SWOSU Graduation Programs from 1935 Now Available Online

Southwestern Oklahoma State University graduates might enjoy a look back at their graduation days as SWOSU's commencement activities are coming up April 30-May 2 on the Weatherford campus.

Phillip Fitzsimmons, reference and digitization librarian at SWOSU, said a graduation programs collection has been completed on the SWOSU Digital Commons and can be viewed at: https://dc.swosu.edu/grad_prog/.

The collection includes reproductions of programs from 1935-2019. The collection has a few holes, but all programs that were available have been scanned and uploaded.

Fitzsimmons said 109 programs have been downloaded 7,244 times in 74 countries since the staff began uploading the collection in May 2018.

Commencement information about the upcoming 2020 and 2021 ceremonies is available on the SWOSU website at: <https://share.swosu.edu/Commencement>
