Take Note: Homecoming's Oct. 9

Mark it on your calendar! Tie a reminder string around your finger! And make any other necessary arrangements now!

Saturday, Oct. 9, has been designated as Homecoming Day for Southwestern State College. You're all invited.

While little, if any, planning for the celebration has yet been started, it appears safe to assume that the traditional Homecoming Assembly will be at 10 a.m. on Friday, Oct. 8, and the big day's events will include a parade at 10 a.m.; Former Students Association, Thirty-Year Club and other organization luncheons at noon; a football game at 2 p.m., and a dance in the evening.

The Northeastern State College Redmen will pro-

vide the gridiron competition for Southwestern's defending Collegiate Conference Champion Bulldogs.

You might make note of the other nine games on the Dogs' schedule:

Sept. 18, Panhandle State College, at Weatherford; Sept. 25, Northwestern Louisiana State University, at Natchitoches; Oct. 2, Southeastern State College, at Durant; Oct. 16, Eastern New Mexico University, at Weatherford; Oct. 23, East Central State College, at Ada; Oct. 30, Langston University, at Weatherford; Nov. 6, Northwestern State College, at Alva; Nov. 13, Cameron State College, at Weatherford; Nov. 20, Central State College, at Edmond.

Kickoff time for all home games, except Homecoming, will be 8 p.m.

CHANGES HAVE BEEN numerous since Dr. Clarence McCormick first came to the Southwestern campus in 1918. His years in Weatherford are reviewed on Page 11. The professor emeritus here reminisces with his granddaughter, Edith Massey, a sophomore at the college.

DICK JEWELL AND FRIEND

Dick Jewell Finds Lost 'Old Friend'

A Southwestern band director 30 years ago was back in Weatherford recently for a reunion with former students and friends when he met a notable, unexpected "old friend."

Dick Jewell, director of bands at SWSC from 1939 to 1942, was

Graduate Keeps Pace With Astronauts On Mission to Moon

Keeping pace with the Apollo 14 astronauts during their February trip to the moon was William V. Bates Jr. of Clinton.

Bates is a member of the civilian corps at the Manned Spacecraft Center in Houston, Tex., that helped plan and develop the sixth U. S. manned flight to the moon.

While the flight was in progress, Bates was at the Houston center that directs the astronauts from earth lift-off through recovery. He served as mission controller for the extravehicular activities of Astronauts Alan B. Shepard Jr. and Edgar D. Mitchell.

The job entails monitoring the crewmen and their portable life-support systems, including the status of consumable.

In preparation for the mission, Bates evaluated the performance of the portable system and, in conjunction with the consumables, determined the length of time the astronauts could perform outside the spacecraft.

The 1963 graduate of Arapaho High School received his bachelor of science degree in physics and mathematics from Southwestern. His wife is the former Judith Brown of Weatherford.

Hammons Pan-Am's District Geophysicist

Frans H. Hammons (BA, '41) is district geophysicist in the Pan American Petroleum Corp.'s Houston, Tex., division.

He resides at 7815 Windswept Lane, Houston.

re-united with an 1896 tuba he had learned to play in 1920 and later owned but hadn't seen since 1942.

The horn had been stored away in the attic of a building and forgotten until Jewell's return.

Now a retired naval officer, Jewell started on a music career just out of high school at Cameron College. Later, he graduated from Oklahoma A and M (now Oklahoma State University, Stillwater) and began teaching music and industrial arts at Murray Junior College, Tishomingo.

During the depression he became a free-lance music teacher and part-time school instructor at Altus before his job as instructor at Southwestern.

Jewell joined the Navy after the bombing of Pearl Harbor in 1941 and remained in the service until retiring in 1957.

The former music director at Weatherford High School, as well as Southwestern, originated the current program of SWSC Honor Bands for junior and senior high school musicians.

He now lives in Long Beach, Calif., with his wife and 1896 Gumont Special tuba.

Large Kentucky University Attracts Dr. Charles Clark

A former Weatherford resident and 1939 graduate of Southwestern this year became assistant dean of education at a large Kentucky university.

Dr. C. Charles Clark assumed the responsibilities of assistant dean last fall at Western Kentucky University. He is also director of extension and field services at the university in Bowling Green, Ken.

As assistant dean of education he is in charge of all the university's laboratory and field programs.

Dr. Clark attended Weatherford High School, and after graduating from Southwestern taught at Erick and Granite. Following a 1943-46 interlude in the Army with the Signal Corps in Hawaii and a stint with the Border Patrol in Texas, he returned to teaching and college in Texas.

He received his master's degree from Texas A and I, Kingsville, and moved to Oklahoma to become principal of Heavener public schools.

In 1957 Dr. Clark received his doctorate in education from the University of Oklahoma. That year he became professor of

education at Fort Hays College, Kan., and in 1961 was named president of Paris, Texas, Junior College.

Dr. Clark moved to Bowling Green to become director of extension services in 1963.

He and his wife, Sybil England Clark, formerly from Carter, met while students at Southwestern. But, as Mrs. Clark recalls, "We didn't care for each other...but when we met twelve years later at a reunion there (Southwestern), we had a change of heart!"

Mrs. Clark has seen her husband through two seasons as a football coach, four years as school principal, study for master's and doctor's degrees and sundry other aspects of his career since their marriage in Nov., 1947.

The Clarks have three daughters, one son and two granddaughters.

Western Kentucky University, located in the state where Mrs. Clark says she and her husband would like to stay "forever," this year has an approximate enrollment of 14,000.

Retirement's Out For This Alumnus

After 25 years as a college president, a man quite naturally might be expected to relax on a creek bank and spend at least a portion of his time in a rocking chair.

MARVIN MCKEE

Publication Honors Shirley Cowan Bailey

Southwestern alumnus Shirley Cowan Bailey of Watonga was featured in the 1970 edition of Outstanding Young Women of America. The honor is based on individual contributions to the recipient's community and state.

In addition to a full-time career as homemaker and teacher, Mrs. Bailey is a member of and holds office in several organizations -- Oklahoma Federated Music Clubs, Watonga Music Club, Beta Sigma Phi, Oklahoma Education Association, Oklahoma Reading Council, Chamber of Commerce, Eastern Star, Kappa Kappa Iota, Mu Omega Sigma, Mummer's Theatre women's committee and others.

She is active in the First United Methodist Church and has helped with and organized contribution campaigns for the Cancer Fund and Heart Fund.

Mrs. Bailey was instrumental in writing and presenting a program in state competition which helped Watonga win the first-place award in the state Community Achievement Contest.

Last summer she studied and toured in Europe, and she began work in the fall on her master's degree.

But not Marvin McKee.

This Southwestern alumnus retired in 1968 as head of Panhandle State College, and almost immediately found where the action is -- the Oklahoma Legislature.

Dr. McKee is the state representative from District 61, which includes Beaver, Cimarron and Texas Counties.

And "I'm enjoying this work very much," he says.

The 68-year-old educator-turned-legislator was appointed Panhandle president in 1943, after serving for 10 years as registrar, dean and chief clerk.

He began his professional career as an eighth grade teacher and coach at Canute in 1926. He was promoted to high school principal there a year later, but in 1928 moved to Strong City as superintendent.

'PLEASANT EXPERIENCES'

Returning to Canute as superintendent in 1929, Dr. McKee remained in that Beckham County community for four years before accepting the Panhandle assignment.

"I appreciate very much the many pleasant experiences I had while attending Southwestern State College," Dr. McKee said. "I was privileged to have many excellent teachers during the four years I spent on the campus."

Among the SWSC faculty and staff members he remembers best are Dr. Dora Stewart, Dr. Clarence McCormick, J.R. Pratt and Mrs. Millie Alexander Thomas.

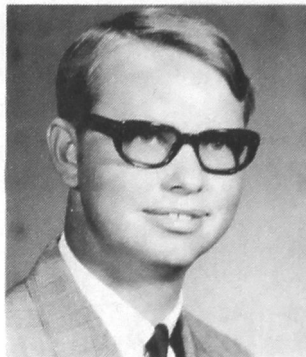

"There were many others that had a part in building a foundation for a well rounded education," he said.

"You have an excellent institution of higher education which is doing a wonderful service for the people of southwestern Oklahoma, the state and nation. Each former student should be proud of their alma mater."

Art Displayed

Mrs. Janis Gard Badenell of Winterhaven, Fla., displayed her brass rubbings in January in her hometown of Fairview.

Mrs. Badenell is a graduate of Southwestern and took her medical technology internship at St. Mary's Hospital, Enid.

Visit SWSC

BY JIM SWEENEY
President, FSA

Congratulations to Dr. Harris and the SWSC staff for the fine educational program they are conducting during these troubled times.

If you have not been on the Bulldog Campus lately, I would encourage you to do so. The general appearance and atmosphere of the student body is great.

Some of the best students in the world must be attending SWSC. The alumni evidently are doing a fine job of encouraging high school students to visit and eventually become students of SWSC.

Your college is still here to serve you. Please contact me, as I would be pleased to help in any capacity.

Schiff Earns Degree, Takes Laboratory Post

Dr. Leonard Schiff is employed as supervisor of clinical laboratories in the General Rose Memorial Hospital, Denver, Colo., after receiving his doctor of philosophy degree from Colorado State College.

Schiff, former Weatherford re-

sident, received his bachelor of science degree in biology from Southwestern. He completed his internship in medical technology at Tucson, Ariz., Medical Center.

After military service which included an assignment with the United States Army Medical Research and Nutrition Laboratory, the Southwestern grad earned his master's degree from Colorado State and went on to complete requirements for a doctorate in virology last October.

While at Colorado State's Graduate School, Schiff earned a grade-point average of 3.63.

Schiff is the son of Mr. and Mrs. Isadore Schiff of Weatherford.

Gaunt to Move

Carol Gaunt, now in his second year as principal of Yukon High School, will assume the same position at Weatherford for 1971-72.

The Weatherford High School graduate earned bachelor and master degrees from Southwestern. He is married to the former Twila Bergner, and they have three children -- Lynne, 16; Kelly, 7, and Todd, 2.

Leatherbury Apache 'Teacher of Year'

Doyle Leatherbury has been named Apache Teacher of the Year for 1971.

Leatherbury is a 1958 graduate of Southwestern State and received his master's degree from Southwestern in 1968.

Teaching general science, chemistry, biology and physics, Leatherbury was chosen for the honor by faculty members of Apache High School and Elementary School. He has taught in Apache for 10 years, and his wife, Jo Ann, is also an instructor in the school system.

Leatherbury, originally from Carnegie, will represent Apache in the Caddo County competition for "Teacher of the Year."

Mr. and Mrs. Leatherbury have two children -- Dana, 10, and Julie, 5.

HEACO Quota Appeal Gets Results

Good response is reported to the appeal for funds to be used in meeting Southwestern's quota in the Higher Education Alumni Council of Oklahoma.

Dr. Carroll Rogers Goes to Cameron As Assistant Dean

Dr. Carroll Rogers, former Southwestern graduate student, is beginning his second semester as assistant dean of Cameron State College, Lawton.

Dr. Rogers assumed the position last June after receiving his doctor of education degree at the University of Oklahoma.

A 1966 summer graduate of Southwestern with a master of teaching degree, Rogers was first employed by Cameron as a math instructor in 1967. After a year's leave of absence to attend post-graduate classes at OU, he returned in 1969 to the Cameron faculty as instructor in the education department.

Dr. Rogers is a former resident of Plainview community in Greer County. He has attended Sayre Junior College, Oklahoma State University, North Texas State University, Denton, SWSC, and OU. He received his bachelor of science degree from OSU in 1961 with a major in mathematics and a minor in science.

He has been employed as math instructor, coach and principal at Friendship and Arapaho public schools and as superintendent at Putnam schools.

Mrs. Rogers, the former Roberta Roush of Arapaho, received her bachelor of science and master of teaching degrees at Southwestern in 1966 and 1967. The Rogers' have one son, Chad Mitchell, age 2.

Teaches Kindergarten

Sue Kellogg Renfro ('70) is teaching kindergarten in Lawton, while her husband, Bob ('69), is stationed with the Army at Ft. Sill. They live at 2309 N. 38th, Colonial Apartments, No. 90, in Lawton.

DR. CARROLL ROGERS

Mrs. Savage Gives Building to Indians

Indians of the Cheyenne-Arapaho tribe were handed a sizeable Christmas gift last December in the form of a two-story building in Hammon.

The presentation was made by Mrs. E. B. Savage, Southwestern's first co-ed and a longtime resident of Cheyenne. E.

The brick building located on Hammon's main street is being used for tribal council meetings and other social gatherings.

Mrs. Savage's building was once part of the general store she and her late husband opened in 1910.

Butler Promoted

Richard Butler, who holds two degrees from Southwestern, has been appointed superintendent of schools in Weatherford.

Butler, Weatherford High School principal for four years, will succeed Marvin Easley in the post on July 1. The new superintendent received his bachelor's degree in 1959 and his master's degree in 1961--both from SWSC.

Former Newsmen Is Executive Director Of Alumni Group

Carter Bradley, one-time Oklahoma newsmen and former aide to U. S. senators, has been selected as the new executive director of the state Higher Education Alumni Council.

Bradley, 51, replaced Dr. Bruce G. Carter in the position on Feb. 28. Dr. Carter resigned to become education advisor to Gov. David Hall.

Bradley is a former United Press International news director and state manager. He served as executive assistant to both the late Sen. Robert S. Kerr and to former Sen. Mike Monroney.

Barnes First To Hold Position At Doctor's Hospital

The historic "first" chief pharmacist and purchasing agent at Oklahoma City Doctor's General Hospital is a 1953 graduate of Southwestern.

"I'm the first full-time pharmacist that the hospital has ever had," says James F. Barnes, "so this makes an item of history for the hospital . . . as well as for myself."

Barnes, whose wife is working as executive secretary for the hospital, says pharmacists before him were retained only on a consulting basis. The hospital is small, but is newly redecorated and remodeled and has approximately 120 beds.

"I find the work very satisfying, but certainly somewhat different from that of a drug store or prescription shop," says Barnes.

"The work is very rewarding -- most rewarding in that I have the opportunity of helping each patient that comes into the hospital." He has held the position since March, 1969.

Barnes and wife, Arazell, live at 4208 N.W. 31st Terrace in Oklahoma City.

Weatherford resident Janice Hix ('61) lives at 614 Eureka.

Simmons Break Retirement Bond

A Weatherford couple - both Southwestern grads - has found a remedy for any boredom in retirement.

After 39 years of teaching and two years of retirement, Henry A. Simmons and wife (she had taught 24 years) decided to do what any sensible couple in the same situation would do.

They joined the Peace Corps and headed for Tanzania, Africa, for two years. They then returned so Mrs. Simmons could teach two more years and qualify for retirement, and packed up for another two-year hitch - this time in Tororo, Uganda.

Originally, the idea of joining the world aid organization came eight years ago in the middle of a television program -- typical retirement entertainment.

"Let's join the Peace Corps," said Mrs. Simmons.

The suggestion met with little

comment and was almost dismissed, but three weeks later - the day before a reply came concerning a letter Mrs. Simmons just happened to have written - Simmons said, "Why don't you write to that Peace Corps and find out about it."

She had. He read. They joined.

The couple spent their time abroad in the dark continent teaching out in the wild and in a U. S. government AID-built girls school.

Aside from class work, they also helped with several projects in the villages including health and nutrition classes, a community outdoor oven, raising money to complete a school building and others.

Today, the Simmons are back in Weatherford. That's where relatives and home are.

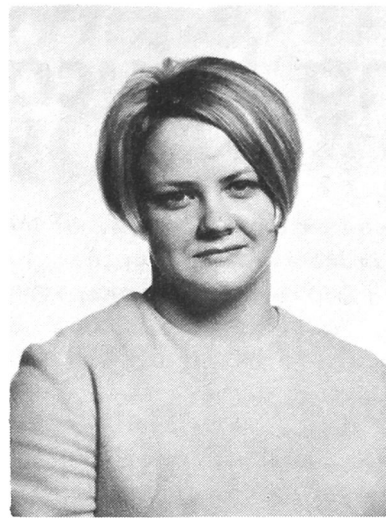

However, during this part of their retirement, they have memories enough and memories aplenty to remember how one couple broke the bonds of retiring retirement and helped not only others, but also themselves.

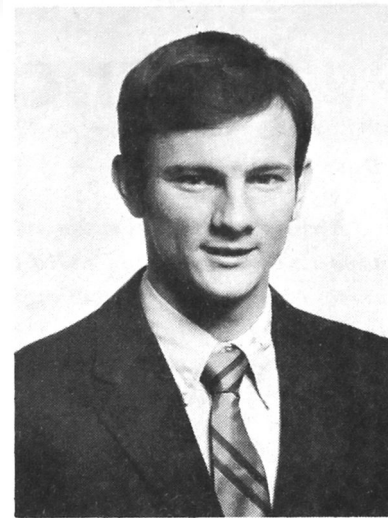

MURIEL DENSFORD

SANDRA HOLCOMB

FRANCES ATKINS

LEE WEEMS

FOUR 1970 GRADUATES of Southwestern are serving as missionary journeymen under the Southern Baptist Foreign Mission Board. Frances Atkins (BSE) of CordeLL was employed to teach missionary children at Pointe-a-Pitre, French West Indies; Muriel Densford (BA) of Ada, youth work in the mission center at Lome, Togo; Sandra Holcomb (BS) of Burns Flat, secretary at the International Baptist Theological Sem-

inary in Cali, Colombia, and Lee Weems (BA) of Ardmore, head of the English department at Vietnam Baptist Theological Seminary in Saigon. Journeymen are young Baptist men and women no older than 26 who work overseas for two years with career missionaries. They trained for eight weeks last summer at Meredith College in Raleigh, N. C., before being commissioned.

Retired Prof Has Seen College Grow

Clarence McCormick was 30 years old when he came to Weatherford in 1918 as head of the Southwestern Normal School mathematics department. An annual salary offer of \$1,650 had been a big factor that led to his resignation from the faculty of the University of Minnesota, where he was being paid \$1,200.

He bought a house for \$3,000. It was . . . and still is . . . located at 120 W. College St. just south of the campus, and has been Dr. McCormick's home for 53 years.

The two-year normal school was soon to become a four-year college, but 1918 had more than its share of problems plaguing J. B. Eskridge, the president. The First World War was drawing to a close. Enrollment was about 400, Dr. McCormick recalls, and was to drop to around 200 in 1919.

A Student Army Training Corps was being organized on the campus with the late Dr. Dora Ann Stewart setting up class schedules for the young men who had enlisted.

RETIRED IN 1957

During his 39 years on the Southwestern faculty . . . he retired in 1957 . . . and the 14 years since, Dr. McCormick has been a vital force on campus and in Weatherford's First United Methodist Church.

His tenure on the faculty cov-

ered two world wars, the Korean conflict, the depression years and the emergence of Southwestern in prominence in higher education.

He survived campus political upheavals that followed every change of governors in Oklahoma during his first 25 years at Southwestern, and he served under nine of the 13 presidents the college has seen come and go since it opened in 1903--Eskridge, A. H. Burris, J. W. Turner, E. E. Brown, C. W. Richards, W. W. Isle, James B. Boren, G. S. Sanders and R. H. Burton.

ONLY ACTING PRESIDENT

Dr. McCormick has the unique distinction of having been only acting president in the history of the school. That was for 20 days during the interim between the Richards and Isle administrations.

He was named dean of instruction by President Burton in 1952. Three years later he asked to be relieved of administrative duties because of his health and returned to teaching during the final two years before retirement.

Southwestern's image changed many times between 1918 and 1957. Dr. McCormick's career spanned all the name changes from Southwestern Normal School to Southwestern State Teachers College to Southwestern State College of Diversified Occupations to Southwestern Institute of Technology and finally

to Southwestern State College.

Now 83, Dr. McCormick still maintains a keen interest in the college and its affairs. He has always been a sports enthusiast and attends games when his health permits.

FOOTBALL HIS FAVORITE

"I like them all," he says, "but football has always been my favorite."

During his more than a half-century in Weatherford, Dr. McCormick's impact in the Methodist Church has been strong. Soon after he arrived in 1918 he took over the teaching of a Sunday School class made up of college students.

In 1932 the class was reorganized as the first Wesley Foundation chapter in Oklahoma, and he continued as its first director. The late Dr. Audubon H. Neff, Southwestern biology professor, was chairman of the first governing board. A total of 99 persons attended the first Wesley Foundation dinner.

Four years later Dr. McCormick was instrumental in organizing the Wesley Players, who for many years performed in religious dramas for western Oklahoma churches. The first director was Marion Diel, a student who had had experience with stock companies. Diel is now superintendent of schools at Clinton.

ALL-TIME WHO'S WHO

A list of Southwestern students who were active in Dr. McCor-

mick's early Sunday School classes, the Wesley Foundation and the Wesley Players would resemble an all-time college Who's Who. It would include State Sen. Ed Berrong and Mrs. Berrong; G. W. Morris, superintendent of the naval graduate school at Monterrey, Calif.; Lois Likes, who later returned as Wesley Foundation director; Rev. Clayton Hughes and his wife, the former Audell Murray; Rev. Bob Templeton; Dr. Grace Burcham, of the Southwestern education faculty; Miss Pearl Burcham, Weatherford school teacher, Pearl Kastner, and a host of others.

He is still a Sunday School teacher, currently for the Wesleyan Class of adults, and as dedicated to his church as he was 53 years ago. His dedication and faith helped him survive a great personal tragedy on May 2, 1968, when his son, Dr. Herbert W. McCormick, brilliant scholar and research chemist, was lost in an airplane crash near Dawson, Tex.

The retired dean has a personal interest in Southwestern this year. His granddaughter, Edith Massey, 20-year-old sophomore from Mustang, is living with him.

"She made a 4.0 last semester," Dr. McCormick smiled. "She's a good student."

And that's about the highest compliment Clarence McCormick can give.

Financing Education Is a Problem

Dear Southwesterner:

Almost everyone made a resolution for 1971. Some of the advertising on TV, the radio and in the newspapers encourages us to make additional savings and investments so that approximately 12 months hence we will be better off financially. I doubt if all of us will be responsive to solving our problems as the media would have us solve them, but nevertheless, our plans are being made to accommodate us individually. In almost every direction we turn a new problem is identified, and the solutions to our problems are not always apparent. However, if it were not for problems I assume there would be little growth on our part.

Perhaps you have read that higher education in the United States this year will be experiencing one of its most difficult years in the past two decades. During the past 20 years we have seen enrollments at colleges and universities increase significantly. In the same period of time budgets for institutions of higher education have also increased. Whether or not enrollment has increased faster than income is a moot question. It is no secret that it is costing more and more to operate an educational institution because of several factors. One obvious factor is the increased cost of goods and services.

It is difficult to disseminate information concerning the needs of higher education in a manner that is clearly understandable. No doubt each institution makes every effort to spend its money wisely, but it is equally true that not everyone believes wise spending is universal on college campuses. We are willing for anyone to analyze our expenditures to determine whether we are living up to the expectations of all those people who are helping to pay this college's expenses. If several individuals analyzed our expenditures they would not likely agree that each was a wise one. However, there are some things on which we can all agree. The college is only as

good as the students it attracts and the faculty it retains.

During the year 1971 the alumni can aid their college by assisting with scholarships, endowments or financial assistance to students. Many adults today are interested in young people and would seriously consider helping if they knew how to go about making their contributions.

Some of our alumni are associated with companies or corporations that assist higher education programs if their employees will first contribute. Frequently this is known as gift matching. Many industries have this type of program, and all one who has contributed to his college need do to activate it is to inform the appropriate company official. The finance department will arrange also to deduct a set amount each month if the employee requests it. We urge those who are so employed to investigate the possibility of a certain amount being withheld from your check with the idea that your company will match your contribution. We have a partial list of companies with a gift matching program which we will share with you if it would be helpful.

Then there are those who would like to make direct contributions to our scholarship foundation. A contribution to the foundation of approximately \$6,800 would pay a student's enrollment fees for many years to come. This amount would permit the principal to be held continuously, with only the interest from the investment being used.

It may interest you to know that the Thirty and One Foundation here accepts gifts of any size for this purpose. The Foundation is well on its way to becoming a substantial one, since many of you have made contributions over the years. (These contributions, incidentally, are income-tax deductible.)

We hope all of you have a very prosperous and happy year!

Al Harris, President

General Electric Employs 11 Grads

Eleven Southwestern graduates are currently employed by the General Electric Co., according to James L. D'Acosta, manager for the southwestern region.

"We are pleased and proud of our GE employees who received all or part of their college education on your campus," D'Acosta said.

The employees and their places of employment include:

Oklahoma City--Kenneth G. Bennett ('59), Tommy L. Hartley ('68), Wanda M. Jech ('69), Merlyn N. Pearson ('62), Barbara A. Reynolds ('63) and Norman L. Robinson ('59).

Dallas, Tex.--Gahlen E. Dinkler ('58) and Kathleen Knightstep ('67).

Bridgeport, Conn.--Steve T. Frans ('64).

Midland, Tex.--Samuel L. Stine ('61).

Memphis, Tenn.--Robert L. Westbrook ('50).

A 1970 SOUTHWESTERN graduate, Roy M. Masuda, has given the college Library a copy of *The Hawaiians*, an expensive and attractive book about the life and heritage of Hawaii. Masuda, now living in Hawaii, sent the book

to John Ludrick, Southwestern division of education and psychology staff member who is shown here presenting it to Mrs. Sheila Hake, college librarian.

About Alumni

Shirley Lou Bourquin (BS) has received the master of arts degree from Adams State College of Colorado, Alamosa.

Gene and Kay (Johnson) Denney, both SWSC graduates, are the parents of a daughter, Chanin Kay, born on Oct. 22, 1970-- which also happens to be Gene's birthday. The Denneys live at 809 W. York, Enid.

The director of visual education at Panhandle State College is Wilbur C. Jones ('32). His home is at 416 Faculty Row, Goodwell.

Howard Kappel ('40) is a real estate agent in Weatherford. His mailing address is Box 423.

Moore's vice-principal of schools is Pauline Lovell Riley ('40). She lives at 923 S.W. Fourth Place.

Midwest City resident Dolph Shults ('41) is the distributive education coordinator at Carl Albert High School. His address is 2828 Mockingbird Lane.

Maurine Post Fails is registrar of Sayre, Okla., Junior College.

Athletic Teams Enjoy Successful Seasons

It has been an interesting and successful year in sports thus far for the Southwestern Bulldogs.

In football, Coach Otis Delaporte's squad took the Oklahoma Collegiate Athletic Conference championship with a record of 7-0-1--with the only blemish a tie (7-7 at Northeastern).

For the season, the gridiron Dogs were 8-1-1.

Coach Jerry Jobe's basketball Bulldogs again found East Central too much to handle, but managed to tie the Tigers for the OCAC crown.

The cagers from Southwestern finished the season with 22 wins and six defeats. In conference action, the Bulldogs won 17 and lost four.

Baseball, track, golf and tennis have begun under the tutelage of the respective coaches-- Cecil Devine, Clint Ponder, Jobe and Cecil Morris.

COL. JODE R. WILSON

Wilson Head Of ROTC Unit Here

An Army Reserve Officer Training Corps (ROTC) unit is being established at Southwestern, with enrollment in the program scheduled for the first time next fall.

And head man for the unit is Col. Jode R. Wilson, a Southwestern alumnus (Class of '48) and career soldier. Col. Wilson has been named professor of military science at the college.

In the 23 years since he left the Southwestern campus, Col.

Mabry Re-Appointed To ABA Committee

Harry C. Mabry, Los Angeles attorney and early-day student of Southwestern, has been appointed to another term on the American Bar Association standing committee on resolutions.

Mabry was invited to remain on the committee by Leon Jaworski, ABA president for 1971-72.

First appointed to the resolutions committee in 1936, Mabry has served on the committee for a total of 20 years. He was chairman in 1963-64.

Wilson has served his country well, with tours of Army duty to his credit in Germany, Korea, Laos and Vietnam. He has averaged one United States service award or decoration for each of those 23 years, in addition to receiving four awards from Vietnam and one from Korea.

"All my life," he said, "I wanted a military career. When I enrolled in college it was to get a degree so that I could be commissioned. The kind of degree didn't matter, so I took courses I would enjoy, majoring in music."

The Wilsons are a Southwestern three-generation family, beginning with the colonel's father, the late Jode R. Wilson Sr., and an uncle, the late De Wilson of Custer City.

His wife, the former Peggy Taylor of Sentinel, attended SWSC, as have the three Wilson daughters--Judy (Mrs. Mike Colbert); Jane, a January, 1971, graduate now employed by a Tulsa television station, and JoDe, who attended Southwestern last fall and will re-enroll next August.

Selection of SWSC as the location of a new ROTC program was announced in January by the Fourth Army. Participation of students will be voluntary.

In choosing the new unit hosts, consideration was given by the Army to each school's capability to produce high quality officers over a long period of time and to the need to increase accession of officers from minority groups.

Estimates of production potential were based on current male enrollment, growth potential and student and faculty interest.

The college-level program provides military leadership education which will qualify interested students upon graduation for officers' commissions in either the Regular Army or Army Reserve.

Military personnel to implement the program will be assigned this spring to the Southwestern staff.

Teddy and Deanne Bentz (both Class of '70) are teaching in Shidler, where Teddy-- former Bulldog end--also is coaching. Their address is Box 226, Shidler.

Carnegie Selects 'Teacher of Year'

"Teacher of the Year" in Carnegie is Mrs. Sid Van Eaton, who holds a bachelor of science in education degree from Southwestern.

Mrs. Van Eaton, who will represent Carnegie in the Caddo County "Teacher of the Year" contest, presently teaches third grade and has also taught fourth grade.

Witherspoons Give Stock To Omaha Art Museum

Mr. and Mrs. D. J. Witherspoon have given \$1 million worth of stock in their company, Pamida, Inc., to the Joslyn Art Museum in Omaha, Neb.

Witherspoon, a graduate of Southwestern, is president of Pamida, parent company of more than 100 Gibson Discount Centers in Nebraska and other states.

Pamida stock was placed on the American Stock Exchange for the first time last summer. The stock's value has increased steadily, rising from the original listing of \$27.50 per share. At last report the stock was selling for just over \$47, but at one time had reached \$50.

Witherspoon said the stock gift would amount to about 30,000 shares today. However, the gift will be spaced over a period of time--probably "the next four years."

The millionaire Omaha businessman has contributed generously to his alma mater. Five students are currently attending the college on scholarships provided by Witherspoon in the names of Weatherford residents Mr. and Mrs. Lonnie Dunn and retired Coach and Athletic Director Rankin Williams.

Witherspoon lived with the Dunns while attending SWSC, and Williams was Witherspoon's coach here.

JAMES S. CRAWFORD

Airman James S. Crawford of Oklahoma City has graduated from the Air Force pharmacy specialist course at Sheppard Air Force Base, Tex.

The airman, now trained to compound and dispense drugs and chemicals, is assigned to March AFB, Calif., for duty with the Strategic Air Command.

LEWIS O. SHEPHERD

Lewis O. Shepherd (BS, '70) of Pascagoula, Miss., has been commissioned a second lieutenant in the Air Force after graduating from Officer Training School at Lackland AFB, Tex.

Selected for OTS through competitive examination, Lt. Shepherd is being assigned to Keesler AFB, Miss.

The lieutenant has served 13 months in Vietnam and formerly was assigned to Clinton-Sherman AFB in western Oklahoma.

WORN E. WARE

Commissioned recently as a second lieutenant at Officer Training School, Lackland Air Force Base, Tex., was Worn E. Ware (BA, '69).

Lt. Ware has been assigned for training as an aircraft maintenance officer at Chanute AFB, Ill.

He is from Quinton.

THOMAS G. BOLERJACK

Air Force Capt. Thomas G. Bolerjack of Tulsa has begun his duties as a pharmacy officer at Wurtsmith AFB, Mich.

Capt. Bolerjack, a 1968 graduate of the Southwestern School of Pharmacy, was assigned to Wright-Patterson AFB, Ohio, before going to Wurtsmith.

JACK HELM

Maj. Jack Helm (BS, '66) of Memphis, Tex., has graduated from the U. S. Air Command and Staff College at Maxwell Air Force Base, Ala.

Maj. Helm was among select government officials and officers from U. S. and allied armed forces enrolled in the class. The curriculum covered advanced military leadership, management and use of aerospace forces.

The 10-month program is part of the Air University's professional education system to prepare officers for higher command

and staff positions.

The major holds the aeronautical rating of senior pilot.

JOSEPH S. WALKER

AW3 Joseph S. Walker (BA, '69) of Clinton was "Sailor of the Month" for February in the Navy's Patrol Squadron 45.

The award was presented to Walker by Secretary of the Navy John H. Chaffee at the squadron's deployment site in Signonella, Sicily.

Petty Officer Walker is a member of the Anit-Submarine Warfare Operator Branch and Flight Crew 12. He joined Patrol Squadron 45 in July, 1970.

His citation read in part: "Your selection from among your contemporaries is due to your meritorious performance as a petty officer and AW3 air crewman. Your performance as the Julie-ECM operator on Crew 12 has contributed largely to your crew's consistently high grades on patrol-training flights during this deployment. This concern with which you approach your job reflects a highly professional attitude and exceptional attention to detail."

RONALD J. WILLIAMS

Army Specialist-Four Ronald J. Williams (BS, '67) of Lawton is a bridge specialist in the Second Armored Division's 17th Engineer Battalion at Fort Hood, Tex.

Commissioned in 1969 at the Lackland AFB, Tex., Officer Training School, Lt. Ragan is a graduate of Dill City High School and majored in business administration at Southwestern.

His wife, Vicki, is formerly of Liberal, Kan.

KENNETH R. McENTIRE

The Air Force silver wings have been presented to Second-Lt. Kenneth R. McEntire (BS, '69), who recently graduated from the Navigator School at Mather AFB, Calif.

Lt. McEntire, from Broken Arrow, remains at Mather for specialized air crew training. He is a graduate of Bixby High School and holds a degree in accounting from Southwestern.

LEWIS D. BALLARD

Capt. Lewis D. Ballard (BS, '57) of Altus is a member of the Air Force unit that won the Chennault Memorial Trophy for 1970.

The trophy--a tribute to the late Lt.-Gen. Claire Lee Chennault, founder and leader of the famed Flying Tigers who flew in China before and during World War II--is presented annually by the 14th Air Force Association to the outstanding unit in the Aerospace Defense Command's 14th Aerospace Force.

Capt. Ballard is an Air Force sensor space surveillance officer with the 20th Surveillance Squadron at Eglin AFB, Fla. His unit

is responsible for operation of the world's first space-age radar system, which is designed specifically for satellite detection and tracking.

The system--Phased Array Radar--can track 200 satellites simultaneously while also keeping surveillance for unknown space objects and sea-launched ballistic missiles.

The captain was commissioned upon completion of Officer Training School at Lackland AFB, Tex. His wife, Patricia, is formerly from Hartsville, S. C.

A. KINNEY COOK

"Soldier of the Month" in January for the 52nd Aviation Battalion near Pleiku, Vietnam, was Army A. Kinney Cook (BA, '67) of Costa Mesa, Calif.

A legal clerk for the battalion, Cook was selected for the honor for his soldierly appearance, knowledge and performance of duties and military courtesy.

From Kingfisher, Cook attended the University of Oklahoma Law School after graduating from Southwestern. His wife, Sally, lives in Henlawson, W. Va.

ANSEL P. CARD

Airman Ansel P. Card, a 1970 graduate of Southwestern, has completed basic training at Lackland Air Force Base, Tex. He is now assigned to Gwinn AFB, Mich., for training in aircraft maintenance.

The airman is formerly from Weatherford.

Memories

Dear Sir:

Just received Echoes from The Hill and enjoyed reading it so much. I enjoyed seeing Dr. Dora Stewart's picture on the front cover. It brought back lots of wonderful memories of having attended SWTC from 1934-1938.

I would like a copy of the Echoes from The Hill for December, 1969, and March, 1970, as I didn't receive copies for those two quarters. I appreciate your sending me the Echoes, thanks.

Sincerely,
Mrs. Ruby (Swagger) Hobbs
Box 288
Erick, Okla.

Farmer

Sirs:

Please change our address to R. L. and Peggy Jo Lash, Rt. 2, Box 61, Custer, Okla.

Our old address was Butler, Okla. I am retired from the teaching field and am farming on a full-time basis.

Sincerely,
R. L. Lash

Excellent

Dear Millie:

For many, many years, it has been this writer's opinion that Southwestern's journalism department is of most excellent quality -- a cut about most. With Echoes from The Hill, you are confirming this opinion. What happier memories than college days, and a double thrill to receive names and addresses of old friends lost for years, but not forgotten. With the receipt of each copy of your paper, we add a name or names to our Christmas card list.

A visit to your campus this spring brought several sensations -- nostalgia in viewing the buildings I enjoyed, pride in the growth, pleasure in the friendliness and warmth of the personnel with whom I dealt, and utter shock at the youth of the students! Were we that young ever? I'd recommend time out to all out-of-state alumni on your next visit home for a visit to our Alma Mater.

Thanks for all previous copies of your publication. We'll be looking forward to the next issue.

Regards,
Katherine Shoffner

Move to Enid

Dear Sir:

We are writing this note to let you know that our mailing address will be Rt. 3, Enid,

Diverted

To the Editor:

I am a 1970 graduate of Southwestern State. Unfortunately, I was drafted midway through the summer of 1970, but, fortunately, after completing basic and advanced infantry training at Ft. Ord, Calif., I was one of the many GPs who were diverted from an assignment in Vietnam to an assignment in Berlin.

It is a long way from the world as I know it. News from the States is always welcome. Please include my name on the subscription list for The Southwestern. Bill me for any necessary charges.

Thank you.

Echoes:

Please place my name on your mailing list.

I was graduated from Southwestern Normal in 1916. I will be remembered as Grace Lucile Rice.

My husband, Felix Thomas Gastineau (now deceased in 1955) was graduated from SWN in 1912.

Sincerely,
Mrs. F. T. Gastineau

Addresses Found

Dear Echoes:

We were so glad to receive this issue of Echoes. We have found so many of our friends' addresses in it. We were quite taken and surprised to hear of the death of Dr. Hassinger. It was quite a loss for Southwestern.

I noticed in the Echoes "lost" list Tom Pennock. He is my uncle. His address is: Tom Pennock, 113 Mimosa, Lake Jackson, Tex.

I'm very sure he and his family

would enjoy receiving an Echoes. They were up here in June and we took them to Weatherford. They couldn't believe how Weatherford and Southwestern had changed. They said they were a little disappointed because, as Aunt Velda said, "There still aren't enough trees." He married Velda Wright of Enid. They graduated in 1946, I think. They have two children--Steve, 16, and Vickey Lynn, 12. He is head druggist for two drug stores in Lake Jackson.

You might also add Ronald Hafner to your Echoes list. He and his wife are our next-door neighbors here in Okeene.

We would also like to know the address of Jack Norris. He is a 1969 (I think) graduate of SWSC. His major was speech and English. Last we heard from him he was somewhere near Garden City, Kan. If you can find his address, please put it in the next issue or drop me a line.

My wife (former Carlotta Acre of Canton, BAE, '70) is teaching at the Okeene High School. She is teaching art. I am now awaiting Uncle Sam.

I'm enclosing a check for our dues and for those of my uncle. Tell them that is their Christmas present. Say, that would be an idea to give a year's dues for someone who graduated from SWSC but has lost contact and isn't receiving Echoes.

Also, please send us the last two issues of Echoes so we may have the complete mailing list.

Thanks again for Echoes. We enjoy it very much and look forward to receiving it in the years to come. I would enjoy seeing some candid snapshots of some of the things which have happened during the year--not only from my years but from years ago.

Thanks again,
Ken and Carlotta Ransom
and our new one, Kim
Box 33
Okeene, Okla.

(Thanks for your letter. Jack Norris' address has been mailed to you.)

Always Enjoyed

Dear Mrs. Thomas:

Echoes from The Hill is al-

ways enjoyed by me before I forward it to my son, Howard Craig Spraggins ('69), who is at the present time stationed in Camp Pendleton, Calif., as a lieutenant in the Marines. He has just received orders for duty in Okinawa. His wife and new baby daughter will live in Altus, so both grandparents can spoil the first grandchild!

A check for his FSA dues is enclosed.

Just happened to know several of the "lost" former newsletter recipients, and their present addresses are:

Kay Marie Drake Babb, 420 N. Park Lane, Altus, Okla.; Nancy Ruth Ellis Lillard, 124 Sumner Dr., Altus, Okla., music teacher in Altus Junior High; Anna Madelon Inzer Herring, 518 E. Cypress, Altus, Okla.

Sincerely yours,
Mrs. Hubert Bonds

Read About Friends

Dear Sir:

Both of us enjoy reading about our friends in Echoes from The Hill, and appreciate receiving it. Please change our address, so we can continue to receive it.

Larry graduated from SWSC in May, 1967, and I in July, 1966. We both received the master of teaching degree in 1968. We have continued to take classes and are still in contact with "our" college. My only sister, Gloria Pruett, is a senior there now.

After teaching 2 1/2 years at Geary, Larry was drafted into the Army. He took his basic training at Ft. Bliss, Tex., and for the past year has been stationed at Ft. Riley, Kan. He is with the First Infantry Division and is head orderly room clerk.

I taught one year at Corn Bible Academy at Corn, and the past three years at Greenfield. I have moved to Blair and am teaching home economics here.

Again, we say "thank you" for the paper.

Sincerely,

Slowed by Illness

Dear Millie:

Due to illness, was unable to attend Homecoming on Saturday, Oct. 24. First time in a long time.

Enclosed is check for my dues.

Thanks,

Best Laid Plans . . .

Dear Mrs. Thomas:

Enclosed you will find my check in the amount of \$2 as membership dues for this year in the Former Students Association.

We had planned to pay these dues in person at the Homecoming festivities, but due to my having been ill earlier in the week and the weather situation this morning (Oct. 23)--we are havng a real "gully-washer" rain storm--we decided against driving up today for Homecoming. Maybe we can make it next year.

We have thoroughly enjoyed Echoes from The Hill and The Southwestern during the past year. It is good to know of the progress being made at Southwestern.

If you have the addresses of Raymond Cox and Jack Cox, I would appreciate you sending them to me . . .

Best of wishes for the Homecoming activities and for the future of Southwestern.

Sincerely,
Melvin B. Bridgford ('49)
3912 Wren Dr.
Ft. Worth, Texas

P.S. Has any provision been made for life memberships in the Former Students Association?

(Mr. Bridgford, the addresses were sent as you requested. And, no, there are as of this date no provisions for life memberships in FSA. This would be a good subject for discussion at the FSA Homecoming luncheon next fall.)

Not Lost

Dear Sir:

In regards to Echoes from The Hill received recently, we noticed our names on the list of "lost" alumni (Loran Myers and Wynona Myers of Rt. 1, Sentinel). We are husband and wife and do receive the paper addressed to: Mrs. Wynona Meyers, 640 Timber Lane, Oklahoma City.

The address should be Mr. and Mrs. Loran Myers, 640 Timber Lane Ave., Oklahoma City, Okla.

My husband teaches math and I teach seventh reading in the Western Heights School, Oklahoma City.

We enjoy the paper. Thanks.
Sincerely yours,
Wynona Myers

Estimator

Hello:

I enjoy reading the Echoes. The only thing is I don't see enough about people I know. But then I guess that is because too many people are like me and do

. . . and Letters

not take the time to write about themselves.

I graduated from SWSC in 1964 with a BS in math. I am now the estimator for North Haven Gardens, a landscape contractor, in Dallas. I would particularly like to hear from classmates of mine--Tom Sweet and James Suiter.

Hershel Higgins

(Hershel: Suiter's address is 2212 5th St., Apt. 26, Lubbock, Tex. We need Sweet's address, too.)

Agrees

Dear Editor:

I continue to enjoy and look forward to Echoes from The Hill. Agreeing with the sentiments of other former students, I, too, think this publication is the first excellent form of communication published by the college for former students.

I completed my master of education degree in public school administration from the University of Alaska in August. Going to night school is a way of life in Alaska--probably because there isn't much else to do! But it is interesting and exciting to be in a place where adults place so much value in learning.

This year is my third and last year teaching at Wendler Junior High School. I teach typing and journalism and sponsor the school paper, and am public relations representative for the school. It has been interesting and lots of fun; however, my husband (who is in the Air Force) will be transferred in June--to where we don't know. I will certainly send you my change of address when we get settled again in the summer.

Once again, thanks for a really fine publication. College days were lots of fun, and "remembering" with Echoes from The Hill is the nicest pastime I can think of.

Sincerely,
Janice Brady Jacobson (BS, '57)

Best of Year

Dear Sir:

Please find enclosed \$2 for our

subscription for the Echoes from The Hill. I think this is the best magazine of the year.

John and I graduated from SWSC, both with master's. I graduated in 1934, and, believe me, I don't know what I would have in life without a degree. I have become an international artist, exhibiting in Vienna, Austria, in May, 1965.

John and I plan to open up our Mission Gallery in June, 1971. The proceeds will go to help find homes for the unfortunate children.

We hope to find homes from the graduates of SWSC.

Our place will be called Save the Baby Mission Gallery at Beaver, Ark., on Tablerock Lake, four miles from Eureka Springs. We hope everyone who reads this will come and visit us and be a member of our family.

Sincerely,

John and Editha (Spowls) Hyer

From California

Dear Mrs. Thomas:

We are enjoying Echoes so very much and are enclosing \$4. However, the name should be changed from Jimmie Joe Cunningham to James Russell Cunningham. The address is correct.

Jim graduated from SWSC in 1964, and I attended (Sue Reimers Cunningham) in 1961 to the summer of 1963.

Jim is presently employed as a medical technologist at the local hospital here in Quincy. We have three children--Chad, 7, Amy, 2, and Jamie Elizabeth, 1.

I am including a few names and addresses of other students that you may not have.

Sincerely,

Jim and Sue Cunningham
P.O. Box 589
Quincy, Calif.

(You provided us with three new names for Echoes' mailing list: Neil and Trudy Reimers Harris, 1507 Mt. Washington Rd., Ardmore, Okla.; William Carter, 944 S. Terrace, Apt. 215, Tempe, Ariz.; Beverly Joan Reimers, Rt. 1, Custer, Okla. Thanks!

Grateful

Dear Mrs. Thomas:

Please find enclosed a check

for \$2, which will enter our son as a member of the Former Students Association: Pfc. John David Pinezaddleby, 447-48-3519, 47th IPSP, 2nd Bde., 101st Airborne Division, APO San Francisco, Calif. 96383.

John graduated from Southwestern in May of 1969 (BS degree), enlisting the following August. He is now in Vietnam and always mentions how kind the school was to him. He is very grateful for the time he spent at Southwestern, and especially for the teachers that he was fortunate to have.

We enjoy reading the Echoes also, and you may keep the mailing listed as it is, and in case of any change, we will notify you. We will forward the Echoes to John from here, in case his address is changed again.

Our thanks to all of you on the Hill for your kindness to our son, John.

Very sincerely,
Mrs. Robert Pinezaddleby

P.S. John is a Kiowa-Creek Indian.

Likes Echoes

Dear Millie:

We were at Ramon's recently and saw the magazine that is published there at Southwestern. I enjoyed thumbing through it. Just wondering if it could be possible to have it sent to:

Bill L. Kerr ('49), 32503 35th Ave. SW, Federal Way, Wash.; Mrs. L. J. Schmidt (June Kerr, Ex-'45), 1821 Monte Vista, Dalhart, Tex.; Riley T. Kerr ('64), 1398 Ship Rd., West Chester, Pa.

If any charges, please bill me and let me know. Tell all my friends hello for me.

Sincerely,
Mrs. George Kerr
Box 153
Okeene, Okla.

(Mrs. Kerr, there are never, ever any charges for Echoes. We thank you for the addresses.)

Midwest Citian

Dear Editor:

Please add my name to your mailing list. I would indeed be happy to receive the publications.

I am a 1941 graduate of SWSC. This is my 18th year teaching in Midwest City schools.

I would enjoy receiving the paper and reading about old acquaintances.

Thank you,
Thelma Patton Walsh
4340 SE 16th
Oklahoma City, Okla.

Son in Army

Dear Mrs. Thomas:

Enclosed you will find a change of address label and a check for \$2.

Our son, Thad ('69), joined the U. S. Army in September, 1969, graduated from OCS at Ft. Benning, Ga., and received his paratrooper wings at Benning in August, 1970. He is at Ft. Bragg, N. C., in school for special forces and will complete this course in December, 1970 (letter was written Nov. 12).

I forward his copy of Echoes from The Hill to him and he does enjoy it.

My husband returned from Korea in October, and we were transferred to Otis Air Force Base, Mass.

We thank you, again, all of you at Southwestern State College, for the guidance and assistance you gave our son while he was a student there. We know the three years of being a member of your student body has been of valuable help to him since he has joined the Army.

Continued success at SWSC.

Sincerely,

Mrs. Stanley Gembacz
5324 B Tinker Ave.

Otis AFB, Mass.

Won't Miss It

Echoes:

We have moved recently and would like to have our mailing address changed. We certainly don't want to miss receiving the Echoes from The Hill newsletter.

Thank you for sending it to us.

It's Great

Dear Mrs. Thomas:

We have been receiving Echoes for about two years. Thank you, Mark Mouse, for submitting our names. It is great to keep up with the growth of Southwestern State College, and also to keep up with the alumni.

Tom and I obtained our BA degrees in 1965. We live in Yukon and have a 19-month-old daughter. Tom is employed in the creative services department with the Oklahoma Publishing Co.

I taught English and speech at Western Heights High School for two years and English at Yukon Junior High School for one year and a half. I received my master of teaching degree from Central State College in 1968. Presently I am working on a counseling certificate at CSC and am staying home taking care of

... and Letters

our daughter.

We enjoyed coming back to SWSC for Homecoming. The musical presentation of the band and vocal chorus during half-time activities was enjoyable.

Thanks again for sending us Echoes.

Mrs. Tom Brower

P. S. I would like to submit Mrs. Grace Cotter's name to receive the alumni newsletter, Echoes from The Hill. In 1958 she received her master of teaching degree. Her address is 830 Poplar, Yukon, Okla. She teaches science at Yukon Junior High.

Another bit of news: Bob and Betty Ann Klaassen are the new parents of a son born Oct. 19, 1970. Both are Southwestern graduates. Their address is 209 NW 85th, Oklahoma City.

From Staten Island

Dear Hazel (Evans):

You will be as surprised to hear from me as I was to receive a copy of Echoes from The Hill. How on earth did you get my address? Enclosed is my check for \$2 to cover membership in the Former Students Association.

What a delightful article about Aunt Dora Stewart, perhaps the most beloved professor who has ever been at Southwestern. And I have this day written her a letter. Hazel, I have thought many times since being graduated from Southwestern how very fortunate we were to have some outstanding professors who really cared about their students. I also recall how poor most of us were who went there; but there was a camaraderie in poverty that gave us something quite worthwhile. When I compare our situation to those who are in college now, I am horrified at the insolence of so many of today's students.

Each year I look forward to retirement; but knowing myself as I do, I am actually afraid to retire because I don't know what I would do. At the moment I am supporting a hobby which may or may not turn into a retirement vocation -- buying and selling antiques . . .

For the past years I have been

in administration and quasi-administration. At the present, I am manager of the lectures and concerts and the grants officer for one of the 18 colleges of the sprawling City University of New York.

In a fortnight (letter was written on Aug. 24, 1970) I leave for a three-week tour of the British Isles. You must receive a great deal of correspondence, but if you have time, I would certainly enjoy hearing from you. Please remember me to Millie Alexander.

Dear Millie:

Thank you for the many times you helped me get enrolled while I was a student at Southwestern.

Will you please put us on the Echoes from The Hill mailing list? We would like also to receive The Southwestern, if it is still being published.

We have one son, Rickey, living in Norman. My wife, Francis Lee Paxton Berry (BS, '37), teaches fourth grade here in Perry. Our home address is 1407 N. 8th.

Farming

Dear Millie:

Another Southwesterner, Pat Thomas, gave me the June edition of Echoes from The Hill. I enjoyed it very much, and am enclosing my check for \$2.

Will you please ask Al Harris to put me on the mailing list?

I will be remembered as Viva Cloe Miller; however, I married Roy Cloud before I graduated.

Roy is a very successful farmer, and is currently farming two sections of irrigated land here, near Clovis. I taught 24 years in Oklahoma, mostly in Canute and Pond Creek, before we moved to Clovis. This is my seventh year here. If I decide I really enjoy teaching, I may make a

profession of it!

We have a daughter, Pat, who teaches in Euless, Tex. Her husband, David Miller, is a doctor in Parkland Hospital in Dallas.

We have one son, Larry, who is serving in the Navy at present. We also have one granddaughter, Manda Miller, two years old.

Several Southwestern grads are in the Clovis systems. Some are Pat Thomas, Steve Graham, Terry and Shirley Swann.

Give my sincere good wishes to the Burcham girls -- we are friends of long standing.

Sincerely,
Mrs. Roy Cloud

Good Reason

Dear Sir:

I would appreciate being placed on your mailing list for your alumni magazine.

My reason for wanting to receive your alumni magazine concerns my five children who are nearing college age.

They have selected your school as a possible one to attend. One of the criteria, among others, I am using in determining to which school I will send them is the kind of person graduated from that school. I can think of no better way of receiving adequate answers to this question other than by reading about the activities of the alumni.

Sincerely yours,
Bradley S. O'Leary

Pilot

Dear Mr. Shelton:

My husband, Charles, is presently stationed in Da Nang, Vietnam, where he serves as pilot of an EC-47 reconnaissance plane with the Air Force.

As a graduate of SWSC (BS, '68), he has mentioned several times that he would like to receive Echoes from The Hill so he could sort of keep up with his former classmates. For that reason, as well as the fact that I hope also to be a graduate here this spring, I'd like to ask that you add his name to your mailing list.

Perhaps, however, it would be wisest to mail them to our home address, and I can just forward them to him. That will be: Charles Edward Capshaw, P. O. Box 241, Eakly, Okla.

Thanks ever so much!
Sincerely,
Mrs. Lonita Chambers Capshaw

Sorry, G. Andy

Dear Echoes:

I have enjoyed receiving Echoes from the very first issue, even though someone slightly disremembered my name -- it should be G. Andy instead of A. D. Andy.

Although it is correct that I am chief of the Civilian Training Branch at Tinker Air Force Base, where I have worked for almost 29 years, I would like for you to change my mailing address. I plan to retire within the next year or so and would like to continue to receive Echoes. My home address is: 3408 N.W. 43rd St., Oklahoma City.

There are three other SWSC graduates in our organization who would like to be put on the mailing list. They are Howard Hayes, 2520 Cashion Pl., Oklahoma City; Royce Johnson, 6604 S.E. 15th St., Midwest City, and Max Hire, 6205 N.W. 22nd St., Bethany.

In addition, Gerald Goodwin, who is an industrial engineer here, has asked me to include his name. His address is 3316 Glenvalley, Midwest City. Ed Ely, who is the chief, Personnel Field Operations Division, at our higher headquarters (Air Force Logistics Command) in Dayton, Ohio, would also like to be on the list. His address is 3025 E. Rahn Rd., Kettering, Ohio.

Please pass my check along to Millie. It is for membership in the Former Students Association.

Sincerely,

G. Andy Graves (BS, '35)

Broken Foot

Dear Millie:

I keep putting off sending these names so they will have a chance to read Echoes from The Hill. I will not let ours out of the house -- they must be read here. Was Vol. 54, No. 1, March, 1968, the first issue?

I've read Jimmy Craddock's "Aunt Dora Stewart" article so many times. It was so heartwarming, and, of course, I cry each time I read it. So on Aug. 13, 1970, I typed two pages of news about some of her former students who live here in California.

Am sorry about not typing this short note, but damaged metatarsel left foot Nov. 3 -- still too swollen for walking cast. Can't you imagine my left foot elevated over head -- trying to sit at typewriter? And at my age? . . .

Our 40th anniversary will be the 20th of December (letter was written Dec. 14). Our first one was in Weatherford -- left there in 1941 for Clinton -- to Calif-

London Residents

Dear Editor:

We graduated in 1965, and for the past five years we've lived in several different places --- Atlanta, Ga., Houston, Tex., Tulsa, Okla., and Hinsdale, Ill.

In May of this year (1970) we were transferred here to London, England. Phil is an accountant for AMOCO, and we both like living here very much. We hope to be here several years.

Please change our address and send by air mail. Anything sent by regular post takes about five months. We will be glad to pay for the postage.

Thank you,
Phil and Nova (Vick) Haught

P.S. Would it be possible to arrange the Echoes from The Hill by years -- 1969 information first, then 1968, etc.?)

(Mrs. Haught: We hope someday to separate Alumni Newsbits by years. Thank you for the suggestion.)

From Arizona

Dear Millie:

Enclosed is my check for \$2 for FSA dues. I surely appreciate receiving Echoes from The Hill and enjoy reading about past acquaintances.

Since graduating from Southwestern (BS, '58), I was employed by the Amarillo public school system for three years, teaching first grade. I also did substituting for three years there.

We lived in Stillwater, Okla., for one year while my husband got his master's degree. We lived in Ethiopia, Africa, for two years (1964-66) while my husband taught agricultural engineering at the Haile Selassie I

University College of Agriculture. I worked one year as typist-receptionist and taught grades 1-3 a half-day for one year while we were in Ethiopia.

We have been living in Tucson, Ariz., since August, 1966. My husband is just about to finish up his Ph.D. in hydrology and agricultural engineering. I have been teaching at a private kindergarten a half-day since September, 1968.

We have two boys -- Gary, 8-1/2, and Howard, 7.

Would you please send Echoes from The Hill to my mother, Mrs. Bessie Mae Fite Sappington, Willow, Okla.; to my sister-in-law, Mrs. Martha Marie Kerbo Sappington, Willow, Okla.; to my brother, William Earl Sappington, 125 Ridgecrest Rd., Edmond, Okla.

Sincerely yours,
Marjorie Sappington Clyma

Paid Up

Dear Millie:

Enclosed is my check for Echoes from The Hill -- also for my sister, Laura McCarty.

If the edition about Dr. Dora Stewart is still available, please send one to Laura. Her address is Miss Laura McCarty, 2212 Dana Lane, Modesto, Calif.

Laura suffered a stroke 10 years ago which affected her speech and right arm; however, she's made a reasonable recovery.

This is my ninth year of teaching here in a suburb of Ft. Worth. I plan to teach one more year, then quit, as my husband will be retiring then.

We have one son who is a Navy pilot and one who is still in college.

Sincerely,
Helen McCarty Parker

Regular Reader

Dear Mrs. Thomas:

Larry and I receive Echoes from The Hill paper and really enjoy reading about former classmates and friends.

Larry is currently helping his dad on his farm southeast of Reydon. We have a 10-month-

old (in October) baby boy named Neal. Larry's mother, Iris Turbyfill Pennington, is also a graduate of SW.

I'm enclosing names of former students. You may already have most of them. I hope some help.

Also enclosed is \$4 for dues for Larry and me.

Yours truly,
Pauline (Widener) Pennington

(Thanks for the six new addresses. You win a year's subscription to The Southwestern.)

Helps to Keep Up

Gentlemen:

I would like to write in and tell you how much I enjoy reading Echoes from The Hill. This is the only way I keep up with some of my former classmates.

I became Mrs. Paul LaBrue in March, 1968, and this past summer we had our first child, Paul Jr. This is our third year at Jet, and we are both teaching in the Jet-Nash school system. Paul is boys and girls basketball coach, and I teach business education.

Thanks again for the publication.

Sincerely,
Dixie (Campbell) LaBrue

Enlists

Dear Editor:

As a 1968 graduate of SWSC, I would like to inform the Echoes and my friends who receive it of my change of status and address. After teaching electricity-electronics and math for three years in Hugoton, Kan., I have enlisted in the Army.

I am presently stationed at Fort Monmouth, N. J., and am being trained as a microwave system repairman. My wife has joined me here, and we are living in Eatontown, N. J. I certainly thank you for continuing to send me the Echoes.

Sincerely yours,
Pvt. Stanley Stephenson
124 Wyckoff Rd., Apt. 34
Eatontown, N. J.

Another Move

Dear Echoes:

Another move, a new address. Bob has started work for the Naval Weapons Laboratory, Dahlgren, Va. Bob transferred from NASA MSC, Houston, Tex.

Our new address is Rt. 1, Colonial Beach, Va.

Bob graduated from SWSC in 1967 with a BS.

Thank you,
Mrs. R. R. Piera

Pharmacy School Ranks Among Best

Thirty years ago degrees were awarded to the first graduating class from the Southwestern State College School of Pharmacy. The class consisted of two pharmacy majors, and the school had only one faculty member at that time.

Since 1941 the number of graduates per year and the size of the faculty has increased greatly. The 1970 graduates in pharmacy numbered 130, the largest class to receive degrees since the founding of the School of Pharmacy in 1939.

There are now 19 faculty members on the teaching staff, including Dr. Walter Dickison, dean of the school. Three Weatherford medical doctors are part-time faculty members and hold the rank of lecturers.

Also regarded as part-time pharmacy staff members are a hospital administrator and a chief pharmacist, both from St. Anthony Hospital in Oklahoma City.

NINE HOLD DOCTORATES

Nine of the pharmacy teachers have doctor of philosophy degrees -- from eight different graduate schools.

Only two faculty members hold bachelor's degrees and are presently ranked as instructors; the remainder of the staff have worked beyond the baccalaureate level. This year a full-time advisor of procurement and supply

was also employed by the school.

Nationally, the SWSC School of Pharmacy is ranked in the upper 10 per cent of fully accredited undergraduate schools enrollment-wise. Of approximately 75 pharmacy schools in the United States and Puerto Rico, the Weatherford school is one of the two or three largest according to student population.

This year's enrollment includes 352 students in the professional school, in addition to approximately 300 enrolled in pre-pharmacy.

Pharmacy facilities have also greatly improved since 1939. Beginning in the basement of the Old Science Building, the pharmacy classrooms and labs gradually increased and were moved from building to building as the school grew.

In the fall of 1963, the Chemistry-Pharmacy-Physics Building was used for the first time, and the School of Pharmacy occupied the entire third floor.

ADDITION CONSTRUCTED

According to Dean Dickison, the school proceeded to outgrow the building almost as soon as they moved in. In order to provide the necessary additional space for the Pharmacy School and other departments, a new three-story wing almost equal in size to the original building was constructed in 1968-69.

Facilities within the School

include some of the most modern and up-to-date equipment available to college students. To supplement the teaching program of the staff members, the school purchased video-tape equipment and set up a television studio within the building for the production of tapes.

The school has five remote control television units which are wired for use in the classroom and laboratory. In addition to using the tapes to complement lectures, Dean Dickison plans to use the video-tapes with the school's extension program.

An important "cog" in the educational machinery is the supply room. As stated earlier, a full-time advisor of procurement and supply is in charge of maintaining the supplies needed for the school's numerous classes and labs.

LEARNING TECHNIQUES

Students learn pharmacy techniques and dispensation in a prescription lab which is constructed to simulate actual pharmacy conditions and surroundings. Each student is provided an individual counter equipped with a telephone, a balance and other supplies he would find in a regular pharmacy.

"The pharmacy student's last year of practice is spent filling prescriptions and defending his drug choice," said Dean Dickison. For this purpose, in addition to others, the prescription lab plays a very important part in student training.

Animal surgery is important to student pharmacists in determining the effects of drugs on body functions. Facilities in the school's operating room include hospital lamps comparable to those used in the nation's finest medical institutions.

The room is also equipped with a static-proof floor, a small standard operating table (such as those used in regular hospitals), a warning system which indicates the presence of static electricity and a seven-channel polygraph for monitoring the body functions of animals in surgery.

EMERGENCY TREATMENT

In the event of an emergency, the operating room could be utilized for treatment of injured persons.

Other facilities within the School of Pharmacy include a student lounge, a physiology or pharmacognosy lab, an animal room, a seminar room and a

model pharmacy.

The student lounge is presently undergoing remodeling and will include a sub-library to supplement the campus' main Library. Both the physiology lab and the animal room contain an extensive amount of high-quality equipment for student use.

Faculty meetings and student organization meetings are held in the seminar room. It is also used by company representatives for job interviews with students.

MODEL PHARMACY

The model pharmacy is a replica of a modern pharmacy and is stocked by various companies with drugs and pharmaceutical supplies for teaching purposes.

Research labs connected to the offices of staff members are also provided by the school for the purpose of facilitating faculty research projects. A greenhouse is presently under construction which will be used jointly by the biology department and the School of Pharmacy.

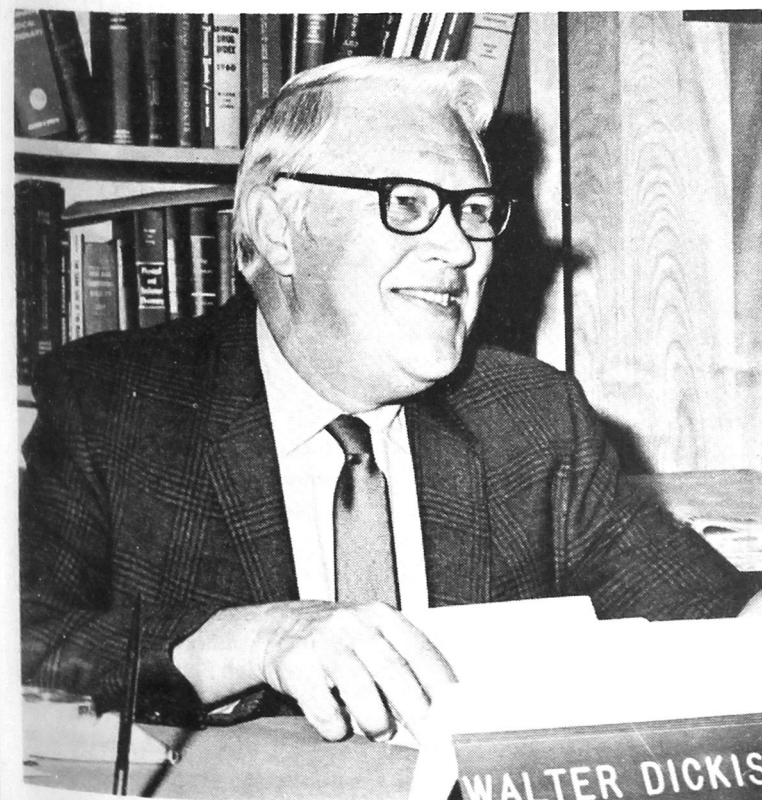

Funds for the School of Pharmacy come not only from the college, but also from outside sources. Dean Dickison said the school has received over one million dollars in the last five years from private and federal sources.

5-YEAR PROGRAM

The school's program includes a three-year professional program superimposed on a two-year preparatory program, according to Dr. Dickison. Applicants are interviewed by an admissions committee and are required to supply character references and successfully pass entrance examinations before they are admitted.

The school itself is divided into six departments. The divisions are: physiology and anatomy, pharmaceuticals, pharmacy administration, medicinal chemistry, pharmacology (a science which deals with the effect of drugs on living things) and pharmacognosy (often called the department which deals with natural drug products).

Many changes have been made in the Southwestern State College School of Pharmacy since the graduation of its first pharmacy students. With the increase in student enrollment each year, and the school's high national ranking, it is to be expected that improvements and additions will continue to be made in the forthcoming years.

DEAN WALTER L. DICKISON

Scholarship Fund Is Established at SWSC School of Pharmacy

A scholarship fund has been set up at the Southwestern School of Pharmacy as a memorial to a long-time Weatherford resident.

Earnings from the Harley Short Memorial Scholarship Fund will be awarded annually to a SWSC pharmacy student to help defray the cost of education.

Four of Mr. and Mrs. Short's six children are graduates of the Southwestern State College School of Pharmacy and the other two are prospective candidates for pharmacy degrees.

Harlene Short Chastka ('55) of Moore; Dr. Arvin Short ('65), San Antonio, Tex.; Merle Short ('66), Shawnee, and Gary Short ('68), Weatherford, are graduates, while another son, Richard, is a sophomore at SWSC. Both Richard and younger brother, Clifford, may follow other family members in becoming pharmacists.

The late Harley Short was city judge in Weatherford for a number of years. Before this, he was employed by the Weatherford public schools.

Contributions to the scholarship fund may be addressed to: Harley Short Memorial Scholarship Fund, School of Pharmacy, Southwestern State College, Weatherford, Okla. 73096.

Education Department Picks Harvey Tedford

Harvey Tedford (BS, '55), former coach and teacher at Classen High School in Oklahoma City, has accepted the position of coordinator of health and physical education in the State Department of Education.

Tedford, who also has a master of education degree in secondary education from the University of Oklahoma, has taught physical education and driver education and served as athletic director for the past 15 years in the Oklahoma City public schools.

In his new position he visits public, private and parochial schools to discuss methods, materials, teaching media, personnel and curricula in the area of physical education.

He also consults and advises the schools on the establishment or expansion of appropriate instructional physical education programs.

Tedford's address is 4545 Lincoln Blvd., Suite 110, Oklahoma City.

THIRTY-YEAR CLUB members enjoy eating and visiting at their Homecoming luncheon last October. In the background at right is Lee K. Anderson of Oklahoma City, the newly elected club president. On Anderson's right is the man he succeeded in the position, Oren Bradley of Wayne.

Many Alums 'Join Us Now!'

The Southwestern Former Students Association continues to set new membership records. A host of graduates and former students have submitted their \$2 membership dues since last October's edition of Echoes from The Hill.

A "Join Us Now!" form is published in this issue of Echoes for the convenience of those who desire to become FSA members.

Takes State Crown

Orval Bowman, former Southwestern athlete, coached his Lawton High School football team to the 1970 Oklahoma Class 4A championship.

Under Bowman, the LHS Wolverines have won 35, lost 11 and tied one. They have been victorious in their last 16 games.

Grad Enjoys Life in Newfoundland

(Larry Dean Hardison, a 1968 SWSC graduate, is principal of a small school in Port Anson, Newfoundland, Canada. Echoes invited Larry to write about life there, and here is his delightful report.)

By LARRY DEAN HARDISON

The educational system here in Newfoundland is quite different from that of the States. The schools are all controlled (although supported by the state) by the churches.

There are three types of schools -- United Church of Canada schools, Catholic schools and Pentecostal schools. Each of the three systems has its own board of education and superintendent, and each system does its own hiring. However, the state issues all teaching credentials.

Retirement Coming For Mrs. Milligan

Mrs. Clifford (Allie Broyles) Milligan will retire in May after 36 years in the teaching profession.

Second grade teacher in Hinton for the past 23 years, Mrs. Milligan received the bachelor or science degree (1948) and the master of teaching degree (1960) from Southwestern.

Her teaching career began at Pleasant Valley, a rural school southeast of Hinton. She taught in Hinton for four years before her marriage. After employment at Riverview for one year and Moss Grove for three years she returned to Hinton.

Mrs. Milligan estimates that 1,131 pupils have been taught by her in this period.

She was Caddo County "Teacher of the Year" in 1969.

Mr. and Mrs. Milligan have one son, Larry, who is an art exchange teacher at St. Peter's College of Education in Birmingham, England, and a daughter, Yvonne, who teaches first grade at Irving, Tex.

Juris Doctorate Is Earned in Colorado

Jimmy D. Turner, a Southwestern graduate, has received a juris doctorate degree from Denver, Colo., University College of Law.

Formerly from Dill City, Turner is employed with the Internal Revenue Service in Denver. He and his wife, Carol, have three children -- Kim, 12; Carla, 9, and Christi, 5.

Newfoundland is desperate for teachers. Anyone with a degree (in any field, not just education) can get a teaching position. People with bachelor of arts or bachelor of science degrees and no teaching experience or education courses begin with a minimum salary of \$5,700 per year.

MANY NOT DEGREED

At least one-third of all teachers in Newfoundland have only high school diplomas; a great number of teachers have only one or two years of college.

Anyone who might be interested in teaching in Newfoundland should write to the following address: Department of Education, St. John's Newfoundland, Canada.

State what system -- United Church, Catholic or Pentecostal -- you might be interested in. Since most systems are desperate for teachers, and especially for degreed teachers, it's not necessary to belong to any particular religion. I'm a Baptist teaching in a Pentecostal school!

Now, a bit about Port Anson. We are located on Sunday Cove Island, near Springdale, at the northern tip of Newfoundland. We used to be a "port of call" for the tuna fleets; however, due to poor fishing conservation practices and the aggressiveness of the Russian fishing fleets, our area is no longer abounding in fish.

PAPER MAIN INDUSTRY

The paper industry fairly well has the land tied up. In fact, the major industry in Newfoundland is the paper industry. Just about every town is a "company" or one-industry town. And the people "owe their souls to the company stores."

There are 300 people in Port Anson. They are a hearty yet humble people, and they seem to be quite unaware (or don't care) how poor they are in terms of material possessions. I am the highest paid person on the island -- a man of wealth, it seems.

Can you imagine a teacher being wealthy and making only \$600 per month?

We have a two-room school here at Port Anson. An 18-year-old high school graduate is teaching grades kindergarten through fourth, and I'm teaching grades five through eight (as well as being principal).

What a trial to try and coordinate seven lesson plans a

day for each of the four grades! I panicked my first day here. Now, the classroom is under control, and there's hope that I might survive the school year.

TWO TV SETS

The island is going modern. Only two months ago, there were no television sets; now we have two (the people who own them have their own electricity generators).

For the most part, however, people still use kerosene lanterns for light. The government is in the process of bringing electricity to the island. We have the poles and wires up. We also use wood or oil stoves for heat; and, to my horror, we must use outdoor toilets -- and freeze in the process!

We eat fish -- mainly cod -- at least one meal a day. With the greatest of luck, I managed to pull in the largest cod ever caught in this area.

Mealtimes (three times a day) are the main times of the day. Eating with these people is quite an experience -- hot tea at every meal, at least three vegetables and always much conversation.

Mealtime is a moment to escape from the hard realities of life on the island -- no comforts, little money, rough weather and disease.

Here are some fun things we do. I'll give an example of what we did last week.

SEASHELL COLLECTING

Some of my students and I went collecting seashells. What a collection we have now! We also

took our lines and went trout fishing in a pond. There's no season for fishing here.

At noon, we had a delightful lunch of homemade bread, cheese, butter and apple juice. After lunch, the kids showed me where to find bunches of heather on the hills.

Next Saturday night, so they promised, they're going to take me to the graveyard. It's supposed to be haunted, and everyone I've talked to swears on the queen's honor thar Old Lady Smith (who died in December, 1969) walks among the tombstones chanting, among other things, many obscenities!

HAVING GREAT FUN

So I'm determined to go Saturday night -- providing I'm not too scared -- and find out what's behind the ghost of Old Lady Smith.

I hope that I've given up a good idea of life on this quaint little island. I'm having great fun.

Should anyone want more information on the teaching opportunities in Newfoundland, have them write to me, and I'll forward their letters on to the right agencies. (Larry's address is Port Anson, Newfoundland, Canada.)

I'm sorry, but I don't have any pictures of Port Anson to send. With my usual brand of luck, I managed to lose all of my luggage (camera included) somewhere between O'Hare International in Chicago and Montreal Customs.

Busy Bogdahn Family of Woodward Recognized in Nationwide Contest

If you want to get something done, give the job to the busiest person. So the saying goes.

But in the case of the Bogdahn family of Woodward the saying is a fact. For the pharmacists of this country are honoring the late O. C. Bogdahn and his immediate family for dedicated service to their profession and community as the result of a nationwide contest co-sponsored by the National Association of Retail Druggists and Schering Corp.

The Bogdahns were one of three honorable mentions selected by an independent panel of five judges for the "NARD-Schering Family of the Year Award" for 1970.

This award centers primarily around the professional and community service provided by a husband and wife pharmacy team, aided by two sons, also registered pharmacists.

PAST OPhA PRESIDENT

It begins with the late Mr. Bogdahn, a past president of the Oklahoma Pharmaceutical Association and the Oklahoma State Board of Pharmacy, who passed away in July, 1970, shortly after his nomination was submitted.

His wife, Vera, also a pharmacist, is still actively engaged in the operation of the two family drug stores in Woodward.

Mr. Bogdahn, senior, served as past president of the Lions Club; was a past member of the Board of Education in Goltry (their former hometown), and was a past commander of the American Legion.

For years the Bogdahn family has developed programs to interest young people in the profession of pharmacy. It has sponsored numerous awards that were given to outstanding students in pharmacy. And at one time, through a partnership program, two new stores were established to help a young pharmacist get started in his own business.

IN FATHER'S FOOTSTEPS

One son, Carl, is following in the footsteps of his father, having served as past president of the Oklahoma Pharmaceutical Association, and currently participating as a member of the Oklahoma State Board of Pharmacy. He attended the University of Oklahoma College of Pharmacy and then obtained his degree at the Southwestern State College in 1950.

And, like his father, he is a man that successfully wears many hats.

He is the mayor of Woodward, a city of 10,000 persons; director of the Woodward Savings and Loan; consulting phar-

macist to Western State Hospital; a past president of Kiwanis Club; a past president of the Chamber of Commerce; a member of the State Board of Commerce; owner of Sills Products, Inc., a small concern manufacturing over-the-counter drug products.

Does he find all these activities in conflict with each other, especially being the mayor for the past two years?

"BACKED INTO JOB"

"Not really," he explains. "I just backed into the job. No one voted for me or against me. I'm a non-partisan mayor."

Actually, Carl has applied the same drive and planning to his civic duties that characterized the family's pharmacy enterprise.

One of his goals is to diversify Woodward's economy, essentially agricultural, by attracting industry. A key strategy involves the development of an industrial park next to the town's airport. Its future looks promising, with Union Underwear of Bowling Green, Ky., to build a new plant there which will employ approximately 500 people. Ground-breaking ceremonies took place last October.

He also is focusing on improving education and seeks to establish a community college which would include a vocational and technical school.

FOUR CHILDREN

More physicians are needed, especially specialists.

Carl and his wife, Patsy, a housewife, have four children: Milton D., Steve, Cynthia and Rebeccah. Milton is a medical service representative for Marion Laboratories, and Cynthia is a junior at Southwestern, studying business and marketing.

Carl's brother, Don, also is a registered assistant pharmacist who was a member of the sales department of the Rexall Drug Co. for 20 years. He obtained his degree from the University of Oklahoma, and recently retired to Ft. Lauderdale, Fla., where he now owns a service company to food franchisers.

Carl and his father received duplicate "Prince of Druggists" Awards from the Oklahoma Drug Travelers at the last OPhA convention. Carl also was presented the A. H. Robins Co. Bowl of Hygeia at the same convention.

About Alumni

Gary Gorshing (BA, '69), former publisher of The Maysville, Okla., News, is now news editor of The Cordell Beacon.

LeRoy Hipkins is assistant superintendent of schools in Joliet, Ill., where his wife, Juana, teaches in junior high. They reside at 2602 Dougall Rd., and are the parents of four daughters--Elonda, 16; Belinda, 14; Michele, 11, and Simone, 5.

Employed as a pharmacist at Sparks Hospital, Fort Smith, Ark., is David Bruce Woods (BS Ph, '70). His address is Rt. 2, Box 89, Poteau, Okla.

A resident of Clinton, Sue Carol Gastineau (BSE, '70) is teaching in the Clinton Junior High School. She and her husband, Glen, make their home at 400 S. Ninth.

Jo Ann Leatherbury (BS, '59; ME, '70) is presently a fourth grade teacher in Apache. Her mailing address is Box 695.

A teacher in Tomlinson Junior High in Lawton, Mrs. Ellen Hooper (ME, '70) presently resides at 3820 Euclid in Lawton.

Assistant director of pharmacy at Hendrick Memorial Hospital, Abilene, Tex., is Don A. Roberts (BS Ph, '70). He lives at 602 Amarillo St.

Denise Randolph Stroud (ME, '70) is currently teaching vocational home economics at Eldorado. Her mailing address is Box 135.

A resident of Sentinel, Peggy Jane Parker (ME, '70) is working as an English and mathematics teacher in the Sentinel Public Schools. Her mailing address is Box 416.

Peggy Audine Smith Givens (BAE, '70) is working at Watonga Junior High School as an English teacher. Her mailing address is Box 539.

Industrial arts instructor at Sam Houston High School in San Antonio, Tex., is Michael Edward Morrison (BSE, '70), a former resident of Clinton.

HOME COMING QUEEN Toni Finrock of Hooker clutches her trophy and wears her crown proudly during October festivities at Southwestern.

KERMIT VIRGIL EVANS OPAL EVANS FIEGENER

Death has claimed two graduates of Southwestern--Kermit Virgil Evans and his sister, Mrs. Opal Evans Fiegenger.

Mr. Evans, 65, died on Jan. 13 in St. John's Hospital, Tulsa, and funeral services and burial were in Tulsa.

Mrs. Fiegenger, 54, died of a heart attack on Feb. 1 in Frankfort, Ky. Last rites were held in Frankfort.

Mr. Evans grew up in Weatherford and graduated from Southwestern and the Oklahoma State University School of Engineering. During World War II he served as a captain in the Marine Corps.

He was a retired employee of the Oklahoma and National Society of Professional Engineers, and was married in 1943 to the former Evelyn Witcher of Oklahoma City.

Mrs. Fiegenger was married in 1939 to G. J. Fiegenger.

Both Mr. Evans and Mrs. Fiegenger are survived by one brother, Hershel Evans, St. Louis, Mo., and two sisters, Mrs. D. M. (Gladys) Fullbright, Eugene, Ore., and Miss Hazel Evans, Clinton.

In addition, Mr. Evans is survived by his wife and one stepson, Bob Witcher, Brisbane, Australia.

Mrs. Fiegenger also is survived by her husband; two sons, Marshall of Los Angeles, Calif., and Allen of Boulder, Colo., and a daughter, Mrs. Pat (Dani) McGrew, San Francisco, Calif.

DR. DORA STEWART

Dr. Dora Ann Stewart, a retired member of the Southwestern faculty, died on Jan. 2 in an Alva hospital. She was 94.

Funeral services were held on Jan. 4 in the Weatherford First Baptist Church, and burial was in Weatherford's Greenwood Cemetery.

Dr. Stewart joined the faculty of Southwestern Normal School in 1909, and retired 39 years later -- in 1948. She served during much of this period as head of the history and government department.

After retiring from Southwestern, she taught for one year at Oklahoma Baptist University before returning to Weatherford. She left Weatherford in 1962, going first to live in Alva, then in Arlington, Tex., and Waynoka.

The last two years of her life were spent in Share Memorial Hospital at Alva.

Dr. Stewart was born on Nov.

16, 1876, in Baird, Tex. She came to Oklahoma in 1900 and settled on a claim in Harmon County.

A graduate of Fort Worth Polytechnic College, she taught school in Texas and in Hollis and Mangum before coming to Southwestern. Her bachelor of science, master and doctor of philosophy degrees were from the University of Oklahoma.

Survivors include five nephews: A Mansur Stewart, Los Alamos, N. M., W. M. Stewart, Norman, T. M. Stewart, Washington, D. C., Lige Stewart, Tulsa, and W. M. McGuire, Sun City, Ariz., and three nieces, Mrs. B. E. Deason, Arlington, Tex., Mrs. W. M. Williams, Alva, and Marguerite Stewart, Tulsa.

MRS. LAVADA BREES

Funeral services for Mrs. V. L. (Lavada) Brees, 37, were held last Nov. 21 in Wichita, Kan. Mrs. Brees died on Nov. 18 in St. Frances Hospital, Wichita, after a long illness.

The former Lavada Cossey, Mrs. Brees was born on Dec. 11, 1932, at Fort Cobb. She was a graduate of Oney High School and received degrees in home economics and music from Southwestern.

She taught at Gotebo and Burrton, Kan., and was teaching home economics and music at West High School in Wichita when she became ill.

Mrs. Brees is survived by her husband; two daughters, Kathy, 17, and Denise, 8; her parents, Mr. and Mrs. Vernis Cossey, Anadarko, and a brother, Larry Don Cossey, Fort Worth, Tex.

DR. BRUCE D. STORM

Dr. Bruce D. Storm, Elk City dentist and long-time civic leader, died last June 19 following a lingering illness. Funeral services were held on June 22 in the Elk City Methodist Church.

Born on March 28, 1899, near Guthrie, Dr. Storm had been a practicing dentist in Elk City for 43 years. He had earlier taught school and coached at Elk City.

Dr. Storm was a graduate of Canadian, Tex., High School and attended Southwestern and Kansas State. He received his bach-

elor of science and doctor of dental surgery degrees from Kansas City, Mo., Western Dental College.

He was active in the United Methodist Church and served on the board of trustees. He also was a member of the Masonic Lodge, Knights Templar of Elk City and India Shrine of Oklahoma City.

He had been a worker in the Boy Scout program for many years, and received the Silver Beaver Award. A 43-year Kiwanis Club member, he held almost every office in the organization -- including district lieutenant-governor.

The Kiwanis Club honored Dr. Storm by nominating him for "Who's Who in Oklahoma."

Surviving are his wife, the former Loutee Berry (BS, '39), of 721 W. Broadway, Elk City; four daughters, Mrs. Shirlee Jeanne Freeman, Altus, Mrs. Phoebe Ann Wilcox, Fort Smith, Ark., Mrs. Audrain Newberry, Weatherford, and Sue Karol Storm, Elk City; one son, Bruce D. Jr., Stillwater, and seven grandchildren.

MRS. EMMA GORDON

Services for Mrs. Emma Frances Gordon were held on March 15 in the Weatherford Federated Church. Burial was in the Hydro Masonic Cemetery.

Mrs. Gordon, 81, died March 12 in an Okeene nursing home.

She was born in Storm Lake, Ia., in 1890 and moved to Oklahoma as a child. She attended Southwestern.

Mrs. Gordon's husband, Dr. Clyde Gordon, whom she married in 1927, died in 1941.

Surviving are three daughters, Mrs. Carl (Emma Jean) Lubhan, Okeene, Mrs. Charles (Dorothy) Scott, Tulsa, and Mrs. Harvey (Ruth Ann) Friesen, Weatherford, and three grandchildren.

J. R. PRATT

J. R. Pratt, retired chairman of the Southwestern physics department, died of a heart attack last Nov. 28. He was 73.

Funeral services were held in the Weatherford First Baptist Church and in Pochontas, Ark. Interment was in Pochontas.

Mr. Pratt, who retired from the Southwestern faculty in 1964,

was hunting ducks west of Butler when fatally stricken. He had for some years had a serious heart condition.

Born in Westville, Ark., on March 22, 1897, Mr. Pratt grew up at Pochontas. He received his bachelor of science degree from Central State College and master's degree from the University of Oklahoma.

After teaching school in Randolph County, Ark., for a time, he joined the SWSC faculty in 1927. He was active in the Weatherford Kiwanis Club, and had served two terms as president and many years as parliamentarian.

Survivors include his wife, Phay Etta; two daughters, Mrs. Tom (Jessie Kerr) Swindle, Farmer City, Ill., and Mrs. Bill (Tella Jean) Cain, Tucson, Ariz.; one brother, P. L. Pratt, and a sister, Mrs. Mollie Vandergriff, both of Pochontas, and two grandchildren.

J. D. NORTON

A sports career that was still in full bloom ended abruptly on December 30 when J. D. Norton died. He was only 53 years old when death came to him in a Wichita Falls, Tex., hospital following a cerebral hemorrhage.

Since 1951 he had been a member of the Frederick High School faculty, and for the past 18 years had taught industrial arts and coached the school's golf teams.

During the thirties he was a star athlete at Southwestern, participating in football, basketball and golf. His brilliant sports career started in Weatherford High School, where he was a top hand in football, basketball, track, tennis and golf.

In 1934 Norton became Weatherford High's first All-State football player. The All-State Team that year was made up of only 12 players . . . Norton was the first team tailback.

Despite his all-around ability in all sports, the chunky athlete is remembered by many primarily as an amateur golf player. He continued to play and teach golf until the end.

As a 16-year-old Weatherford High School boy he won the Southwestern Cup Classic, then the number one golf tournament in this area. He went on to win countless tournaments across the country.

CONSISTENT WINNER

At Southwestern he was a consistent winner, pacing the Bulldogs to Oklahoma Collegiate Con-
