

# Revenge Porn Seminar Planned March 28 at SWOSU

03.22.2017

A "Revenge Porn" seminar is planned Tuesday, March 28, at Southwestern Oklahoma State University in Weatherford.

The seminar is to warn against sharing nude photos in good times of a relationship because those photos might possibly be shared when there is a fight or break up, according to SWOSU Dean of Students Cindy Dougherty.

The 6-7:30 p.m. free seminar will be held in Stafford Center 108 and is open to the public. Custer County Deputy Ryan Beck will be featured speaker along with a panel of SWOSU officials including Dougherty, Public Safety Director Kendra Brown and Vice President of Student Affairs Ruth Boyd.

"There is no question that social media is popular among young people and will continue to be so," Boyd said. "With that, problems do arise that student services professionals are seeing more often. We just want to educate and protect our students."

Dougherty said pizza will be served during the seminar. For more information, contact the SWOSU Dean of Students office at 580.774.3767.
