Student Engagement Assessment Model
2018.2019

SWOSU Mission Statement

The mission of Southwestern Oklahoma State University, a member of the Regional University System of Oklahoma, is to provide educational opportunities, research, scholarly and creative activities, and service in a safe, accessible, nurturing learning environment that meets the needs of the state and region and contributes to the educational, economic, and cultural environment. SWOSU provides traditionally strong programs of study leading to a variety of degrees, from associate to doctoral degrees. The University's areas of study, nationally accredited programs, general education curriculum, service and experiential learning activities, and participation in student activities and organizations provide students with opportunities to obtain skills, knowledge, and cultural appreciation that promote achievement by students and alumni.

General Education Curriculum Goals

1. Proficiency in communication
2. Competency in scientific and quantitative reasoning
3. Appreciation of the fine arts, history, and humanities
4. Knowledge of social and cultural beings and their institutions
5. Achievement of intellectual and professional aptitudes – this includes the construction of systematic investigation of content, theories, and practices that evaluate real life settings; development of authentic creative works related to studies of interest; the engagement of collaborative group activities that contribute information and resources to accomplish group goals; participation in community service activities and reflection on individual and collective solutions to community problems; and the communication of collective understanding of diverse views and the ability to integrate differing perspectives into a cohesive solution for real life circumstances.

SWOSU Strategic Plan

Goal 1: Focus on Student Success to help students discover and achieve their educational and life goals.

Goal 2: Focus on Academic Quality through accessible, innovative, and high quality academic programs that are based on student needs and those of the region and the state.

Goal 3: Focus on Resources to expand and diversify the revenue base of SWOSU.

Goal 4: Focus on the enhancement of the quality of life for students, faculty, staff, & administration to attract and retain the best and brightest students and university personnel.

Goal 5: Focus on the Sayre Campus so that it is fully integrated into the overall university.

Goal 6: Focus on optimizing technology to meet the educational and administrative needs of SWOSU.

HLC Core Components

Criterion 1. Mission. The institution's mission is broadly understood within the institution and guides its operations.

Criterion 2. Integrity: Ethical and Responsible Conduct. The institution acts with integrity; its conduct is ethical and responsible.

Criterion 3. Teaching and Learning: Quality, Resources, and Support. The institution provides high quality education, wherever and however its offerings are delivered.

3.E: The institution fulfills the claims it makes for an enriched educational environment.

- 1) Co-curricular programs are suited to the institution's mission and contribute to the educational experience of its students.
- 2) The institution demonstrates any claims it makes about contributions to its students' educational experience by virtue of aspects of its mission, such as research, community engagement, service learning, religious or spiritual purpose, and economic development.

Criterion 4. Teaching and Learning: Evaluation and Improvement. The institution demonstrates responsibility for the quality of its educational programs, learning environments, and support services, and it evaluates their effectiveness for student learning through processes designed to promote continuous improvement.

4.B: The institution demonstrates a commitment to educational achievement and improvement through ongoing assessment of student learning.

- 1) The institution has clearly stated goals for student learning and effective processes for assessment of student learning and achievement of learning goals.
- 2) The institution assesses achievement of the learning outcomes that it claims for its curricular and co-curricular programs.
- 3) The institution uses the information gained from assessment to improve student learning.
- 4) The institution's processes and methodologies to assess student learning reflect good practice, including the substantial participation of faculty and other instructional staff members.

Criterion 5. Resources, Planning, and Institutional Effectiveness. The institution's resources, structures, and processes are sufficient to fulfill its mission, improve the quality of its educational offerings, and respond to future challenges and opportunities. The institution plans for the future.

Student Affairs' Assessment Questions for the Academic Year

By participating in this co-curricular activity/event:

1. I collaborated with others in order to accomplish group goals – yes/no
2. I participated in a community service activity in order to solve a community problem – yes/no
3. I experienced diverse views and/or different perspectives of a topic – yes/no
4. None of the above

If students answer "yes" to any question above, they will receive this prompt:

Please share a few details about your positive experience. Why was it meaningful to you?

5. We are always striving to improve. How might your experience have been better?
6. Question(s) specific to the activity. To be determined by Department or Unit.
