

SWOSU to be Featured on OCAST Radio Program This Weekend

02.16.2012

Several of Southwestern Oklahoma State University's research efforts will be featured on this weekend's radio show produced by the Oklahoma Center for the Advancement of Science and Technology (OCAST).

OCAST produces a weekly radio show that airs on various radio stations across the state of Oklahoma. The SWOSU show will air on Saturday and Sunday, February 18-19, on the stations listed below and will be available on the OCAST website starting February 21.

SWOSU individuals on the radio show include President Randy Beutler; Provost Blake Sonobe, faculty Dr. Andrea Holgado, Dr. Jason Johnson and Dr. Muatasem Ubeidat and students Lakesha Seals and Sean O'Brien.

The SWOSU show is available in the following cities/stations:
