

3807

07:51:10.170 --> 07:51:15.749

The Mythopoeic Society: What what is it? Or I was on Set? And I know everything there is to know about it, or

3808

07:51:15.850 --> 07:51:17.779

The Mythopoeic Society: snow lying in here.

3809

07:51:17.850 --> 07:51:19.920

The Mythopoeic Society: Okay.

3810

07:51:21.090 --> 07:51:24.730

The Mythopoeic Society: whatever.

3811

07:51:28.240 --> 07:51:30.279

The Mythopoeic Society: they will freeze me

3812

07:51:30.960 --> 07:51:33.230

The Mythopoeic Society: where they were. They have the

3813

07:51:33.880 --> 07:51:36.840

The Mythopoeic Society: thank you. Just take a moment. Yeah.

3814

07:51:36.980 --> 07:51:42.270

The Mythopoeic Society: take back and submit that they

3815

07:51:42.500 --> 07:51:44.459

The Mythopoeic Society: they send in the

3816

07:51:45.290 --> 07:51:46.920

The Mythopoeic Society: attention

3817

07:51:49.170 --> 07:51:51.299

The Mythopoeic Society: think there's not something that

3818

07:51:52.460 --> 07:51:58.439

The Mythopoeic Society: take it back that's as far as we got. Oh, okay.

3819

07:51:58.540 --> 07:52:00.200

The Mythopoeic Society: disconnected, didn't they?

3820

07:52:00.530 --> 07:52:02.289

The Mythopoeic Society: Me go back to it?

3821

07:52:02.360 --> 07:52:04.460

The Mythopoeic Society: Enjoy the movie launch?

3822

07:52:04.720 --> 07:52:11.059

The Mythopoeic Society: Well, there's a key in season finale thing that happens in that season. So

3823

07:52:12.590 --> 07:52:13.890

The Mythopoeic Society: yeah, if you haven't seen this.

3824

07:52:14.060 --> 07:52:16.499

The Mythopoeic Society: the penalty one, I believe, is 2.

3825

07:52:16.900 --> 07:52:22.560

The Mythopoeic Society: Then I will. Oh, this is a really big one. I'm not. Gonna

3826

07:52:24.940 --> 07:52:26.580

The Mythopoeic Society: yeah, I don't want to.

3827

07:52:26.780 --> 07:52:28.070

The Mythopoeic Society: Yeah, I'm not gonna

3828

07:52:28.120 --> 07:52:30.389

The Mythopoeic Society: even. I'll try not to even hint at it.

3829

07:52:30.670 --> 07:52:32.589

The Mythopoeic Society: because it is

3830

07:52:32.620 --> 07:52:35.100

The Mythopoeic Society: very dramatic. And

3831

07:52:38.250 --> 07:52:39.830

The Mythopoeic Society: I believe.

3832

07:52:40.310 --> 07:52:51.030

The Mythopoeic Society: remember, you know the end of season one and stuff. Yeah, they do the same thing for each and every season, running right to the edge and

3833

07:52:53.220 --> 07:52:54.570

The Mythopoeic Society: of it, but

3834

07:52:55.850 --> 07:53:05.050

The Mythopoeic Society: with a hint as to what's coming in the future season. So yeah, it's like, yeah, it's like, Season one, you know. Did this worked out and just kept going until, oh, my God, they're on my.

3835

07:53:12.350 --> 07:53:16.570

The Mythopoeic Society: So what we could possibly benefit?

3836

07:53:20.910 --> 07:53:22.900

The Mythopoeic Society: Well, the premise.

3837

07:53:22.920 --> 07:53:30.460

The Mythopoeic Society: and that I I need to agree with is that competition. Family competition is good.

3838

07:53:32.370 --> 07:53:42.379

The Mythopoeic Society: If you, if there's a very gray line and everybody remembers it differently, as in what point does it normally become? What point do you win at any point.

3839

07:53:43.380 --> 07:53:48.010

The Mythopoeic Society: you know, is to the point of, are you going to do bad things

3840

07:53:48.140 --> 07:53:50.310

The Mythopoeic Society: to win? Yeah.

3841

07:53:51.240 --> 07:53:58.939

The Mythopoeic Society: you know, the one ice ice skater who had the knees taken out of her competition, you know, that's crossing the line in my book. But

3842

07:53:59.850 --> 07:54:01.409

The Mythopoeic Society: anyway.

3843

07:54:01.920 --> 07:54:03.770

The Mythopoeic Society: had things at a different level.

3844

07:54:03.830 --> 07:54:08.429

The Mythopoeic Society: Yeah, it's kind of things.

3845

07:54:08.850 --> 07:54:11.790

The Mythopoeic Society: Nothing around things that you could do

3846

07:54:11.870 --> 07:54:13.100
The Mythopoeic Society: to your

3847
07:54:13.690 --> 07:54:16.510
The Mythopoeic Society: coworkers and your supporters.

3848
07:54:19.830 --> 07:54:24.980
The Mythopoeic Society: Simple. Well, if you're taking out

3849
07:54:25.110 --> 07:54:27.160
The Mythopoeic Society: office personnel, then

3850
07:54:27.800 --> 07:54:33.210
The Mythopoeic Society: you're not winning for the team. You're winning for you, but they still see it at the same level.
I don't say

3851
07:54:33.520 --> 07:54:39.189
The Mythopoeic Society: you then redefine your thing to be merely smoking a circle, probably of blood.

3852
07:54:41.648 --> 07:54:47.080
The Mythopoeic Society: Which I'm not fast.

3853
07:54:48.140 --> 07:54:48.850
The Mythopoeic Society: Yeah.

3854
07:54:49.160 --> 07:54:51.310
The Mythopoeic Society: precluding the overall.

3855
07:54:51.570 --> 07:54:57.860
The Mythopoeic Society: That's military thing. You have jeans and you use them.

3856
07:54:58.550 --> 07:55:06.620
The Mythopoeic Society: So yeah, it's your team. But it's just a palm. And you know, that's why you have these one type of organizations in between offices.

3857
07:55:07.180 --> 07:55:11.790
The Mythopoeic Society: you know, Google or something like that. So I was thinking of

3858
07:55:13.010 --> 07:55:18.760
The Mythopoeic Society: not choosing someone who really deserved the information that it was followed.

3859

07:55:19.090 --> 07:55:20.239

The Mythopoeic Society: And she was in

3860

07:55:20.250 --> 07:55:22.240

The Mythopoeic Society: someone else has been

3861

07:55:23.620 --> 07:55:27.490

The Mythopoeic Society: strategic political reasons that service

3862

07:55:29.570 --> 07:55:32.719

The Mythopoeic Society: is going to get your capacity and whatnot.

3863

07:55:32.920 --> 07:55:34.000

The Mythopoeic Society: No.

3864

07:55:35.130 --> 07:55:40.070

The Mythopoeic Society: okay. So anyway, see? Okay, I'm wrong. I'm trying to keep going here. I guess.

3865

07:55:41.750 --> 07:55:49.929

The Mythopoeic Society: it's a TV series created by the same person who who helped with deep space 9

3866

07:55:50.050 --> 07:55:55.340

The Mythopoeic Society: and reboot to

3867

07:55:56.380 --> 07:55:57.230

The Mythopoeic Society: of

3868

07:55:57.830 --> 07:56:00.009

The Mythopoeic Society: of Battle Street, Galactica

3869

07:56:00.960 --> 07:56:01.675

The Mythopoeic Society: and

3870

07:56:03.000 --> 07:56:04.980

The Mythopoeic Society: Then we're stopping

3871

07:56:05.680 --> 07:56:10.779

The Mythopoeic Society: a dinner with a former astronaut, and, you know.

3872

07:56:10.910 --> 07:56:12.000

The Mythopoeic Society: discuss.

3873

07:56:12.320 --> 07:56:18.599

The Mythopoeic Society: you know, to apart from all 3. And he said, you know, that would be interesting if that particular

3874

07:56:18.690 --> 07:56:25.029

The Mythopoeic Society: data point had done, and what it was was that in the mid sixties

3875

07:56:25.180 --> 07:56:26.180

The Mythopoeic Society: the

3876

07:56:26.610 --> 07:56:40.980

The Mythopoeic Society: chief scientist of the Soviet space, who was one of those individuals who understood engineering and people. He had met people management skills, and he also understood the engineering.

3877

07:56:41.680 --> 07:56:46.830

The Mythopoeic Society: And he was the person who went from 0 to in in 2

3878

07:56:47.100 --> 07:56:50.880

The Mythopoeic Society: the mid sixties, and was working on their learning.

3879

07:56:50.980 --> 07:56:53.060

The Mythopoeic Society: Randy Frangham

3880

07:56:53.210 --> 07:56:55.900

The Mythopoeic Society: and he had a medical

3881

07:56:56.480 --> 07:56:59.300

The Mythopoeic Society: issue, and the doctor

3882

07:56:59.380 --> 07:57:00.889

The Mythopoeic Society: accidentally killed the guy.

3883

07:57:01.610 --> 07:57:11.460

The Mythopoeic Society: and at that point the person who took over for him could not manage people worth anything, and did not understand the engineering of it either, and that's

3884

07:57:11.590 --> 07:57:16.060

The Mythopoeic Society: why the n. 1 and the lumber didn't work because

3885

07:57:16.300 --> 07:57:19.750

The Mythopoeic Society: it didn't have a leader who could get

3886

07:57:19.780 --> 07:57:21.540

The Mythopoeic Society: what needed to be done done.

3887

07:57:21.700 --> 07:57:28.659

The Mythopoeic Society: And so the premise of form, all mankind, all goes back to the point of what if you know

3888

07:57:29.070 --> 07:57:32.260

The Mythopoeic Society: he hadn't done it, and his leadership

3889

07:57:32.390 --> 07:57:34.200

The Mythopoeic Society: prevailed

3890

07:57:34.350 --> 07:57:38.509

The Mythopoeic Society: because it probably could have, you know, gotten into

3891

07:57:39.933 --> 07:57:47.150

The Mythopoeic Society: but you know we had Apollo one, and they had that. So both of us, you know, working in that same time frame.

3892

07:57:47.730 --> 07:57:55.220

The Mythopoeic Society: And that's the, you know the quirks of how you get the branch up into the Internet.

3893

07:57:55.940 --> 07:57:59.829

The Mythopoeic Society: It's a very cheap designer who somebody is kept

3894

07:57:59.920 --> 07:58:03.590

The Mythopoeic Society: as an incredible state. I think his name wasn't

3895

07:58:03.800 --> 07:58:06.009

The Mythopoeic Society: allowed to be spoken in the West.

3896

07:58:06.370 --> 07:58:09.080

The Mythopoeic Society: When Sputnik went up.

3897

07:58:09.510 --> 07:58:15.820

The Mythopoeic Society: the Nobel said, we'd like to, you know. Give the person who, you know, help! Do this a Nobel prize!

3898

07:58:16.140 --> 07:58:20.919

The Mythopoeic Society: And fearing the assassination by Western.

3899

07:58:21.270 --> 07:58:25.559

The Mythopoeic Society: he just, they said, no, it was done by all of the Soviet people

3900

07:58:25.740 --> 07:58:29.840

The Mythopoeic Society: and Nobels aren't given up that way, and

3901

07:58:30.110 --> 07:58:36.339

The Mythopoeic Society: they aren't given out posthumally. So after he died, yeah, you could say, you know a coral, but

3902

07:58:36.510 --> 07:58:39.460

The Mythopoeic Society: couldn't see it while he was alive, and

3903

07:58:40.000 --> 07:58:44.060

The Mythopoeic Society: Nobel couldn't give them a prize, because by the time they had a name

3904

07:58:44.150 --> 07:58:45.220

The Mythopoeic Society: he was dead.

3905

07:58:46.430 --> 07:58:47.140

The Mythopoeic Society: Yeah.

3906

07:58:49.160 --> 07:58:54.750

The Mythopoeic Society: so and it's 1 of those names that you know. So that's where the divergent point is.

3907

07:58:55.472 --> 07:59:07.439

The Mythopoeic Society: If yes, they were working on the n 1 all rocket, which didn't get a whole lot of screen time in the show. I was kind of disappointed by that. They just, you know, magically there.

3908

07:59:08.010 --> 07:59:13.870

The Mythopoeic Society: So I would have loved to see. You know some CGI, I mean, it's out there. I've seen it. There's

3909

07:59:14.030 --> 07:59:26.070

The Mythopoeic Society: people, you know, who, you know, same people who make flight simulators for video games have a thing for the n 1 rocket, which is what they called their equivalent of Saturn V.

3910

07:59:26.380 --> 07:59:30.940

The Mythopoeic Society: It's basically a large green tone of looking thing, and just like

3911

07:59:32.930 --> 07:59:34.580

The Mythopoeic Society: or spacexes.

3912

07:59:35.980 --> 07:59:44.039

The Mythopoeic Society: Starship has got 30, some engines on the bottom, all working in a tandem, and due to the fact they didn't have the microprocessors at the time.

3913

07:59:44.090 --> 07:59:49.900

The Mythopoeic Society: It's right. It's like, if you have a team of horses, you have to get them all together as a team.

3914

07:59:50.200 --> 07:59:58.409

The Mythopoeic Society: and if any of them starts to stay astray, you have to get them back into the team. Same with rockets if one starts to underperform.

3915

07:59:59.070 --> 08:00:01.980

The Mythopoeic Society: and then you have to sort of rebalance and get

3916

08:00:02.060 --> 08:00:06.180

The Mythopoeic Society: one on the other side to funnel down as well, or the things

3917

08:00:07.100 --> 08:00:08.799

The Mythopoeic Society: get pushed over so.

3918

08:00:09.020 --> 08:00:11.239

The Mythopoeic Society: and they didn't have the microprocessor

3919

08:00:11.420 --> 08:00:13.409

The Mythopoeic Society: a tech. In order to make that work.

3920

08:00:14.040 --> 08:00:17.260

The Mythopoeic Society: They try to launch it 4 times. All 4

3921

08:00:17.680 --> 08:00:19.720

The Mythopoeic Society: ended infilling of some of it

3922

08:00:19.960 --> 08:00:27.669

The Mythopoeic Society: very dramatically. Some of it, you know, just at the end of just like different points of our script.

3923

08:00:27.970 --> 08:00:28.920

The Mythopoeic Society: Yeah.

3924

08:00:29.420 --> 08:00:30.310

The Mythopoeic Society: So

3925

08:00:31.980 --> 08:00:33.820

The Mythopoeic Society: that's really all

3926

08:00:34.750 --> 08:00:37.139

The Mythopoeic Society: starts off. So. We

3927

08:00:37.390 --> 08:00:53.159

The Mythopoeic Society: from the conclusion that all the people that were here somewhere Michael hasn't seen beyond season 2. And we and he's not seen the end of season 2. So we've decided not to.

3928

08:00:53.680 --> 08:00:59.810

The Mythopoeic Society: Yes, we will. We will go on instant

3929

08:01:00.020 --> 08:01:01.090

The Mythopoeic Society: I'm done.

3930

08:01:01.290 --> 08:01:03.559

The Mythopoeic Society: And so we just started. Give me a second.

3931

08:01:03.730 --> 08:01:06.669

The Mythopoeic Society: A background is you know how? Why.

3932

08:01:06.830 --> 08:01:12.900

The Mythopoeic Society: you know, the old history is of what it is and why it's a yeah. So it's

3933

08:01:13.860 --> 08:01:26.040

The Mythopoeic Society: yeah. The fun thing was, you know, when it just something you got to landing, and you're thinking that. And then all of a sudden, it's like, Oh.

3934

08:01:26.570 --> 08:01:50.640

The Mythopoeic Society: and then it's fun watching what they do for them. I love what they did with playing with respect, since they they have come off on their own, might not possibly been assassinated in the United States, or what happens if somebody who wasn't is like in case

3935

08:01:50.940 --> 08:02:00.389

The Mythopoeic Society: it was a lot of fun. John Lennon. Things that show up and the screens. He's in the news on that, and that's just delightful fun

3936

08:02:00.510 --> 08:02:02.768

The Mythopoeic Society: on that route. And then

3937

08:02:03.320 --> 08:02:15.530

The Mythopoeic Society: From there the the group development. And I love the fact that they were then forced to then open it up to women that really just adds to

3938

08:02:15.860 --> 08:02:21.190

The Mythopoeic Society: being able to see how that would play out in history. And I really liked how they did that.

3939

08:02:24.230 --> 08:02:31.750

The Mythopoeic Society: The other major shooting point was that they are congregated. I mean, it's interesting definitely NASA

3940

08:02:32.110 --> 08:02:40.770

The Mythopoeic Society: derived patent went through the system that all the proceeds off of that patent went back into the NASA budget.

3941

08:02:41.410 --> 08:02:52.860

The Mythopoeic Society: So that's you know. It wasn't just the funeral, our dollar that was up on the Internet. But it was also the advantage among the companies. You remember technology, which is, that was a nice blast to have.

3942

08:02:53.070 --> 08:02:57.200

The Mythopoeic Society: You actually can spend some. Money. You know the billions of dollars

3943

08:02:57.240 --> 08:02:59.030

The Mythopoeic Society: and not have the taxpayer

3944

08:02:59.170 --> 08:03:01.810

The Mythopoeic Society: of the holding up forums.

3945

08:03:04.370 --> 08:03:10.810

The Mythopoeic Society: Yeah, okay, I'll take another thing. Yeah, I mean, I love the things. Yes, you know the

3946

08:03:11.790 --> 08:03:14.125

The Mythopoeic Society: yeah. The email asked,

3947

08:03:17.310 --> 08:03:25.230

The Mythopoeic Society: the GOBT. You know all the things they're like. Okay, we need people. We need people with brains. We don't care what else you do.

3948

08:03:25.420 --> 08:03:29.809

The Mythopoeic Society: If you have a solution to our tech problems. We want you.

3949

08:03:29.890 --> 08:03:33.499

The Mythopoeic Society: We don't care what your skin color is. We don't care what you know

3950

08:03:34.070 --> 08:03:52.240

The Mythopoeic Society: to do in the privacy of your bedroom. We don't care. You know what a body part you have. We need someone who can help us solve these tech issues, and we bring that to the up or faster things that you know we are now finally almost catching up with, although pendulum is swinging. It.

3951

08:03:52.480 --> 08:03:58.360

The Mythopoeic Society: you can see. Okay? I mean a lot of the things

3952

08:03:58.790 --> 08:04:03.940

The Mythopoeic Society: that they have. We had on the drafting board, and we had see a dragon.

3953

08:04:04.890 --> 08:04:10.079

The Mythopoeic Society: you know, on the drafting over tracing of the advanced alternative

3954

08:04:10.480 --> 08:04:15.190

The Mythopoeic Society: accounts. Those were things that we designed.

3955

08:04:15.520 --> 08:04:17.540

The Mythopoeic Society: But unfortunately

3956

08:04:17.590 --> 08:04:20.579

The Mythopoeic Society: the funding wasn't there, you know, being built

3957

08:04:20.690 --> 08:04:26.140

The Mythopoeic Society: enough. 7 5 s. To run through Apollo or 20. We built and finished it.

3958

08:04:26.610 --> 08:04:28.960

The Mythopoeic Society: We and Congress wouldn't fund

3959

08:04:29.490 --> 08:04:38.570

The Mythopoeic Society: the omission. So like buying, you know, 20 Cadillacs, and the last 3, you never drive onto the showroom. You just put them up on blocks

3960

08:04:38.660 --> 08:04:49.550

The Mythopoeic Society: and they became glorified brood nests until very recently, when we actually at least put them inside a air-conditioned big barn to keep them

3961

08:04:49.590 --> 08:04:51.390

The Mythopoeic Society: all looking nice. But

3962

08:04:52.270 --> 08:04:55.070

The Mythopoeic Society: you know it was that level of

3963

08:04:55.500 --> 08:04:56.720

The Mythopoeic Society: Hi, yeah.

3964

08:04:56.890 --> 08:05:00.050

The Mythopoeic Society: But yeah, you, you know you could see it

3965

08:05:00.370 --> 08:05:03.439

The Mythopoeic Society: are coming. And I say, a friend of mine said, you know

3966

08:05:03.820 --> 08:05:07.410

The Mythopoeic Society: you'll bird, and then went to the South Pole

3967

08:05:07.700 --> 08:05:17.419

The Mythopoeic Society: and Amundsen, and stuff like that. But then, after we had proof that people had been there, then we abandoned the South Pole for 50 years.

3968

08:05:17.970 --> 08:05:22.270

The Mythopoeic Society: and in the 1980 S. He said, I predict we're going to do the same thing to the moon.

3969

08:05:27.590 --> 08:05:30.729

The Mythopoeic Society: And it's just

3970

08:05:31.100 --> 08:05:31.920

The Mythopoeic Society: oh.

3971

08:05:32.740 --> 08:05:48.949

The Mythopoeic Society: fascinating! How you can describe it as both sort of science fiction and then alternative history for some people, as my sister-in-law will not touch Science Fiction with with a 10 foot pole, and I was hoping that I could get her to try this one, she said. But, Scott.

3972

08:05:49.170 --> 08:05:52.260

The Mythopoeic Society: is it science fiction? And I go?

3973

08:05:52.780 --> 08:05:57.789

The Mythopoeic Society: Well, yes, that's station. So they do go up to space. So yeah.

3974

08:05:59.400 --> 08:06:01.069

The Mythopoeic Society: messing up the good stuff.

3975

08:06:01.110 --> 08:06:04.889

The Mythopoeic Society: Yeah. Cause it's just a yeah, it's not. I'm

3976

08:06:05.030 --> 08:06:07.989

The Mythopoeic Society: friction is talking about stuff you don't have.

3977

08:06:08.060 --> 08:06:11.379

The Mythopoeic Society: We all stop, at least in the 1st 2 seasons.

3978

08:06:11.530 --> 08:06:19.619

The Mythopoeic Society: Yeah, it was on the drawing boards, you know. It's not, you know, magic reguns that go faster than they. It's, you know stuff

3979

08:06:20.030 --> 08:06:32.260

The Mythopoeic Society: that you know. And I loved a lot of this stuff in that. Somebody actually went through the photos or actually got the NASA archives because a lot of. They go down to the details in the NASA part number labels

3980

08:06:32.590 --> 08:06:33.210

The Mythopoeic Society: right?

3981

08:06:37.660 --> 08:06:40.339

The Mythopoeic Society: But, oh, my God! They got it right.

3982

08:06:41.590 --> 08:06:43.490

The Mythopoeic Society: You know all of the

3983

08:06:43.670 --> 08:06:45.269

The Mythopoeic Society: a helmet. Release

3984

08:06:45.850 --> 08:06:53.720

The Mythopoeic Society: the latches and stuff like that. They got right. I mean, a lot of the Hollywood space. These guys got that part right and they got a lot of that stuff that you know.

3985

08:06:53.820 --> 08:06:55.039

The Mythopoeic Society: I you know

3986

08:06:55.490 --> 08:07:00.430

The Mythopoeic Society: we certainly got opportunities to play with the stuff

3987

08:07:00.550 --> 08:07:03.430

The Mythopoeic Society: at the time till I would go to.

3988

08:07:03.510 --> 08:07:09.100

The Mythopoeic Society: It's so. Yeah, I know what the real stuff looks like. You get to play with it.

3989

08:07:09.340 --> 08:07:11.897

The Mythopoeic Society: But it's

3990

08:07:13.360 --> 08:07:15.009

The Mythopoeic Society: These people have gotten them

3991

08:07:16.020 --> 08:07:17.870

The Mythopoeic Society: got back. And it's like, yeah.

3992

08:07:18.760 --> 08:07:22.350

The Mythopoeic Society: okay, yeah, that looks about right? Yeah. The badges look about right, you know.

3993

08:07:22.560 --> 08:07:27.580

The Mythopoeic Society: amazing, the detailing, the attention to detail that the series has.

3994

08:07:27.650 --> 08:07:34.030

The Mythopoeic Society: and you know, just like, you know, I would walk off admin like yes, my parents had that cops, you know, apple

3995

08:07:34.460 --> 08:07:47.630

The Mythopoeic Society: with those clear white apple, you know, glasses with that that level, you know. Yes, we had that color fridge, you know, and this camera does that as well, for all the stuff like that. So it's like.

3996

08:07:48.030 --> 08:07:49.300

The Mythopoeic Society: Oh, it's so nice.

3997

08:07:52.060 --> 08:07:53.113

The Mythopoeic Society: Yeah, so

3998

08:07:55.050 --> 08:08:04.979

The Mythopoeic Society: And now, Ben, did you talk? Why don't you talk about Star City? Okay? So there's been 4 seasons. From all mankind. Each one, you know, take

3999

08:08:05.050 --> 08:08:20.709

The Mythopoeic Society: place over like one of them, to 3 quarters of a year of time, and then for the next season they advance about a decade, and at the beginning of the season premiere. They have a little, you know, Newsreel, as to what all has happened

4000

08:08:20.880 --> 08:08:29.070

The Mythopoeic Society: in the intervening a year. Oh, my God! Someone tried to kill John Allen, but failed. Oh, my God! They, you know, killed the boat.

4001

08:08:29.570 --> 08:08:36.030

The Mythopoeic Society: you know. Stuff that. Yeah, we've got to flip through some of those things. You know.

4002

08:08:36.680 --> 08:08:52.060

The Mythopoeic Society: you know. Kel, you know, went down. But with other people on board. You know things so it's it turns to be a newsy. Well, does this? Oh, Kennedy, didn't you know? Did not have a trip, a party?

4003

08:08:52.460 --> 08:08:56.890

The Mythopoeic Society: Nope, so yeah, so yeah, so yeah, so Ted becomes our president. Yeah.

4004

08:08:56.960 --> 08:09:04.739

The Mythopoeic Society: you know, there's all sorts of fun, little twists that, you know. Like, Okay, yeah, this isn't my reality that I remember, but it's

4005

08:09:04.780 --> 08:09:09.520

The Mythopoeic Society: close, and they're just one little nudge here and there, and it's just

4006

08:09:10.410 --> 08:09:14.540

The Mythopoeic Society: he called it. So anyway, you know, they have a Fourier space program.

4007

08:09:14.610 --> 08:09:16.233

The Mythopoeic Society: They're doing quite well.

4008

08:09:16.890 --> 08:09:26.079

The Mythopoeic Society: and in season 3, they start to, you know. Actually, you know, it's not just newsreels and stuff like that for people far away, they actually, you know.

4009

08:09:26.800 --> 08:09:37.640

The Mythopoeic Society: send some of the cast over to the other missions and gun, you know, stuff. So they developed some characters from the Soviet Space side.

4010

08:09:37.690 --> 08:09:42.399

The Mythopoeic Society: and after they get done with the next season they are

4011

08:09:42.460 --> 08:09:46.520

The Mythopoeic Society: going to roll out a seek a

4012

08:09:47.330 --> 08:09:49.640

The Mythopoeic Society: spin up up and around in a set

4013

08:09:49.670 --> 08:09:56.180

The Mythopoeic Society: in the Russian space program. They're going to take some of the characters that in order to meet them

4014

08:09:56.210 --> 08:10:00.519

The Mythopoeic Society: and there and make them lead characters. So you get to see it

4015

08:10:00.730 --> 08:10:04.010

The Mythopoeic Society: more from the Soviet point of view. There's

4016

08:10:04.280 --> 08:10:05.430

The Mythopoeic Society: which I think

4017

08:10:05.600 --> 08:10:07.789

The Mythopoeic Society: personally, is

4018

08:10:08.260 --> 08:10:12.200

The Mythopoeic Society: a person who is an amateur Soviet space.

4019

08:10:12.270 --> 08:10:13.589

The Mythopoeic Society: I'll watch her.

4020

08:10:13.730 --> 08:10:15.880

The Mythopoeic Society: I'm really looking forward to that

4021

08:10:17.050 --> 08:10:24.219

The Mythopoeic Society: cause. Yes, I when the Supreme went on, a hiatus because

4022

08:10:24.790 --> 08:10:27.950

The Mythopoeic Society: of calendar. I needed a space fixed

4023

08:10:28.570 --> 08:10:29.820

The Mythopoeic Society: and

4024

08:10:29.940 --> 08:10:34.239

The Mythopoeic Society: well, so if you're still sending people off, so I, you know, did my best to.

4025

08:10:34.380 --> 08:10:38.210

The Mythopoeic Society: you know. Follow them. I subscribe to Soviet life. I

4026

08:10:38.220 --> 08:10:41.561

The Mythopoeic Society: what Soviet TV office satellite?

4027

08:10:42.610 --> 08:10:44.210

The Mythopoeic Society: yeah, on Nebraska.

4028

08:10:44.330 --> 08:10:47.059

The Mythopoeic Society: Nebraska would at the time

4029

08:10:47.230 --> 08:10:48.670

The Mythopoeic Society: would take

4030

08:10:49.335 --> 08:10:54.779

The Mythopoeic Society: via a satellite get the, you know, the nightly news from

4031

08:10:54.810 --> 08:11:01.070

The Mythopoeic Society: Japan, from via the Nhk. And via France

4032

08:11:01.450 --> 08:11:10.999

The Mythopoeic Society: and Great Britain, and they also got Brema, which was the Soviet all nightly news, and they would convert it into a broadcast

4033

08:11:12.320 --> 08:11:20.909

The Mythopoeic Society: format that American TVs could understand. Because PAL and Ccam don't really play big metal on an Ntsc TV,

4034

08:11:21.595 --> 08:11:26.629

The Mythopoeic Society: so they would do the conversion, and they would put that out on a satellite

4035

08:11:27.590 --> 08:11:33.859

The Mythopoeic Society: signal and not a scramble it. And it was designed primarily for foreign language.

4036

08:11:34.378 --> 08:11:35.490

The Mythopoeic Society: What can I say?

4037

08:11:36.000 --> 08:11:40.479

The Mythopoeic Society: You know, so you could watch the nightly news, and in language that you're trying to understand.

4038

08:11:40.680 --> 08:11:44.259

The Mythopoeic Society: and although my passion is really bad like.

4039

08:11:44.780 --> 08:11:50.830

The Mythopoeic Society: you'll get the gist of things and stuff like that. It was really interesting, because, you know.

4040

08:11:51.890 --> 08:11:56.030

The Mythopoeic Society: as the Soviets are going out of business, you know. They had to see warm.

4041

08:11:56.530 --> 08:11:58.030

The Mythopoeic Society: They had a clue

4042

08:11:59.020 --> 08:12:05.399

The Mythopoeic Society: with real guns and tanks and things and stuff like that, and the new regime people from all the TV stations

4043

08:12:05.550 --> 08:12:06.840

The Mythopoeic Society: with stealing.

4044

08:12:07.300 --> 08:12:09.870

The Mythopoeic Society: and they had the news and

4045

08:12:09.900 --> 08:12:17.279

The Mythopoeic Society: the new regime got up with their general and said, Okay, we're in charge. These are the new rules.

4046

08:12:17.770 --> 08:12:24.499

The Mythopoeic Society: Let's go do this, and then they said, and then they turned it back over to the broadcasters, and the broadcasters

4047

08:12:25.190 --> 08:12:27.379

The Mythopoeic Society: went to their

4048

08:12:27.400 --> 08:12:28.870

The Mythopoeic Society: a white house which

4049

08:12:29.220 --> 08:12:34.879

The Mythopoeic Society: it's also called the White House, and you could see smoke billowing out of it, windows and stuff like that.

4050
08:12:35.290 --> 08:12:37.519
The Mythopoeic Society: and you could see

4051
08:12:37.680 --> 08:12:40.069
The Mythopoeic Society: the recently deposed

4052
08:12:42.350 --> 08:12:57.119
The Mythopoeic Society: Prime Minister would get up and say, Okay, ignore the bullshit you just heard for the last 15 min. I'm still in charge. We're going to take back the White House. Come, help us storm the White House pretty much like what happened here in January 6th of 2021

4053
08:12:57.612 --> 08:13:00.989
The Mythopoeic Society: and they managed to. Yes, take back.

4054
08:13:01.290 --> 08:13:15.699
The Mythopoeic Society: you know, kick the generals out of the coup only lasted a week or so, but to watch that live on TV and realize, my God, don't the generals know that TV is a thing, and that you know this person, you know, after you gave your song a dance.

4055
08:13:15.980 --> 08:13:18.160
The Mythopoeic Society: he said, you know. Come.

4056
08:13:18.540 --> 08:13:25.040
The Mythopoeic Society: come to Moscow and let's overthrow the overthrowers. And why did you let that happen like what the heck.

4057
08:13:26.230 --> 08:13:28.110
The Mythopoeic Society: But so anyway, yeah.

4058
08:13:29.110 --> 08:13:29.895
The Mythopoeic Society: it's

4059
08:13:32.120 --> 08:13:32.880
The Mythopoeic Society: But

4060
08:13:33.690 --> 08:13:39.239
The Mythopoeic Society: so I'm really looking forward to seeing how they do that. And there's a lot of things, you know

4061
08:13:40.150 --> 08:13:50.210
The Mythopoeic Society: in the one season they went, you know, due to the fact that you know it's more. You know, they have a moon base and a marvelous base, and you get to see more of what's doing it.

4062

08:13:50.330 --> 08:13:54.159

The Mythopoeic Society: Power structure, as far as the management of a

4063

08:13:54.240 --> 08:13:57.119

The Mythopoeic Society: you know off from the base is.

4064

08:13:57.190 --> 08:14:02.950

The Mythopoeic Society: you get to see a lot of things like, yeah, our Soviets did the same stuff.

4065

08:14:03.310 --> 08:14:05.170

The Mythopoeic Society: So I'm curious as to

4066

08:14:05.330 --> 08:14:07.490

The Mythopoeic Society: you know what they are going to do.

4067

08:14:08.510 --> 08:14:09.270

The Mythopoeic Society: But

4068

08:14:10.246 --> 08:14:15.629

The Mythopoeic Society: you know. But anyway, you know, so season one was basically, you know, just trying to get.

4069

08:14:16.410 --> 08:14:19.010

The Mythopoeic Society: you know, the Soviet Scott

4070

08:14:19.600 --> 08:14:22.540

The Mythopoeic Society: do the moon first, st and then the Soviets also

4071

08:14:22.710 --> 08:14:26.609

The Mythopoeic Society: put the priest a woman on the moon just a couple of weeks all later.

4072

08:14:26.990 --> 08:14:38.880

The Mythopoeic Society: or something like that. Okay, yeah, it was pretty quick. Yeah, just like till October, you know, flew into equal 3 phase program

4073

08:14:38.900 --> 08:14:51.000

The Mythopoeic Society: wasn't because they were want to be, you know, very easy. My tongue is working but they were trying to prove that their technology was so

4074

08:14:51.600 --> 08:14:54.860

The Mythopoeic Society: wrong and reliable that even a woman could operate that.

4075

08:14:55.980 --> 08:14:58.020

The Mythopoeic Society: That's how it was marketed back then.

4076

08:14:58.470 --> 08:14:59.205

The Mythopoeic Society: So

4077

08:15:01.150 --> 08:15:04.639

The Mythopoeic Society: so I mean it didn't surprise me that yes, one of the 1st

4078

08:15:05.270 --> 08:15:09.990

The Mythopoeic Society: after a man was there. They would send a female soon as they were after his status.

4079

08:15:10.720 --> 08:15:19.389

The Mythopoeic Society: They identified that for the reasons that we think it could be done these days. So and then, you know so, and of course.

4080

08:15:19.430 --> 08:15:25.460

The Mythopoeic Society: just like now, you know looking for a water ice on the moon was a big thing, and that's

4081

08:15:25.760 --> 08:15:30.320

The Mythopoeic Society: was a key plot point in a season, a 1, and stuff like that

4082

08:15:31.110 --> 08:15:31.750

The Mythopoeic Society: and

4083

08:15:33.910 --> 08:15:39.389

The Mythopoeic Society: season 2 again was getting, you know, a permanent, you know. Multi person.

4084

08:15:39.680 --> 08:15:44.170

The Mythopoeic Society: a base on the movers. See a gist of the second season.

4085

08:15:45.623 --> 08:15:52.820

The Mythopoeic Society: And there's competing a Us. And Soviet offices, and then season 3. Well.

4086

08:15:53.410 --> 08:15:57.550

The Mythopoeic Society: well, I'm to getting a foothold on marbles

4087

08:15:57.850 --> 08:16:03.690

The Mythopoeic Society: and season 4 is okay. We've got a foothold. We're gonna have like, a do. I get this? Yeah.

4088
08:16:03.930 --> 08:16:09.920
The Mythopoeic Society: so. But it's a joint thing. It's a Us. Soviet, North Korean.

4089
08:16:11.520 --> 08:16:13.600
The Mythopoeic Society: and Indian.

4090
08:16:15.720 --> 08:16:24.139
The Mythopoeic Society: And yeah, yeah, so it's very much of an international base.

4091
08:16:24.890 --> 08:16:30.470
The Mythopoeic Society: But so then, okay, well, everybody's together. Well, no, we've got workers. And we've got managers.

4092
08:16:31.218 --> 08:16:34.269
The Mythopoeic Society: So like, you're the new body.

4093
08:16:34.570 --> 08:16:36.320
The Mythopoeic Society: it's quite interesting. Yeah.

4094
08:16:36.490 --> 08:16:45.952
The Mythopoeic Society: so interesting labor issues, yeah, labor issues on bars. The really nice realistic

4095
08:16:46.900 --> 08:16:54.020
The Mythopoeic Society: jumps on that especially season 3 where they're doing government sponsored versus a

4096
08:16:54.210 --> 08:17:12.309
The Mythopoeic Society: commercial, independent, sponsored flights as well. So handling those quite fascinating. So those are things. Do you guys have like questions, comments on on what you like about

4097
08:17:14.360 --> 08:17:16.750
The Mythopoeic Society: least, he's going to say that was interesting.

4098
08:17:18.660 --> 08:17:19.420
The Mythopoeic Society: Okay.

4099
08:17:21.900 --> 08:17:27.129
The Mythopoeic Society: but we're not willing to go through at a different shockwave States.

4100
08:17:27.270 --> 08:17:29.819
The Mythopoeic Society: where it's a change now. But there's like.

4101

08:17:30.490 --> 08:17:32.809

The Mythopoeic Society: you know, the topic. Right? So

4102

08:17:35.010 --> 08:17:35.840

The Mythopoeic Society: yeah.

4103

08:17:36.060 --> 08:17:37.200

The Mythopoeic Society: that's interesting.

4104

08:17:37.330 --> 08:17:38.809

The Mythopoeic Society: Asking about how important.

4105

08:17:39.400 --> 08:17:40.390

The Mythopoeic Society: Save it

4106

08:17:41.150 --> 08:17:41.870

The Mythopoeic Society: minute.

4107

08:17:42.510 --> 08:17:44.400

The Mythopoeic Society: I didn't really like something right

4108

08:17:45.280 --> 08:17:48.900

The Mythopoeic Society: or in our spot, or if you sell it right.

4109

08:17:48.960 --> 08:17:51.830

The Mythopoeic Society: and so I'll see it's when I'm trying to see.

4110

08:17:52.850 --> 08:17:53.660

The Mythopoeic Society: Yeah.

4111

08:17:54.780 --> 08:17:56.920

The Mythopoeic Society: yeah, you know.

4112

08:17:57.040 --> 08:18:00.179

The Mythopoeic Society: yeah. So it is beautiful. It is very cool. Yeah.

4113

08:18:00.660 --> 08:18:05.070

The Mythopoeic Society: One of the characters in the second season is the

4114

08:18:05.210 --> 08:18:11.369

The Mythopoeic Society: of Lunar Base was Easton aspect of Wuble Hockels, who was a real person.

4115

08:18:11.600 --> 08:18:15.690

The Mythopoeic Society: I notice that most of these things, if they're using a real name, the person is

4116

08:18:15.730 --> 08:18:17.439

The Mythopoeic Society: inaugural to his death.

4117

08:18:18.040 --> 08:18:21.789

The Mythopoeic Society: and if you know. So the major

4118

08:18:22.190 --> 08:18:30.210

The Mythopoeic Society: characters aren't fictional and composites, but occasionally they'll toss up a real name of someone who used to do them.

4119

08:18:30.480 --> 08:18:32.530

The Mythopoeic Society: They passed on, you know.

4120

08:18:33.350 --> 08:18:38.787

The Mythopoeic Society: So I think they feel more free to use the same yeah, Google local team.

4121

08:18:39.600 --> 08:18:42.979

The Mythopoeic Society: what caught my ear with just that. I'm like

4122

08:18:44.260 --> 08:18:45.050

The Mythopoeic Society: and

4123

08:18:45.470 --> 08:18:56.000

The Mythopoeic Society: my wife at the time we were dating, and so I got her a face clad, Teddy bear, and we named the Bear Ooble.

4124

08:18:56.940 --> 08:18:57.920

The Mythopoeic Society: So it's just

4125

08:18:58.090 --> 08:19:02.549

The Mythopoeic Society: a fun thing to do in the night. Oh, my God! Google's back!

4126

08:19:02.870 --> 08:19:05.119

The Mythopoeic Society: So I thought that was a personal note. They'd like.

4127

08:19:05.190 --> 08:19:06.970

The Mythopoeic Society: Okay, yeah.

4128

08:19:07.756 --> 08:19:09.540

The Mythopoeic Society: There's if you look

4129

08:19:10.272 --> 08:19:11.497

The Mythopoeic Society: in the

4130

08:19:12.480 --> 08:19:13.570

The Mythopoeic Society: astronaut

4131

08:19:14.630 --> 08:19:16.680

The Mythopoeic Society: office. They have photos

4132

08:19:17.290 --> 08:19:27.669

The Mythopoeic Society: of astronauts of who designed what doing stuff like that. And I recognize a lot of the people on that board because they're astronauts in our world, too.

4133

08:19:27.700 --> 08:19:42.289

The Mythopoeic Society: And it's just fun to watch. Okay, wow. Okay, yeah, it's just not just a cameo. And they just pull. You know, the archive, a photo from the astronaut opposite. But it's cool that yeah. Okay, so there's an astronaut here and there.

4134

08:19:42.580 --> 08:19:50.259

The Mythopoeic Society: So I I thought that was a nice attachment. You know. They are trying their best to make it just a smidge off of our room. Okay? But

4135

08:19:50.270 --> 08:19:52.359

The Mythopoeic Society: a lot of things are still the same.

4136

08:19:53.950 --> 08:19:55.080

The Mythopoeic Society: Yeah. But

4137

08:19:56.626 --> 08:19:59.770

The Mythopoeic Society: see other questions, comments

4138

08:20:03.710 --> 08:20:04.580

The Mythopoeic Society: shut down.

4139

08:20:05.500 --> 08:20:08.940

The Mythopoeic Society: You might just yeah. I know that.

4140

08:20:10.790 --> 08:20:12.440

The Mythopoeic Society: Okay.

4141

08:20:12.630 --> 08:20:20.010

The Mythopoeic Society: the feeling very

4142

08:20:21.850 --> 08:20:26.060

The Mythopoeic Society: give us a moment what was coming on Science

4143

08:20:27.010 --> 08:20:28.360

The Mythopoeic Society: Valley infrastructure.

4144

08:20:29.380 --> 08:20:31.080

The Mythopoeic Society: We have all kinds of

4145

08:20:35.460 --> 08:20:36.130

The Mythopoeic Society: some.

4146

08:20:36.420 --> 08:20:39.169

The Mythopoeic Society: Maybe the speakers of it. So

4147

08:20:39.450 --> 08:20:41.129

The Mythopoeic Society: some amount of Internet.

4148

08:20:43.710 --> 08:20:51.510

The Mythopoeic Society: yeah, I mean a couple of people. Well, it's space hardware. But it's also a soap opera. And it's an interesting blend

4149

08:20:51.540 --> 08:20:59.750

The Mythopoeic Society: between the 2, and I know some people who really don't know or care about the engineering from some of it, but they love the zoom aspects to it.

4150

08:21:00.280 --> 08:21:02.050

The Mythopoeic Society: and vice versa. But

4151

08:21:02.370 --> 08:21:03.640

The Mythopoeic Society: and I've

4152

08:21:03.730 --> 08:21:05.589

The Mythopoeic Society: over the course of the 4 years of

4153

08:21:05.720 --> 08:21:10.292

The Mythopoeic Society: grown an appreciation for the soap opera aspect of it.

4154

08:21:11.450 --> 08:21:14.719

The Mythopoeic Society: you know all the work, I guess. But

4155

08:21:15.494 --> 08:21:18.639

The Mythopoeic Society: one thing the you know.

4156

08:21:18.740 --> 08:21:21.300

The Mythopoeic Society: paying a service. There's a company.

4157

08:21:21.870 --> 08:21:23.480

The Mythopoeic Society: you know, for all of these

4158

08:21:23.960 --> 08:21:34.140

The Mythopoeic Society: of flights. They've got little flight patches, and a lot of them. The same person who designed the flight patches for the real ones is designing some of the patches

4159

08:21:34.330 --> 08:21:39.249

The Mythopoeic Society: for the for the shovel, and you can buy

4160

08:21:39.570 --> 08:21:45.999

The Mythopoeic Society: if your if your timing is just right, because they only make a very limited a number, they sell out

4161

08:21:46.020 --> 08:21:48.739

The Mythopoeic Society: one set fold out in less than a day.

4162

08:21:49.140 --> 08:21:56.190

The Mythopoeic Society: Dang it! And I missed that set. But I've got the other sets, but it's a cloth up hack. You know the standard

4163

08:21:56.350 --> 08:22:03.209

The Mythopoeic Society: a 3 or a 4 inch size. Patch, and you know it's fun to look at the names that are on there.

4164

08:22:03.360 --> 08:22:05.369

The Mythopoeic Society: It's fun to look at like.

4165

08:22:05.570 --> 08:22:18.040

The Mythopoeic Society: Why, that is really close to our world's patch, but not quite. For one thing, the NASA Logo is

flipped over the other way. So the little chevron points the other way.

4166

08:22:19.850 --> 08:22:21.609

The Mythopoeic Society: The NASA worm

4167

08:22:21.870 --> 08:22:25.900

The Mythopoeic Society: it so just a midge, or different. If you look at it

4168

08:22:26.150 --> 08:22:33.330

The Mythopoeic Society: so we can. It's fun to notice how they've taken everything, and just not, I said, just a little flap.

4169

08:22:33.600 --> 08:22:39.060

The Mythopoeic Society: But if you just take a quick glance like, Oh, sure, that's ours. Wait! No, it's not

4170

08:22:39.520 --> 08:22:43.090

The Mythopoeic Society: so. It's fun to look at that sort of stuff.

4171

08:22:43.790 --> 08:22:46.700

The Mythopoeic Society: And you know, in their North Korea.

4172

08:22:46.990 --> 08:22:53.230

The Mythopoeic Society: as the others, water switches. North Korea has a space program much more so than

4173

08:22:53.940 --> 08:22:55.639

The Mythopoeic Society: our North Korea does.

4174

08:22:56.000 --> 08:22:57.929

The Mythopoeic Society: So it's like, that's different.

4175

08:22:58.000 --> 08:23:00.219

The Mythopoeic Society: Okay, cool. I mean, I have

4176

08:23:00.570 --> 08:23:02.059

The Mythopoeic Society: a and A

4177

08:23:02.200 --> 08:23:07.140

The Mythopoeic Society: and the acquaintance who actually got a tour of the North Korean space

4178

08:23:07.870 --> 08:23:11.669

The Mythopoeic Society: all options because they were inviting journalists

4179

08:23:11.840 --> 08:23:14.500

The Mythopoeic Society: over for a while he was able to

4180

08:23:15.110 --> 08:23:18.419

The Mythopoeic Society: go on a pretty spa dunk it for that, so

4181

08:23:20.250 --> 08:23:21.929

The Mythopoeic Society: they could have. But

4182

08:23:23.260 --> 08:23:24.170

The Mythopoeic Society: it's

4183

08:23:24.540 --> 08:23:25.720

The Mythopoeic Society: interesting

4184

08:23:26.260 --> 08:23:29.890

The Mythopoeic Society: that they do all these things, and it was like, it's our woman

4185

08:23:30.560 --> 08:23:34.830

The Mythopoeic Society: have to go to the left or right, depending upon whatever it's

4186

08:23:34.930 --> 08:23:36.530

The Mythopoeic Society: and I always win that from

4187

08:23:36.990 --> 08:23:37.870

The Mythopoeic Society: points

4188

08:23:38.440 --> 08:23:39.980

The Mythopoeic Society: interesting of how it's

4189

08:23:40.530 --> 08:23:43.350

The Mythopoeic Society: boy, that's ours. Wait. No, no. Okay.

4190

08:23:44.860 --> 08:23:54.400

The Mythopoeic Society: Yeah. Cause something like the people working on Mike Denise, including who Mike is a graphics minister.

4191

08:23:54.710 --> 08:24:09.479

The Mythopoeic Society: I mean in terms of on the top of his game, and that good. And they have him doing a lot of those, plus helping with set design. He helped a lot with making sure that the 1st mission control

4192

08:24:09.780 --> 08:24:11.420

The Mythopoeic Society: did as much to match

4193

08:24:11.460 --> 08:24:25.620

The Mythopoeic Society: the the real one. And then, you know, the little plays that they would have had moving into that. And then he had big input on what to do when it was the rebuild one for the final seasons, plus working on catches because he was actually

4194

08:24:25.640 --> 08:24:27.320

The Mythopoeic Society: contracted to do

4195

08:24:27.900 --> 08:24:47.159

The Mythopoeic Society: real punches for NASA for a number. I don't know how many, but it's I was like going to say a half dozen or so. He's done

4196

08:24:47.160 --> 08:25:00.019

The Mythopoeic Society: hard, you know. Somebody. He also did some of the invited us. Yeah, he did. So. I mean, he's, you know, you've seen his work. It's

4197

08:25:00.350 --> 08:25:03.519

The Mythopoeic Society: yeah. He does his best to make sure that the user

4198

08:25:03.760 --> 08:25:06.300

The Mythopoeic Society: interface really makes sense.

4199

08:25:07.590 --> 08:25:12.669

The Mythopoeic Society: Yeah, of course, here's the older production computer or or his design

4200

08:25:13.248 --> 08:25:15.120

The Mythopoeic Society: on that. And so

4201

08:25:15.160 --> 08:25:18.329

The Mythopoeic Society: if you know, he explains how it works, we're gonna go.

4202

08:25:18.470 --> 08:25:28.269

The Mythopoeic Society: Oh, wonderfully logical. And you know, easy to do once, you know, the concept is enough, and you're working it, you know, like the career.

4203

08:25:28.330 --> 08:25:57.260

The Mythopoeic Society: and also in the in, like the manual that they wrote for. Next Gen. That says, Okay, controls are set up so that you're not playing like a master grand piano in in full concert on that you're doing a little more stuff. But you're it's controlled access on that, as opposed to, you know, like like they do when they make us think from packing in

a number of just touching cases.

4204

08:25:57.460 --> 08:25:58.250

The Mythopoeic Society: Thank you.

4205

08:25:59.720 --> 08:26:01.000

The Mythopoeic Society: No, no.

4206

08:26:02.110 --> 08:26:03.360

The Mythopoeic Society: Is

4207

08:26:04.534 --> 08:26:08.729

The Mythopoeic Society: one of the posters has a state. Podcast

4208

08:26:09.020 --> 08:26:09.855

The Mythopoeic Society: yeah,

4209

08:26:11.590 --> 08:26:17.619

The Mythopoeic Society: so yeah, it's been a long time to be able to do, you know, through the apple.

4210

08:26:18.090 --> 08:26:19.899

The Mythopoeic Society: And there was a native Minnesotan

4211

08:26:20.030 --> 08:26:21.460

The Mythopoeic Society: on the shelf for the yeah.

4212

08:26:21.530 --> 08:26:23.709

The Mythopoeic Society: Same. Just, you know

4213

08:26:25.730 --> 08:26:27.619

The Mythopoeic Society: I'm not, you know. Let me.

4214

08:26:32.080 --> 08:26:33.210

The Mythopoeic Society: But but

4215

08:26:37.470 --> 08:26:38.440

The Mythopoeic Society: it's

4216

08:26:38.680 --> 08:26:43.750

The Mythopoeic Society: oh, is it? Yeah. Okay, cool.

4217

08:26:43.940 --> 08:26:46.100

The Mythopoeic Society: This is a kris. Yeah.

4218

08:26:46.250 --> 08:26:52.965

The Mythopoeic Society: on that she plays Danny throughout the the whole series. Yeah. And then the actress playing

4219

08:26:55.155 --> 08:26:58.310

The Mythopoeic Society: the majors. You know the main

4220

08:26:58.360 --> 08:27:01.050

The Mythopoeic Society: astronaut's wife is a native Minnesotan.

4221

08:27:01.635 --> 08:27:06.540

The Mythopoeic Society: and then for Ben, till I think, is her last name.

4222

08:27:06.720 --> 08:27:08.990

The Mythopoeic Society: It is from Western Minnesota.

4223

08:27:09.350 --> 08:27:11.999

The Mythopoeic Society: and it comes back on occasion.

4224

08:27:12.060 --> 08:27:15.633

The Mythopoeic Society: But really enjoyed her time and work on

4225

08:27:16.270 --> 08:27:19.789

The Mythopoeic Society: unfaroman type. And now she's moved on to a cocktail.

4226

08:27:20.640 --> 08:27:24.799

The Mythopoeic Society: So there you go. But yeah, he's on on the go.

4227

08:27:25.600 --> 08:27:27.930

The Mythopoeic Society: Well, it's a lot of good thanks.

4228

08:27:30.055 --> 08:27:35.330

The Mythopoeic Society: Yeah. And it there's

4229

08:27:36.860 --> 08:27:41.379

The Mythopoeic Society: unfortunately, most studios. Say, okay, we're doing the

4230

08:27:41.700 --> 08:27:44.560

The Mythopoeic Society: then. After that we got to see. But you know

4231

08:27:44.790 --> 08:27:47.110

The Mythopoeic Society: the business that the business is business.

4232

08:27:47.630 --> 08:27:54.759

The Mythopoeic Society: So. But there is the fact that, you know season 5 is the thing and is the same.

4233

08:27:55.070 --> 08:28:00.489

The Mythopoeic Society: But after that, now they've got like a 7 year plan worked out.

4234

08:28:01.420 --> 08:28:10.700

The Mythopoeic Society: But and yeah, and Nicole actually is a been a little

4235

08:28:10.740 --> 08:28:13.819

The Mythopoeic Society: than some of the other security services on

4236

08:28:14.180 --> 08:28:15.970

The Mythopoeic Society: for hanging in there

4237

08:28:16.090 --> 08:28:17.730

The Mythopoeic Society: that point.

4238

08:28:18.730 --> 08:28:32.390

The Mythopoeic Society: Netflix can be known to abandon something, and it's gone and it goes well, and I'll just so we found out when when they decide

4239

08:28:32.860 --> 08:28:37.200

The Mythopoeic Society: to kind of be under the buses and the new work connections

4240

08:28:37.873 --> 08:28:39.200

The Mythopoeic Society: even with

4241

08:28:39.280 --> 08:28:41.340

The Mythopoeic Society: we're going to.

4242

08:28:41.360 --> 08:28:50.890

The Mythopoeic Society: Then it was back when we had the 3 networks and a couple of independent stations in terms of how we get our TV series these days. There's

4243

08:28:51.280 --> 08:28:55.759

The Mythopoeic Society: both advantages and disadvantages to going to

4244

08:28:57.840 --> 08:29:04.619

The Mythopoeic Society: season. So, going from 26 episodes down to 10 to 14,

4245

08:29:04.780 --> 08:29:33.139

The Mythopoeic Society: 10 to 20, depending on what they're doing, gives us where they can pay better attention to those episodes and do that and be able to. You know, plan things out better that they're not going on, you know. Their 3rd episode of the season, and you can tell everybody is starting to look just I mean, once in a while on those longer seasons with some shows, or you can tell. It's like, yeah, they could have flown

4246

08:29:33.350 --> 08:29:36.089

The Mythopoeic Society: on that, whereas when you've got

4247

08:29:36.120 --> 08:29:39.899

The Mythopoeic Society: 10 things you've got those episodes planned out.

4248

08:29:39.920 --> 08:30:01.940

The Mythopoeic Society: and if they're like how, doctor? Who does it when they're shooting a season in England? They've got it blocked out as to when they're shooting, which groups of the episode sets and what locations. So they are doing a master plan. But you could, as an actor, be doing scenes from 3 different episodes on the same work day

4249

08:30:02.170 --> 08:30:09.389

The Mythopoeic Society: on that. So that's for customers for them to provide a consistent performance is a very challenging thing

4250

08:30:09.570 --> 08:30:12.749

The Mythopoeic Society: on that sort of thing, because but they're

4251

08:30:12.760 --> 08:30:21.070

The Mythopoeic Society: more on that because they're shooting all over, whereas, you know, like

4252

08:30:21.850 --> 08:30:24.380

The Mythopoeic Society: 90% on this stage

4253

08:30:24.550 --> 08:30:28.069

The Mythopoeic Society: on that. And then they get their location

4254

08:30:28.100 --> 08:30:34.169

The Mythopoeic Society: are fabled to use what they like to call it, or the video wall where they can pull off

4255

08:30:34.350 --> 08:30:36.040

The Mythopoeic Society: really good looking.

4256

08:30:36.110 --> 08:30:40.129

The Mythopoeic Society: That's what looks like exterior shots that are actually on a soundstage

4257

08:30:40.860 --> 08:30:45.962

The Mythopoeic Society: mandalorian used the same technology on that. Where

4258

08:30:46.780 --> 08:30:51.390

The Mythopoeic Society: for those seasons. And you're looking at going. These are really cool.

4259

08:30:51.620 --> 08:30:57.799

The Mythopoeic Society: Yeah, sometimes it's ridiculous when they get them on video one versus a location, because if you get boosted

4260

08:30:58.250 --> 08:31:03.110

The Mythopoeic Society: the physical software that the he was walking on to look

4261

08:31:03.480 --> 08:31:06.370

The Mythopoeic Society: just like it would have been if they were in a spot like that.

4262

08:31:06.470 --> 08:31:12.959

The Mythopoeic Society: Then the rest of it, long as it's not sending clues. And I I'm a computer generated platform.

4263

08:31:13.360 --> 08:31:16.889

The Mythopoeic Society: You can't chat, is there times when I was looking at the Mandalorian going.

4264

08:31:18.250 --> 08:31:19.750

The Mythopoeic Society: and so come back to me?

4265

08:31:20.540 --> 08:31:26.260

The Mythopoeic Society: You know I see a man in the morning. Say, Oh, the sun has just set. Okay, this is a good Sun city.

4266

08:31:27.010 --> 08:31:33.649

The Mythopoeic Society: And then in a later off season, I think it was a quick system, such that they can actually do broad daylight. And they could.

4267

08:31:34.220 --> 08:31:36.440

The Mythopoeic Society: But also the Einstein.

4268

08:31:36.940 --> 08:31:43.130

The Mythopoeic Society: you know, we couldn't get the video that bright. So they said, Okay, we'll just let me at the.

4269

08:31:43.780 --> 08:31:45.060

The Mythopoeic Society: There's a lot of that.

4270

08:31:45.080 --> 08:31:46.150

The Mythopoeic Society: and

4271

08:31:46.230 --> 08:31:48.349

The Mythopoeic Society: we'll call that demons enough.

4272

08:31:48.620 --> 08:31:52.870

The Mythopoeic Society: So well, thank you for that opportunity. Thank you for what?

4273

08:31:56.000 --> 08:32:05.349

The Mythopoeic Society: Yeah. And the nice thing about our time is that we're getting really well produced. Size 60 series, helpful on the TV shows. But if you have given the foundation series.

4274

08:32:05.710 --> 08:32:07.650

The Mythopoeic Society: I cry, given time.

4275

08:32:07.800 --> 08:32:13.490

The Mythopoeic Society: It's an opt duck, and it's got compelling stuff, and it's got other stuff. But

4276

08:32:14.160 --> 08:32:17.990

The Mythopoeic Society: they're very service, is it not? It is not applicable.

4277

08:32:19.324 --> 08:32:20.259

The Mythopoeic Society: Yeah.

4278

08:32:20.930 --> 08:32:34.469

The Mythopoeic Society: yeah, we'll see how that goes. But we are seeing services starting to do that. So. But it was inevitable.

4279

08:32:34.560 --> 08:32:42.130

The Mythopoeic Society: Yeah, they were all going. Oh, it's a green.

4280

08:32:43.220 --> 08:32:44.580

The Mythopoeic Society: Martha.

4281

08:32:44.970 --> 08:32:46.220
The Mythopoeic Society: Yeah.

4282
08:32:46.230 --> 08:32:50.910
The Mythopoeic Society: Subscription service. In this case. My cat is that

4283
08:32:50.980 --> 08:33:07.419
The Mythopoeic Society: you just have to speak to someone subscribe showings. You rewind

4284
08:33:07.530 --> 08:33:17.720
The Mythopoeic Society: if you watch it, if you binge it twice. Yeah, because the the people at comic con I watched a couple of the the drink panels

4285
08:33:17.880 --> 08:33:23.130
The Mythopoeic Society: online. They said, if you watch it twice, they know that that counts

4286
08:33:24.150 --> 08:33:36.149
The Mythopoeic Society: the status. The old model is the activists. Yeah.

4287
08:33:36.160 --> 08:33:37.210
The Mythopoeic Society: constantly

4288
08:33:37.300 --> 08:33:39.770
The Mythopoeic Society: more complicated than

4289
08:33:42.561 --> 08:33:46.329
The Mythopoeic Society: I never wanted to do a job where

4290
08:33:46.440 --> 08:33:49.480
The Mythopoeic Society: I had to make the number of snappy

4291
08:33:59.890 --> 08:34:02.580
The Mythopoeic Society: university of this Board meeting.

4292
08:34:02.820 --> 08:34:03.690
The Mythopoeic Society: Who is it?

4293
08:34:03.840 --> 08:34:08.609
The Mythopoeic Society: We have to see the movie here. We see it anywhere else.

4294
08:34:09.260 --> 08:34:15.430

The Mythopoeic Society: I mean, if if you wanted to do.

4295

08:34:22.760 --> 08:34:24.720

The Mythopoeic Society: it's a little part

4296

08:34:24.750 --> 08:34:26.319

The Mythopoeic Society: leaving her black and white.

4297

08:34:26.600 --> 08:34:30.199

The Mythopoeic Society: it's 1 of those things that's black and white. Actually, in my

4298

08:34:30.370 --> 08:34:32.250

The Mythopoeic Society: opinion, look at her.

4299

08:34:32.890 --> 08:34:35.259

The Mythopoeic Society: Pie is very beautiful. Yeah.

4300

08:34:38.230 --> 08:34:46.860

The Mythopoeic Society: I mean the a color, because I saw the a color first, st and that's what was available first, st and then I'm like my background. Oh, wow! This looks so much better.

4301

08:34:47.220 --> 08:34:50.829

The Mythopoeic Society: And the color of good, you know, but it's just that. Yes, it just.

4302

08:34:51.200 --> 08:34:56.369

The Mythopoeic Society: I have noticed in several things that much

4303

08:34:56.600 --> 08:34:58.290

The Mythopoeic Society: doing these things.

4304

08:34:58.570 --> 08:35:02.910

The Mythopoeic Society: I'm seeing huge monster that's enough to let you wave it.

4305

08:35:03.150 --> 08:35:06.380

The Mythopoeic Society: Somebody is saving some yields

4306

08:35:08.320 --> 08:35:15.600

The Mythopoeic Society: at the same time.

4307

08:35:15.620 --> 08:35:19.730

The Mythopoeic Society: because that's what you do.

4308

08:35:20.210 --> 08:35:22.900

The Mythopoeic Society: And it's almost impossible to see.

4309

08:35:23.020 --> 08:35:24.640

The Mythopoeic Society: Mr. Video.

4310

08:35:24.690 --> 08:35:26.479

The Mythopoeic Society: You just said, I'll kill over

4311

08:35:26.580 --> 08:35:29.909

The Mythopoeic Society: purposes that this is kind of like.

4312

08:35:48.040 --> 08:35:51.689

The Mythopoeic Society: senior, 2 things happen

4313

08:35:57.330 --> 08:36:06.070

The Mythopoeic Society: yeah.

4314

08:36:09.950 --> 08:36:11.940

The Mythopoeic Society: well, really is.

4315

08:36:19.900 --> 08:36:20.950

The Mythopoeic Society: we didn't go up

4316

08:36:32.560 --> 08:36:36.810

The Mythopoeic Society: language and sleeping constantly, you'll try new name. You name it?

4317

08:36:37.482 --> 08:36:39.529

The Mythopoeic Society: 7 days a month.

4318

08:36:53.400 --> 08:36:54.230

The Mythopoeic Society: Yeah.

4319

08:36:57.170 --> 08:37:04.390

The Mythopoeic Society: really, that was the poor technology.

4320

08:37:06.870 --> 08:37:07.860

The Mythopoeic Society: do they?

4321

08:37:08.680 --> 08:37:10.830

The Mythopoeic Society: They can't remember the volume.

4322

08:37:12.290 --> 08:37:14.600

The Mythopoeic Society: The sleeves

4323

08:37:17.490 --> 08:37:18.849

The Mythopoeic Society: look pretty soon

4324

08:37:23.820 --> 08:37:30.879

The Mythopoeic Society: multi-lantern, and then moves in order to get what that capability be.

4325

08:37:32.293 --> 08:37:34.120

The Mythopoeic Society: And beginning

4326

08:37:36.465 --> 08:37:40.139

The Mythopoeic Society: sound of color

4327

08:37:41.050 --> 08:37:42.560

The Mythopoeic Society: being pushed at me

4328

08:37:45.630 --> 08:37:52.139

The Mythopoeic Society: to that message.

4329

08:37:55.130 --> 08:37:55.890

The Mythopoeic Society: you know.

4330

08:38:15.620 --> 08:38:17.550

The Mythopoeic Society: 3 or 3.
