

# Mended Little Hearts Focus of SWOSU Pharmacy Group Fundraiser

02.07.2013

Members of the SWOSU chapter of the American Pharmacists Association – Academy of Student Pharmacists (APhA-ASP) are hosting a fundraising effort for the Mended Little Hearts program on Monday, February 11, through Thursday, February 14.

Mended Little Hearts of Dallas provides support for children and families impacted by congenital heart defects, structural problems that disrupt the normal blood flow through the heart.

The APhA-ASP will have a table in the Memorial Student Center and on the third floor of the Chemistry, Pharmacy, Physics Building from 10 a.m. until 12 noon each day. Donors will receive pharmacy-themed valentines. Donation boxes will also be placed in the lobbies of Stewart Hall and Oklahoma Hall as well as the Student Union.

In addition to monetary donations, Erin DeWalt said the APhA-ASP asks for travel-sized toiletries, coloring books, crayons, and blankets.
