06:56:29.000 --> 06:56:36.000

It was an expensive place to have a bank, but it was really it was very cool, and we do have a few of those I ate with.

06:56:36.000 --> 06:56:52.000

Zoom But here we here we are Okay, she did.

06:56:52.000 --> 06:57:18.000

She was on alone, on the time like man If we know we'll have su we're like I remember. Yeah, we We took a lot of photos of people like standing in front of the t routes

06:57:18.000 --> 06:57:23.000

the origins of the nick of the game golf, and more. and look at your us to me.

06:57:23.000 --> 06:57:34.000

I I was asked about this before the come on, and I believe Gary first set it up at the English, with which I could not afford to go to in 92.

06:57:34.000 --> 06:57:41.000

No, I actually think it was the part of pixels.

06:57:41.000 --> 06:57:49.000

No, no, I think it was in I don't know.

06:57:49.000 --> 06:57:54.000

Maybe it was in Minneapolis in 93.

06:57:54.000 --> 06:58:24.000

But I I associated it with Berkeley I do too, at any rate, it was after the worth of principal, because the original ed wasn't from a principal

06:58:27.000 --> 06:58:33.000

Nancy Mark says it was before 92.

06:58:33.000 --> 06:58:37.000

Okay. Well, Pennsylvania was born in like 82.

06:58:37.000 --> 06:58:48.000

So I'm trying to think I don't know whatever happened to that but scary still have to beat up on retirement.

06:58:48.000 --> 06:58:58.000

I don't know we keep everything else

06:58:58.000 --> 06:59:18.000

I don't have Yes, right that was for 10 powers, Stranger: tides. Yeah, we we don't know we made a boat and set it out in for powers that's

06:59:18.000 --> 06:59:32.000

a good point Well, then when there wasn't it wasn't the one the one we made for t.

06:59:32.000 --> 06:59:35.000

We did our cardboard and see constructed very carefully.

06:59:35.000 --> 06:59:47.000

It all starts to be the the artwork on it, and we called it Darnie called an even stranger Time and Set it outside the cafeteria.

06:59:47.000 --> 06:59:55.000

Yes, and yes, we did put gofriend's head on the proud Yes, and that was who was it?

06:59:55.000 --> 07:00:21.000

Who did the the the quilt of the parts was that They're the body protagonist losing body parts but he didn't realize that until we pointed it out to it

07:00:21.000 --> 07:00:39.000

good. let's see if teams which she read out at a at an evening it wasn't a scheduled paper, and I said, well, this paper have a lot of footnotes and she said, Oh, yes.

07:00:39.000 --> 07:01:03.000

and hand notes i'm trying to remember what I'm looking for what year that was really it was a burglary with your wisdom play with diana fax.

07:01:03.000 --> 07:01:07.000

No it's 88 first one Yes, I can tell.

07:01:07.000 --> 07:01:32.000

I can tell my story. Okay. So I got a pack of play in the W Lovely Little theater So some mischievous attendees, you know, language took a boat and went around with

00:00:00.000 --> 00:00:10.000

it to you know where various members were congregated, and I recall that the item there, what's the itf to leave it in front of I think that was good.

00:00:10.000 --> 00:00:18.000

So using this building, most of us were in another building language.

00:00:18.000 --> 00:00:26.000

Often this different building. Well, how do we get in? I went to jail.

00:00:26.000 --> 00:00:36.000

My best friend Good previously lived in that building, so I knew which door had a broken lock.

00:00:36.000 --> 00:00:48.000

So we can get into the building. So into that that building and left it in front of

00:00:48.000 --> 00:01:02.000

But my own memory of that is when that place started, it begins with 2 fishermen sitting in a boat supposedly out in the ocean somewhere.

00:01:02.000 --> 00:01:09.000

The curtain parted. they were. I was sitting up in the balcony with several people in pretty Nellie Farrell, who was sitting in front of me.

00:01:09.000 --> 00:01:29.000

And those we saw this vote on the stage I leaned over to We're gonna need a bigger boat.

00:01:29.000 --> 00:01:41.000

So ,

00:01:41.000 --> 00:02:03.000

Fine, just wondering if we i'm not sure we can talk about his con without remembering some of the I joined the society I joined the Society in 1969 the led to my first Smith kind of 19

00:02:03.000 --> 00:02:12.000

80, or 6 Since then, but for many years the benchmark for terrible food.

00:02:12.000 --> 00:02:28.000

What's the rito if con in 1976, where the printed menu, as we entered for breakfast, can change pride below me almost every Day so bad.

00:02:28.000 --> 00:02:35.000

We described this naval flavor dishwater, that Eric and I went out of bought instant as an improvement.

00:02:35.000 --> 00:02:57.000

Which has subsequently been passed to the Connecticut, because was their first conference summer ever they have a lot of. They have no coffee, because the only other people outside when the football team and the coach

00:02:57.000 --> 00:03:10.000

didn't block drinking coffee if you can imagine a group of Pennsylvania tender not wanting so, So that May repeated appearances.

00:03:10.000 --> 00:03:17.000

The third day, it was per month, yes, it was.

00:03:17.000 --> 00:03:33.000

It was dangerous for I think that was the same time where the dinner every night was the same second.

00:03:33.000 --> 00:03:53.000

This repurpose and they had no sheets they were just starting as a conference well that's just That's not right, having been intimately involved with this.

00:03:53.000 --> 00:04:13.000

Conference. They were used to doing the sports conferences for high school kids and the high school kids would come and bring sleeping beds. so they would give you a quote for the room and then a quote for the sheets and we

00:04:13.000 --> 00:04:27.000

said, Okay, the room and the sheets Well, they didn't realize we meant both, and they figured we were all bringing so sleeping bags, and so was, to our great dismay that we discovered we had no sheets, But

00:04:27.000 --> 00:04:30.000

you know. by the second night we had sheets from the conference.

00:04:30.000 --> 00:04:38.000

But that first night Christine went out. Christine Larson was out, and she got all her neighbors.

00:04:38.000 --> 00:04:49.000

She. She went to the store and bought tons of sheets, So he made sure that, like 30 people had sheets who otherwise would have been sleeping on, been plastic, covered.

00:04:49.000 --> 00:05:07.000

At any rate, then it it was. It was really pretty wild, and the problem was, they wanted to start doing grown up conferences, and yet they were not willing to do what grown ups would need to enjoy a conference.

00:05:07.000 --> 00:05:17.000

They wanted to have grown ups come and basically do like a a baseball camp conference like high school kids would do and and couldn't understand why there was a conflict here.

00:05:17.000 --> 00:05:22.000

Why, this was a problem And yeah, I gave them a real good talking to.

00:05:22.000 --> 00:05:27.000

We got coffee on the second morning, bye on on the flick side.

00:05:27.000 --> 00:05:42.000

However, they did. have the Why did Terry Yes, yes, Great oh, man, she did a great program on talking, and the stars, and of course they had the blue devil?

00:05:42.000 --> 00:05:52.000

The so most in in the early days of the society, most of the same report impicunious college students.

00:05:52.000 --> 00:06:01.000

So we had our the my cons on campuses and and and conference centers, and we go not used to that, because we like the sense of isolation and continue to do that.

00:06:01.000 --> 00:06:15.000

But as we gradually became a little less inbecunious, and a lot older and less willing to deal with all of this, we sought more comfortable accommodations, and a lot of that constant recent years have been held in

00:06:15.000 --> 00:06:22.000

hotels. one way as long as we've been able to find a way of similarly isolating ourselves from the outside universe.

00:06:22.000 --> 00:06:27.000

It's it's worked out pretty well with some of the early midfs at hotel, such as San Diego, 1,990.

00:06:27.000 --> 00:06:33.000

One did not work very well, but we worked This out and it's been more successful in recent years.

00:06:33.000 --> 00:06:40.000

A couple of the early Bay Area mentions were held at Mills College, which was the first.

00:06:40.000 --> 00:06:43.000

One of those was Jared by day on the packs, and we listened.

00:06:43.000 --> 00:06:57.000

A lot of bills. and so she knew what a wonderful place was it's spring last, So extremely beautiful The problem was the dorms will drop this hill and after 2 occasions of that, we decided and my you this was nearly 40 years

00:06:57.000 --> 00:07:10.000

ago we decided we were too old and pretty good to my office, Hill. so we switched to the Current conference center, which is essentially a physically separate Normandy of Uc.

00:07:10.000 --> 00:07:14.000

Berkeley, and we held something like 5 metcons there which were quite successful.

00:07:14.000 --> 00:07:22.000

It's also on a hill, but it did not require you to climb any of them in order to get from one building to the other.

00:07:22.000 --> 00:07:33.000

So that was a lot easier to deal with than that. Of course Square took place, and a lot of speaking of

00:07:33.000 --> 00:07:37.000

The football team was there in. We had a lot of.

00:07:37.000 --> 00:07:45.000

We frequently shared not frequently, but we have all sometimes shared conference space.

00:07:45.000 --> 00:07:49.000

One of the most interesting of these was UCLA we say, hey?

00:07:49.000 --> 00:07:54.000

Again. I because I live in la I didn't have to fly to that.

00:07:54.000 --> 00:08:10.000

And Lisa Harrigan very kindly came to my well in place and picked up my wife and myself and robust time that year, as we're going, Lisa, who had already been confiding Ucl.

00:08:10.000 --> 00:08:19.000

I said. they're having a whole bunch of Cheerleaders training. It's gonna be a whole bunch of cheer, girls girl.

00:08:19.000 --> 00:08:23.000

Surely running around the place. And I said, Oh, Dan!

00:08:23.000 --> 00:08:39.000

Ucla was also the place where when we were out over one you're some streets playing the office on Saturday night.

00:08:39.000 --> 00:08:45.000

Someone heard a some people in a car cruising by.

00:08:45.000 --> 00:08:54.000

Say, someone said from that car that's the fraternity I wanna be in

00:08:54.000 --> 00:09:12.000

And there was. there was the one in the boulder myth Cons. where there was some sports group that was going to bet early, and we're complaining about that group of old people that were still loud at my We didn't know what

00:09:12.000 --> 00:09:16.000

was wrong with you

00:09:16.000 --> 00:09:24.000

On Saturday night. When did that start

00:09:24.000 --> 00:09:29.000

Yeah. So Okay, Well, this is this is the end.
