Margaret Renz Replogle Donates \$250,000.00 to Southwestern University

Margaret Renz Replogle, a Southwestern Oklahoma State University alumni and recently inducted into the Distinguished Alumni Hall of Fame at Southwestern Oklahoma State University, has given \$250,000.00 toward the construction of the music building on the new Fine Arts Auditorium, the largest single gift given in the history of the University and one-half of the building's construction cost.

When state funds for construction became short, the music wing on the Fine Arts Building had to be dropped. The donation by Mrs. Replogle brought to life a dying dream of the Southwestern State Music Department and her Alma Mater. The new facility contains a large practice room, percussion room, music library, 14 individual practice rooms, conference room, listening room, and three offices. The music hall will serve students for many years to come.

The donation will be made in two payments--the first payment of \$125,000.00 in February 1984 and the second payment of \$125,000.00 in February 1985. Upon completion of the facility, the University will officially name the building the "Margaret Renz Replogle Music Hall." Matching funds and private donations will be used to complete the building.

Mrs. Replogle has given \$38,400.00 to the Southwestern State Foundation for the purpose of establishing a permanent scholarship fund and named the "Margaret Renz Replogle Scholarship."

Mrs. Replogle recognizes that the need for new buildings and facilities go hand in hand in recruiting music students with outstanding abilities and a genuine desire to obtain a degree in higher education. The new music hall will give the Southwestern Oklahoma State University Music Department a facility that will compliment the fine instrumental and vocal programs offered at its University. Mrs. Replogle seeks to help deserving young Oklahomans. Her love for music has

helped endow music scholarships at other universities.

The new music hall will be built on the southwest corner of the new Fine Arts Building facing Davis Road.

Margaret Renz Replogle was born in Odessa, Russia, where her father was an Indo European telegrapher. When she was only a small child, her parents, Jacob and Marie Renz, decided to leave the wealth and prosperity of their heritage and move their young family of six away from Russia's increasing turmoil and impending bloody revolution. On August 15, 1911, they boarded the passenger ship Hanover for the 22-day trip to the United States.

After visiting with relatives for several weeks in Hillsboro, Kan., the Renz family settled on farmland at Weatherford. Mrs. Replogle remembers well the hours she spent helping bale hay, chop corn, milk cows, and wash the family laundry on scrub boards.

Determined and intensely interested in acquiring an education, she worked for the Ben Kramer's for her room and board while attending high school and college. Upon receiving her coveted bachelor of science degree, she began teaching school in Erick.

She later accepted a position as a laboratory technician in the University of Oklahoma Medical School Histology and Embryology Department, and still later became an X-ray technician in the Balyeat Hayfever and Asthma Clinic in Oklahoma City where she met her future husband, Dakotah Replogle. They were married in 1944.

Since the loss of Mr. Replogle in 1957, Margaret has kept an active volunteer involvement with a number of organizations.

The Replogle Chapel at the First Christian Church in Oklahoma City was funded in the amount of \$35,000.00 by Mrs. Replogle in 1978.

In 1982, Margaret presented Deaconess Hospital a gift for \$100,000.00 earmarked for equipment and furnishings for the hospital's center for newborn infants.

MARGARET RENZ REPLOGLE is pictured presenting \$125,000.00 to Dr. Leonard Campbell, President of Southwestern Oklahoma State University. The gift is one of two \$125,000.00 gifts that will be used to build the music wing on the Fine Arts Building. The second gift will be given next February, completing the quarter million dollar donation.

The gift was one of the largest in the hospital's history. The center has been named the Margaret R. Replogle Neonatology Center.

Mrs. Replogle was involved in the organization of the Ladies Advisory Board of the Deaconess Home and served three terms as president. She also was active in planning the new home which was completed in 1971. She served on the executive committee and co-chaired the fund drive for the home, contributing \$40,000.00 toward its construction.

The Margaret R. Replogle Endowed Chair in Religion was established at Oklahoma City University through the generous gift of \$250,000.00 in memory of her late husband, D. Replogle. She received an honorary doctor's degree from OCU at the commencement ceremonies in 1982. She also endowed \$200,000.00 for music scholarships at OCU in 1965 and 1967.

She serves on the Board of Directors and the Executive Board

DECEMBER 17, 1983

SOUTHWESTERN ALUMNI ASSOCIATION EXECUTIVE COMMITTEE MEETING

I. The Executive Committee of the Southwestern Alumni Association met in the Office of Public Relations at 10:30 a.m., Saturday, December 17, 1983. Members present were: Johnny Beech, Otis Sanders, Millie Thomas, Lucille Patton, and Mark Mouse. Johnny Beech presided. The following items were presented:

- Johnny Beech presented a copy of the new by-laws for incorporation and recommended that the name of the office, President-Elect be changed to Vice-President. Unanimous approval was granted.
- Otis Sanders reported about the organization of a satellite chapter in Anaheim, California. Forty-six SWOSU alumni attended an organizational meeting December 4 in Anaheim. This was headed up by Shirley (Sanders) Jacobs and Ruth (Sanders) Purdy. He also related plans for a spring meeting in Fresno, California, for the California chapter.
- A report was given concerning the organization of a satellite chapter in Lawton. A meeting was held October 1, at the home of Ron Polston. Approximately 50 people attended. Jim Jones was elected president; Bill Barker, vice-president, and LaDonna Polston, secretary.
- Lucille Patton presented plans for organization of a chapter for Central Oklahoma. She was elected chairman of the group. Approval was given for the Association to grant \$75.00 to cover postage and general expenses for the group. An organizational meeting for this chapter has been set for February 10, 1984, in the home of Lucille Patton.
- The Committee affirmed that homecoming was a success and that the presentation of blankets to the oldest alumni; alumni with the most children to have graduated from SWOSU, and the alumni traveling the longest distance be continued.
- They also expressed their concern to try one more time to schedule a reunion of alumni that graduated 50 years, 25 years, and 10 years ago.
- A report on a reunion of football and basketball players from 1951-1958 is being organized for the 1984 Homecoming.

MUTUAL INTERESTS in athletics first brought together Dean Ingram, right, originally from Lookeba, and Johnny Bench, left, who hails from Binger.

Alum and Pro Grow Together

Dean Ingram, SWOSU alumni, has become quite successful in several business ventures since graduation at Southwestern. A 6-3 guard, Ingram was captain of his college basketball team and was named to the All-Conference team.

After Ingram graduated from SWOSU, he played some AAU basketball in Oklahoma City. He described that as being akin to semi-pro ball in that it at least provided some irregular pay. Acknowledging that he'd had some pro basketball aspirations, Ingram said he decided not to pursue them because he figured there were just too many six-foot-three guards in the world.

If he'd been a 6-10 he would have tried out for a pro career, but as it was, he opted instead to hire on with Apco Oil Company in Oklahoma City as a production accountant.

He worked there for six or seven months, "and then I decided I'd rather be in the financial end of

it," so in 1964 he joined First National Bank of Oklahoma City.

A business partner of Dean's is Johnny Bench, great Cincinnati Reds baseball catcher. Dean, growing up in Lookeba, and Bench, in Binger, have been lifetime friends. Bench was best man when Dean and Karlyn (Dobbins) got married. He and Bench became partners in purchasing the Bank of Wilson. Ingram and Bench are also partners in an insurance agency in Wilson. The two are also partners in another bank in Elmore City, in Caddo Royalty Corporation, which Ingram describes as "a small oil and gas company," in raising commercial quail in Statesboro, GA, and in real estate development projects in Houston.

Ingram serves as board chairman and president of the Bank of Wilson and also is an advisory director for the First State Bank of Seminole. His wife said she also makes use of his business expertise in running Testco, T&M Con-

struction, and other ventures within the state.

As vice-president and financial consultant with Johnny Bench enterprises, Ingram spends about three or four days a month in Cincinnati. He said the company is formed from Bench's total earnings, including from his baseball salary, fees for endorsements and appearances, his television shows, and his investment income.

The company then serves to handle all of Bench's finances. Ingram's role is to look at proposed investment opportunities to see which ones would be promising.

"Someone like him gets an average of 10-15 people a week presenting business ventures," Ingram said. "Basically, I try to look at all of them." He noted that six proposals had come from Oklahoma City alone within a week's time, including one from a former Reds teammate.

Dean Ingram, who has some

convincing credentials for recognizing athletic talent, such as that of the young Johnny Bench, is among those who are very impressed with the skills of a current player at SWOSU, his alma mater.

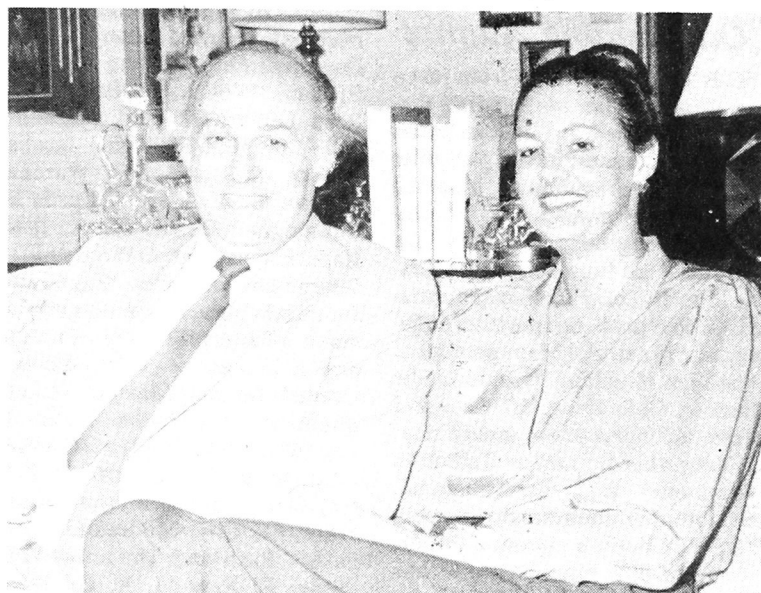

He has made it a point to watch Kelli Litsch, the two-time All-NAIA junior basketball player from Fay, in action on the court.

"She is exceptional," Ingram said flatly. "I would say her main asset is that she is an exceptionally smart basketball player."

"She has the finesse and mental state it takes to be a winner and has devoted her time to basketball, and that's also what it takes."

He only wishes that women's professional basketball had something to offer her.

"As it stands now," he said, "she plays two more years and she's got no place to go. She has no opportunity to be a 'Johnny Bench.' It's kind of sad."

DEAN AND KARLYN INGRAM both keep busy schedules but try to find occasional moments for quiet relaxation at their home just west of Watonga. Ingram has business interests in Wilson and Oklahoma City and Cincinnati, and Mrs. Ingram has been busy lately cooking for harvest crews for an extensive farming operation. She also helps supervise local oilfield-related businesses.

Dear Millie,

We retired at Lawton from teaching 38 years. We both graduated from Southwestern with BS degrees in 1937 and received our master's in 1968.

In the early forties we had charge of raising the money for the rock building on the campus, at that time called the 'Y Chapel,' with our names on the cornerstone along with Mrs. Phoebe Addison, co-sponsor with Earl of the YM-YWCA organization on the campus. Earl was teaching at Southwestern at that time.

We have three children and five grandchildren. One son teaches at West Point and the other son is Supervisor of Design at George Washington University. The daughter is a homemaker in Lawton after having taught at Indiana State University.

Together we have a collection of around 300 antique clocks and 75 watches.

Teaching was good, but retirement is great!

ECHOES RECEIVES

LETTERS

FROM YOU

Had Fun

December 12, 1983

Hi Millie:

You may be surprised getting a note from me, but here goes.

I received a note from Everett Wright of the Oklahoma Teacher Retirement System and a pamphlet of the 1983-84 monthly program and roster of the Retired Teachers of Custer and Dewey Counties. Millie, my wife and I had fun going through the roster of retired teachers of Custer and Dewey counties.

We would be happy to hear from you, telling us of yourself and brothers, especially Hack (deceased). You see, he and I roomed together in Miami, FL, during the war. We were taking officer's training there.

I noticed several Mrs. only, as Mrs. J. R. Pratt, Mrs. Marvin Cauly, etc. Time marches on.

We have two children, both born in Weatherford. Our son is a local attorney. He lives in Laguna Beach. They have a son (2) and a daughter (14). Our daughter and family live in Jackson Hole, WY. Her husband is a pilot for Pan American Air Lines. They have two boys (21 and 25) and a daughter (23 and married). They are all grown.

Millie, Everett mentioned that a Southwestern Alumni Association of Southern California had a meeting in Los Angeles recently. We did not know about it. Please send us some names, addresses, phone numbers, etc. of SWOSU alumni out here. Most everyone we knew from SWTC are gone--the Barnetts, Dick Jewell (his wife lives in Long Beach). Charles Forbes (deceased)--have not heard of him for years. I noticed his sister's name in the roster.

Millie, this is enough prattle from me now.

Sincerely,

Ernie Crain

Smiled and Spoke

Mr. Sanders:

Joe and I want to thank you for your time and visit on Tuesday. It was great being back on campus.

I want to say one thing about the students. I have been on several campuses in the past few years but have not found the friendliness of the students that I

found exhibited by those at Southwestern. Almost every one we met smiled and spoke. It was most gratifying to an "old" grad!

Thank you again. I wrote to Margaret.

See you,

Give a Boost

November 30, 1983

Hi Millie:

Hope everything is going great for you.

Millie, I appreciate you looking after me while I was in college and giving me a boost when I needed it. I know that there were hundreds of people like myself that you helped to get through college. I know that they appreciate it as I do.

My best to you and Southwestern.

1933 Gang

Hi Millie:

Sure will be nice to see the 1933 gang. As I remember, this team was National Champions or was it Conference?

I know we had a lot of nice names, such as--Power House--Chicken--Hoot--Slow Fast--Chief--Tulsa Red--Stiff Beard--Sweet Sweet--Dry Creek--Steve--Big Boy--Thin Line--Cotton--Cake--Big Thum--Hacks--Bills--Jakes--Hoss--Bouncer--Jap--and I am sure more--I can't remember. I wonder why not one for a Doris or Francis?

I hope those ball players remember I was the Star of the Team: Yes, made All-American both on offense and defense--usually cleared the defensive back field out and would be waiting in the End Zone for Gore--Young--Welborn--Beason to score.

Millie it has been so long ago I doubt any of them remember this outstanding career I had. In fact I don't even remember it myself.

I believe the team should appreciate what effort Cotton Vickers has over the years made to keep us in touch.

Thanks,

Goofed

October 30, 1983

To Millie:

I goofed and didn't pay my dues and have had to read the Echoes from my folks and my sister and brother-in-law (Mr. and Mrs. Charles J. Page and Mr. and Mrs. Clay Carr).

The last issue was so interesting--as they all are--familiar names--Bill Bates, Ed & Patta Reed, Marge Savage, Loren Buss, Cletus Long, Metta & Adrain Crabb, Bill & Evelyn Thompson, Bill & Bob Williams, Cliff & Fern Niles, Bruce & Jerri Romig, Jamie Goad--that's what makes it such fun to read the Echoes.

Millie, I remember you fondly not only being in the registrar's office but as a co-worker the three years I was secretary to the Dean (Dr. McCormick after Dean Emmons died).

My husband, Max, is fine, as are our two daughters--Melody (born in Weatherford) is expecting her first child around Christmas. She lives in Stone Mountain, Georgia, and teaches math in the high school. Cathy is in Amarillo, Texas, and is Executive Director of the Camp Fire Organization there. We had her contact Dale Litsch who has a pharmacy in Amarillo, and he has been very nice to her.

My parents, Sibyl (Gimlin) and Charles Page, live in Rolla. Daddy is 85 and still going strong. Mother loves reading the Echoes, and we say "do you remember so & so" quite often as we browse through it.

Max still has Hillcrest Drug in Rolla, and I am still teaching business courses at our area vocational school--I love teaching the computers. We have three IBM Displaywriters and two Apple II's.

We talk about Weatherford a lot. Last spring we came through on our way to Amarillo and stopped for breakfast with Betty and Buster Westmoreland--and had nice visits with Everett Gartrell and W. W. Ward. Our best to you.

Sincerely,

Betty Jo Page Maupin

Dear Millie,

Enclosed is my check for alumni dues. My husband, Wesley (Arnold) Cox, and I enjoy hearing

about our old friends of college days.

My brother, Dolph, and his wife, Chiquita, live in Midwest City. My sister, Mary Nelle, and her husband, Steele Hutto, still live in Weatherford in our family home. Their son, Carl, and his wife, Vicki, live in Weatherford too. Carl has the Hutto clothing store there.

We hope to be back for Homecoming this year.

It is now 25 years since I graduated from Southwestern. Regretfully, I will be unable to attend the upcoming Homecoming festivities. However, I would like to start the next 25 years as a lifetime member of the Alumni Association. Enclosed, please find my check for \$100.

Being a physics graduate, I am excited about recent developments in the Physics Department. Congratulations to Dr. Benny Hill and the department staff. I esteem the privilege which was mine to address the Physics Club at the last spring banquet, and I look forward to attending next year's banquet.

Dear Millie,

The June issue of Echoes finally caught up with me at the address shown below.

We moved to Sun City in July. It was quite a decision after living in Tulsa all my life.

Steve Sweeney and Gaynell are living here now. We have talked to each other several times. Karl Kitt and Lacey Witherspoon live in this area.

Enclosed you will find my check for Echoes as well as a check for the Scholarship Fund.

We won't be able to make Homecoming, so tell all my old friends where we are and to contact me if they get out here.

The June issue said I graduated in 1948. As you know, it was in 1940.

MORE
LETTERS FROM YOU

- Keeping On**
- January 13, 1984
Dearest Millie,
Enclosed is a check for \$10.00 for my Alumni Dues for 1984. I think I was paid up until now.
I was ill so I did not get to attend Homecoming last October. I'm looking forward to this year's Homecoming--maybe I'll make it.
How are the Lady Bulldogs doing this season? Basketball was (and is) one of my favorite sports. My doctor says that is the cause of my arthritic knees--playing basketball--but gee, it was lots of fun!
These icy days remind me of climbing the hill to Southwestern for study, lectures, book reports, "hitting the keys" to get The Southwestern out on time, "squeaking the saws" to finish a piece of work in Girls' Woodwork class, and sliding down the hill at the end of the day--tired, but happy and glad to be alive.
Thanks, Millie, for your help in helping me to keep on "Keeping On." I shall never forget you.
Happy 1984 to all!
Sincerely,
Eva Gibbs Duncan
P.S. Please don't forget to send me "Echoes from The Hill." I really do enjoy reading them.
- math, English or history. The camp also provides world class instruction in surfing, windsurfing, water skiing, and NAUI certification in scuba diving. 1984 will mark our 15th year with the program. We only wish we had more young people from Oklahoma participating each year.
We have been blessed in our lives to have four daughters. We are especially excited this year because we recently were told we are going to be grandparents for the first time.
I thoroughly enjoy reading "Echoes from The Hill." It brings back a lot of fun times. It is especially nice to read of the growth and expansion of Southwestern. I have taken advantage of the opportunity to attend a number of colleges and universities since 1958, and I still respect Southwestern as the leading institution for teacher preparation.
Sue and I recently attended a small reunion of Southwestern Alumni here in Southern California. We enjoyed the opportunity to meet the other Alumni and hope that we can meet again sometime soon.
Enclosed is my check for a lifetime membership in the Alumni Association.

Hawaii School

- Dear Otis:
I am a school counselor in the Charter Oak Unified School District. Sue and I also own and operate the Hawaii Holiday Summer School at Punahou in Honolulu, Hawaii. H.H.S.S. is a tremendous school and water sports camp for high school students. The camp is co-ed and provides an opportunity for teenagers to spend six weeks in Hawaii; earn one of their high school credits in either science,

CLAUDE HOSTETTER

Claude Hostetter, the little man with the big heart who gave Clinton High School its first taste of athletic greatness, finally found a foe he could not whip. But he forced the game into overtime before the clock expired.

Hostetter died at the Methodist Nursing Home in Clinton of cancer. He was 84-years-old and had fought the disease for 13 years. His friends called him Hos.

An outstanding multi-sport athlete at Foss High School and later at Southwestern State Teachers College, Hostetter coached Clinton High School athletic teams from 1925 through '39. He supervised--without any assistants--the football, basketball, baseball and track teams while carrying a full teaching load in physics and biology. In an interview with this reporter just over a year ago, he proudly noted that his coaching was always done after 4 p.m. when his teaching day ended.

During his college days at Southwestern, Hostetter stood only 5 feet 6 inches tall and weighed but 110 pounds. Yet he was a three-year starter at forward on the basketball team and a second-string quarterback on the football squad. He also played second base and caught for an intercollegiate championship baseball team, and he ran track.

Beginning at age 17, he played 13 years of semipro baseball--seven of them at Elk City, one at Sayre, and five at Mangum.

After graduating from college in 1922, he coached one year at Hydro and two at Mangum before moving to Clinton in 1925.

Some of Clinton's greatest early-day athletes were proteges of Hostetter's. His most success came during the 1926-29 era when Red Tornado teams set standards of excellence which stood un-

equalled for nearly 40 years.

Hostetter was born Sept. 20, 1899, at Okarche. However, he spent most of his growing up years at Foss where, as a high school sophomore, he began his teaching career at the Retrop Rural School east of town.

There were no athletic scholarships when Hostetter went to Southwestern, and he had to work part-time in a cafe to help pay his way. Yet he was one of the school's most outstanding early-day athletes, starting at forward on the 1920, '21, and '22 basketball teams opposite Rankin Williams.

Southwestern school yearbooks of the period give accounts of each basketball game, and Hostetter's name is mentioned frequently. Included is this notation beside his picture in the 1922 annual: "This was Hostetter's third year on the varsity at forward. He was exceptionally fast and had a good eye for the basket. He never found a guard fast enough to keep him covered the entire year." That year the Bulldogs counted among their victims both the University of Tulsa and Oklahoma A&M, winning the intercollegiate championship and a trip to Kansas City for post-season playoff action.

Despite his success at Southwestern and later as a coach, Hostetter was never inducted into the school's Athletic Hall of Fame. If this ever grated on him—as it does on many of his former players who feel it is an oversight which should be corrected—he did not let it show.

Survivors include one daughter, Virginia Lowrance of Snyder, TX; one son, C. L. Hostetter Jr., Burns Flat; one brother, Arthur Hostetter, Lake Village, TX; eight grandchildren and seven great-grandchildren.

SPORTS SPOTLIGHT

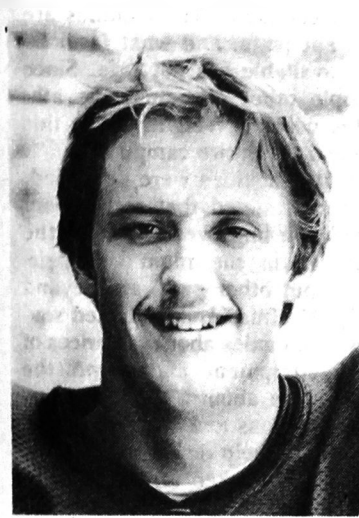

Teams Continue Winning

As the regular season of basketball ended, both the Southwestern Oklahoma State University Bulldogs and Lady Bulldogs found themselves at the top of the NAIA District 9. The women, while rated number-one in the nation, finished their regular season of play with a perfect 26-0 mark, and the men singlehandedly took the Oklahoma Intercollegiate Conference championship with a 5-3 record, and their overall 22-5 record earned them the top spot in district nine.

At press time, both teams were scheduled to play in the NAIA District Nine tournament, both with home court advantage for as many games as they can win. Should the girls win their three games, they will participate in a bi-district game with the winner from the Kansas NAIA District. From that bi-district game, they should advance to the NAIA National Tournament, this year held in Cedar Rapids, Iowa. The team has been the National Champion for the past two seasons.

Should the men win their three games, they will go directly to their National Tournament, held in Kansas City.

Former All-American Punter

CARL BIRDSONG
Carl Birdsong, former All-American punter for Southwestern, is still enjoying success in

areas both on and off of the football playing field.

Birdsong has been the punter for the St. Louis football Cardinals for the past several seasons. This year, after a successful regular season, Birdsong was selected as the National Football Conference punter in the annual Pro Bowl held in Hawaii on January 29. In that game, in which the NFC bombed the AFC 45-3, Birdsong punted twice for a 40.4 average. Birdsong, along with every other team member representing the NFC, received the winner's purse --\$10,000 each.

During the off-season, Birdsong is employed by Maxor Drug in Amarillo, Texas, a company owned by Birdsong's brother-in-law, Jerry Hodge, a former Distinguished Southwestern Alumni.

MARK HOFFMAN and **STEVE PRICE** in a contemplative mood.

Academic All-Americans

Southwestern Oklahoma State University is pleased to announce that two of its finest athletes, Mark Hoffman, Weatherford, and Steve Price, Edmond, have been named to the 1st team of the NAIA Division I Academic All-American list. The two were chosen for their outstanding play as members of the Southwestern Bulldog football team as well as their performances in their individual class work.

Hoffman, who has been a receiver for the Bulldogs for the past four seasons, ended this past year leading all receivers with 27 catches for 329 yards and three touchdowns. He is a pre-veterinary medicine major who carries a 3.94 GPA.

Price, who is a business management major with a 3.48 GPA, has been a starting quarterback for the Bulldogs since his freshman year. In this past season, Price gained 257 yards with two touchdowns and completed 73 of 165 passes for 910 yards and eight touchdowns. '84 HOMECOMING November 3, 1984

Baseball Alumni Game

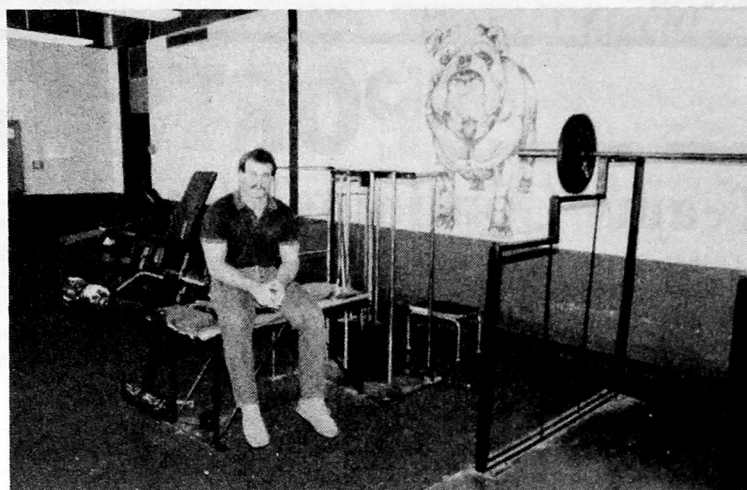

The first annual Southwestern Bulldog alumni baseball game, held on Saturday, October 15, was termed a resounding success by Coach Larry Geurkink, the initiator of the event. Some 55 former players divided up into odd-even yeared teams coached by former Bulldog coaches Jerry Jobe and Cecil Devine, battled to a 14-13 finish, with the win going to the "even" team.

Although most of the men had left their participation in baseball for other careers, there was one there who had not. The Bulldog alumni game saw the return of Ray Burris, a pitcher for the Bull-

dogs in the early 70s who is now pitching for the Montreal Expos, to Weatherford. It was Burris, in fact, who saved the game for the even team by hitting a three-run homer near the end.

After the match, players and their families were treated to a catered dinner and then walked across the field to see the Bulldog footballers defeat the Southeastern Savages.

Coach Geurkink hopes that the alumni game will become a yearly event and that those unable to participate in the first will be able to make any others.

WEIGHT ROOM AT SWOSU

Donations Needed Now

The Weight Room in the Rankin Williams Field House needs donations in order to repair and purchase new equipment. All students, including athletic teams, use the weight room. Reprinted is a presentation made to the Student Senate.

"Scott Hoffman, student/athlete, was introduced to present the status of the Weight Room in Rankin Williams Field House.

Hoffman proposed that the Senate take part in the renovation of this room. He stated that there is currently no budget for the Weight Room. According to Hoffman, the Weight Room is not in good condition. The facilities are not adequate, and what facilities are available are not safe. Since people other than just the athletes use the Weight Room, this affects the entire campus.

If the facilities were upgraded, Hoffman stated that recruitment would be improved. Some of the damage in the room is repairable, but other parts are beyond help. Hoffman has contacted several companies about the prices of new equipment and found the cost to be about \$2,000. Various organizations and individual donors would help defray the cost.

Hoffman asked for the amount of \$400-\$500 to begin the mail process. His basic proposal was to set up a Weight Room budget. If the Senate agreed to allocate the funds, they would join the efforts of the O Club, which will be donating \$700-\$800, and the Booster Club. After the initial donation was made, the Senate would give approximately \$50-\$100 each semester."

Alumni that would like to make donations to help with the Weight Room may mail their checks to the Alumni Association. It will be tax deductible.
