

Jack Hanna Shows Variety of Animals at SWOSU Panorama Event

02.27.2013

Expert Jack Hanna showed a variety of animals and gave little-known facts about the creatures at the SWOSU Panorama event held February 26 on the Weatherford campus. One of the highlights that caught the attention of the capacity crowd was a cheetah.

While an African porcupine was one of the most beautiful animals on display. In all, Hanna showed around 20 exotic animals.
