Southwestern Oklahoma State University's 8th annual Researcher Recognition Reception was held recently in the home of President John and Linda Hays. Forty-five faculty, administrators, staff and guests attended the event to recognize faculty, administrators, and staff that submitted funding proposals or received extramural funding for grants, contracts or cooperative agreements during the calendar year 2007. Additional photographs of the reception are located on the SWOSU website (www.swosu.edu) at the Office of Sponsored Programs site.
