

2675  
06:37:04.550 --> 06:37:07.579  
The Mythopoeic Society: Talk with you. What else is? Gonna be friends?

2676  
06:37:08.020 --> 06:37:15.030  
The Mythopoeic Society: Glasses? Oh, my! We'll start with the agenda the next slide there.

2677  
06:37:18.500 --> 06:37:20.733  
The Mythopoeic Society: So I'll I'll introduce myself.

2678  
06:37:23.440 --> 06:37:24.950  
The Mythopoeic Society: we'll look out

2679  
06:37:25.200 --> 06:37:28.716  
The Mythopoeic Society: works that English works that are translated that are sold in Germany.

2680  
06:37:29.300 --> 06:37:31.060  
The Mythopoeic Society: We also look at authors that

2681  
06:37:31.240 --> 06:37:34.819  
The Mythopoeic Society: Eastern European authors that are popular there, some of which are popular here.

2682  
06:37:35.230 --> 06:37:38.180  
The Mythopoeic Society: When we look at native German authors.

2683  
06:37:38.500 --> 06:37:40.800  
The Mythopoeic Society: very few of whom are known here known here.

2684  
06:37:42.240 --> 06:37:48.090  
The Mythopoeic Society: And then in the end, I'm going to look at German authors that are not available in English at all, because that's even more interesting.

2685  
06:37:49.880 --> 06:37:52.249  
The Mythopoeic Society: So about me next slide.

2686  
06:37:54.570 --> 06:37:58.519  
The Mythopoeic Society: I'm I'm a hard Sf. Fan coming up on 6 decades now.

2687  
06:37:59.890 --> 06:38:10.789  
The Mythopoeic Society: I was an exchange student in Germany in 1,978, and I used that opportunity to find out what I could about German. Sf, I did it by hanging out in bookstores and libraries, and I came to the conclusion

2688

06:38:10.860 --> 06:38:15.200

The Mythopoeic Society: that the German S Sf. Market is just English works translated into German.

2689

06:38:15.790 --> 06:38:18.489

The Mythopoeic Society: I got a second chance in 2,007.

2690

06:38:19.440 --> 06:38:21.340

The Mythopoeic Society: We went there on vacation.

2691

06:38:21.540 --> 06:38:24.980

The Mythopoeic Society: I used the same technique, and I came to the same conclusion.

2692

06:38:25.050 --> 06:38:28.200

The Mythopoeic Society: Germans don't really do any. Don't create any new material at all.

2693

06:38:30.440 --> 06:38:31.520

The Mythopoeic Society: So

2694

06:38:33.870 --> 06:38:35.890

The Mythopoeic Society: in 2,013 I got the

2695

06:38:36.020 --> 06:38:39.089

The Mythopoeic Society: job offer of a lifetime. I got a job offer in Germany.

2696

06:38:39.580 --> 06:38:41.780

The Mythopoeic Society: and I moved there and stayed there for 6 years.

2697

06:38:42.700 --> 06:38:45.889

The Mythopoeic Society: This this time I joined a couple of book clubs and talked to

2698

06:38:46.310 --> 06:38:49.800

The Mythopoeic Society: resident Germans about that, and they they enlightened me.

2699

06:38:50.660 --> 06:38:52.480

The Mythopoeic Society: So this is what you're gonna

2700

06:38:53.580 --> 06:38:56.670

The Mythopoeic Society: you're gonna hear mostly what I learned from them next slide.

2701

06:38:57.710 --> 06:39:01.580

The Mythopoeic Society: So if you go into a German bookstore and look at the Sf section. This is what you're going to see.

2702

06:39:02.830 --> 06:39:05.380

The Mythopoeic Society: I think most American

2703

06:39:05.450 --> 06:39:08.360

The Mythopoeic Society: readers would recognize all the names up there except for one.

2704

06:39:09.460 --> 06:39:12.200

The Mythopoeic Society: and that may not be typical, but it's pretty close.

2705

06:39:17.080 --> 06:39:18.320

The Mythopoeic Society: Oh.

2706

06:39:18.540 --> 06:39:19.430

The Mythopoeic Society: next slide.

2707

06:39:22.290 --> 06:39:25.559

The Mythopoeic Society: So when I talk about Eastern European authors, I'm talking about

2708

06:39:29.180 --> 06:39:32.659

The Mythopoeic Society: 3 countries, Czechoslovakia, which is now 2 countries itself

2709

06:39:33.390 --> 06:39:35.150

The Mythopoeic Society: and Poland and Russia

2710

06:39:38.240 --> 06:39:39.150

The Mythopoeic Society: next slide.

2711

06:39:40.870 --> 06:39:44.299

The Mythopoeic Society: So our 1st celebrity is named Carl Chopic.

2712

06:39:45.430 --> 06:39:49.339

The Mythopoeic Society: He was born in 1890, lived his entire life in Czechoslovakia.

2713

06:39:51.160 --> 06:39:56.499

The Mythopoeic Society: He started writing Sf. In the 19 thirties, which makes him something of a pioneer in the genre

2714

06:39:57.900 --> 06:40:03.960

The Mythopoeic Society: around the world. His most famous work is a three-part novel called War with the Newts

2715  
06:40:05.540 --> 06:40:08.920  
The Mythopoeic Society: and a captain of a Sea Ship. A seagoing Ship. Discoveries

2716  
06:40:09.270 --> 06:40:12.759  
The Mythopoeic Society: race of intelligent amphibians on an island in the South Pacific.

2717  
06:40:13.090 --> 06:40:17.540  
The Mythopoeic Society: he quickly realizes these can be harnessed as slaves to do things that humans can't do. Like

2718  
06:40:17.750 --> 06:40:20.799  
The Mythopoeic Society: create oyster pearl farms in in

2719  
06:40:21.000 --> 06:40:22.780  
The Mythopoeic Society: with profitable ventures

2720  
06:40:23.960 --> 06:40:29.069  
The Mythopoeic Society: it satirizes many universally accepted truths, including Hollywood Star Worship

2721  
06:40:29.420 --> 06:40:31.240  
The Mythopoeic Society: Superior in Hawaiian race

2722  
06:40:31.500 --> 06:40:34.820  
The Mythopoeic Society: salability of scientists.

2723  
06:40:36.250 --> 06:40:41.819  
The Mythopoeic Society: But to most sci-fi fans he's better known as the author of the play called RUR.

2724  
06:40:42.040 --> 06:40:43.600  
The Mythopoeic Society: 1920.

2725  
06:40:44.330 --> 06:40:51.320  
The Mythopoeic Society: This is set in a factory. It is run by artificially created human beings, which nowadays are known as androids.

2726  
06:40:51.400 --> 06:40:52.810  
The Mythopoeic Society: There was no word for it

2727  
06:40:53.590 --> 06:40:55.430  
The Mythopoeic Society: in 1920,

2728  
06:40:55.630 --> 06:40:59.690  
The Mythopoeic Society: so he took the Czech word for dredge word, which is robota.

2729  
06:41:00.430 --> 06:41:02.030  
The Mythopoeic Society: and he shortened it to robot.

2730  
06:41:03.460 --> 06:41:08.090  
The Mythopoeic Society: and that has drifted into just about every other language on the planet since then.

2731  
06:41:09.190 --> 06:41:12.399  
The Mythopoeic Society: So I'll emphasize it's a play, not not a now.

2732  
06:41:12.860 --> 06:41:13.730  
The Mythopoeic Society: Next.

2733  
06:41:17.970 --> 06:41:26.000  
The Mythopoeic Society: So on my 1978 trip, I did discover one author that was not generally known in the United States at that time. That was Stanislav Lim. He was born

2734  
06:41:26.990 --> 06:41:29.549  
The Mythopoeic Society: in Poland. Let's see here.

2735  
06:41:30.070 --> 06:41:33.329  
The Mythopoeic Society: Lvov Poland. Okay, that is now Lviv.

2736  
06:41:33.390 --> 06:41:34.400  
The Mythopoeic Society: Ukraine.

2737  
06:41:34.670 --> 06:41:36.020  
The Mythopoeic Society: 1921.

2738  
06:41:37.440 --> 06:41:40.519  
The Mythopoeic Society: His family was Jewish. He survived the holocaust by

2739  
06:41:40.610 --> 06:41:42.000  
The Mythopoeic Society: looking his papers

2740  
06:41:44.150 --> 06:41:46.780  
The Mythopoeic Society: published his 1st Sf. In the 1950 S.

2741

06:41:49.010 --> 06:41:52.320

The Mythopoeic Society: Published a book called Solaris in 1,961,

2742

06:41:53.550 --> 06:41:58.290

The Mythopoeic Society: which is made into a movie in in Russia by the director, Andrei Tarkovsky.

2743

06:41:58.310 --> 06:42:00.030

The Mythopoeic Society: 1968.

2744

06:42:00.490 --> 06:42:04.839

The Mythopoeic Society: And it was made into a movie in the Us. In 2,002 star, George Clooney.

2745

06:42:06.330 --> 06:42:07.750

The Mythopoeic Society: So in this book.

2746

06:42:08.090 --> 06:42:09.050

The Mythopoeic Society: Oh.

2747

06:42:09.820 --> 06:42:11.819

The Mythopoeic Society: the psychologist is sent to an

2748

06:42:11.880 --> 06:42:16.720

The Mythopoeic Society: the space station orbiting a planet that has no soft land on it. It's all all water.

2749

06:42:17.460 --> 06:42:22.850

The Mythopoeic Society: Strange things are happening when staging people are committing suicide. It's his job to figure it out.

2750

06:42:23.970 --> 06:42:25.270

The Mythopoeic Society: He discovers that

2751

06:42:25.910 --> 06:42:28.199

The Mythopoeic Society: a property of the planet never explained

2752

06:42:28.740 --> 06:42:30.130

The Mythopoeic Society: causes people's

2753

06:42:30.450 --> 06:42:36.650

The Mythopoeic Society: memories to be turned into concrete objects, and they have no control over it, especially if they didn't know why.

2754

06:42:39.870 --> 06:42:42.919

The Mythopoeic Society: He has a lesser known novel that I like called eager.

2755

06:42:43.320 --> 06:42:45.019

The Mythopoeic Society: He got in 1959.

2756

06:42:46.380 --> 06:42:52.569

The Mythopoeic Society: He's got a 6 man ship. That crash lands on an alien world. They meet natives there who do things that make no sense.

2757

06:42:53.310 --> 06:42:56.139

The Mythopoeic Society: and the rest of the plot revolves around understanding each other.

2758

06:42:58.280 --> 06:42:59.110

The Mythopoeic Society: Next.

2759

06:43:03.320 --> 06:43:04.330

The Mythopoeic Society: okay.

2760

06:43:04.400 --> 06:43:07.479

The Mythopoeic Society: And in Russia these guys are known as the brother Stragotsky.

2761

06:43:09.000 --> 06:43:10.980

The Mythopoeic Society: Arcadi, and Boris.

2762

06:43:11.720 --> 06:43:12.920

The Mythopoeic Society: both boring

2763

06:43:13.830 --> 06:43:14.770

The Mythopoeic Society: in

2764

06:43:14.930 --> 06:43:18.720

The Mythopoeic Society: in the Soviet Union. One of them lived his entire life in the Soviet Union.

2765

06:43:19.070 --> 06:43:21.219

The Mythopoeic Society: Boris is the one with the Mustache.

2766

06:43:22.720 --> 06:43:26.209

The Mythopoeic Society: and they publish works in Sf. Altogether and

2767

06:43:26.260 --> 06:43:27.650

The Mythopoeic Society: individually.

2768

06:43:28.730 --> 06:43:31.469

The Mythopoeic Society: Their most famous work is called Roadside Picnic.

2769

06:43:35.080 --> 06:43:39.040

The Mythopoeic Society: It depicts the aftermath of a visitation by an alien spacecraft

2770

06:43:39.310 --> 06:43:39.855

The Mythopoeic Society: in

2771

06:43:40.560 --> 06:43:42.779

The Mythopoeic Society: about a half a dozen places around the earth.

2772

06:43:44.350 --> 06:43:49.590

The Mythopoeic Society: and it's confounded by the fact that no Earthling witness the landings. All they have left are the artifacts which are

2773

06:43:50.930 --> 06:43:54.259

The Mythopoeic Society: difficult to explain in in terms of our physics.

2774

06:43:55.520 --> 06:43:58.220

The Mythopoeic Society: I remember 1 1 scene in there where.

2775

06:43:58.621 --> 06:44:05.939

The Mythopoeic Society: people people who are married or dead, they come back from the grave. Okay, and they go home to their family trying to move in again.

2776

06:44:11.510 --> 06:44:19.049

The Mythopoeic Society: Another of their favorites, they're well known, is called Prisoners of the Power. It's also known as the inhabited Island, came out in 1,969.

2777

06:44:19.430 --> 06:44:20.960

The Mythopoeic Society: It belongs to a

2778

06:44:21.380 --> 06:44:23.660

The Mythopoeic Society: universe. There's called the New Universe.

2779

06:44:24.450 --> 06:44:27.340

The Mythopoeic Society: In it. In it earth is a Communist Utopia.

2780

06:44:27.750 --> 06:44:34.150

The Mythopoeic Society: and travels around the galaxy, and and a young space explorer named Maxine. Maxine

2781

06:44:34.340 --> 06:44:43.549

The Mythopoeic Society: gets stranded on an unexplored, unexplored plan. He finds a totalitarian society there which puts puts him in a mental institution.

2782

06:44:44.380 --> 06:44:45.200

The Mythopoeic Society: No.

2783

06:44:46.430 --> 06:44:51.190

The Mythopoeic Society: strangely enough, the the institution praised their captors once a day.

2784

06:44:51.670 --> 06:44:59.820

The Mythopoeic Society: and then for about an hour, and then it goes away. Maxine finds out that there is a transmitter outside the the Tris, that broadcast. Some kind of mental rays

2785

06:45:00.120 --> 06:45:02.400

The Mythopoeic Society: does that to him, but it doesn't affect him.

2786

06:45:04.360 --> 06:45:06.770

The Mythopoeic Society: and they have another work called the Zoom City.

2787

06:45:08.050 --> 06:45:08.710

The Mythopoeic Society: We're

2788

06:45:10.050 --> 06:45:12.199

The Mythopoeic Society: There are mentors on a mysterious planet.

2789

06:45:13.620 --> 06:45:23.380

The Mythopoeic Society: They abduct humans and use them for experiments, and they take people from countries all over the world. Several different decades of the 20th century

2790

06:45:24.260 --> 06:45:25.740

The Mythopoeic Society: prisoners tried to escape.

2791

06:45:26.030 --> 06:45:27.110

The Mythopoeic Society: but the

2792

06:45:28.200 --> 06:45:33.510

The Mythopoeic Society: the prison is surrounded by a swamp on one side and a desert on the other, so they don't get

very far.

2793

06:45:34.740 --> 06:45:37.180

The Mythopoeic Society: This was so politically touchy

2794

06:45:37.220 --> 06:45:39.670

The Mythopoeic Society: that the brothers put it on a, you know.

2795

06:45:40.150 --> 06:45:42.010

The Mythopoeic Society: hidden location in their attic

2796

06:45:42.140 --> 06:45:43.670

The Mythopoeic Society: to finish the record.

2797

06:45:44.110 --> 06:45:47.469

The Mythopoeic Society: and then they thought they could get away with it. So so it was published

2798

06:45:47.610 --> 06:45:48.630

The Mythopoeic Society: much later.

2799

06:45:49.720 --> 06:46:01.950

The Mythopoeic Society: And then one other thing I want to caution you. If you ever take an interest in Russian authors. Everyone I've ever read makes no distinction between hard Sf. And fantasy, and most books are just an indeterminate mix of both.

2800

06:46:03.900 --> 06:46:05.860

The Mythopoeic Society: So it's an acquired taste.

2801

06:46:08.330 --> 06:46:09.140

The Mythopoeic Society: Next.

2802

06:46:12.820 --> 06:46:13.590

The Mythopoeic Society: okay,

2803

06:46:14.550 --> 06:46:16.420

The Mythopoeic Society: Dmitri Lkhovsky

2804

06:46:16.480 --> 06:46:21.840

The Mythopoeic Society: is a contemporary Russian writer. He's fairly young, fairly active.

2805

06:46:22.830 --> 06:46:25.590

The Mythopoeic Society: Born in 1979, grew up in Moscow.

2806

06:46:26.370 --> 06:46:28.290

The Mythopoeic Society: and he started out life as a journalist.

2807

06:46:29.720 --> 06:46:37.489

The Mythopoeic Society: He's now living in exile because he said some things. He used the word war towards the action in in Ukraine, among other things.

2808

06:46:38.710 --> 06:46:44.530

The Mythopoeic Society: so his most famous work is called Mitro Mithro. 23 came out in 2,002.

2809

06:46:46.140 --> 06:46:52.350

The Mythopoeic Society: It's a coming of age story for young man, if you, if you're between 17 and 21, this, this is your cup of tea.

2810

06:46:54.212 --> 06:46:59.399

The Mythopoeic Society: Set in the subway system of a post nuclear holocaust in Moscow.

2811

06:47:00.040 --> 06:47:04.079

The Mythopoeic Society: and he wrote 2 sequels, one called Vital, 2034,

2812

06:47:04.230 --> 06:47:08.169

The Mythopoeic Society: 2,009 in the throat, 2035, and 2,015.

2813

06:47:08.490 --> 06:47:18.460

2841

06:49:26.380 --> 06:49:32.670

The Mythopoeic Society: And he, he used the physics background to pep up his story. So he's he's kind of like Arthur C. Clarke, and he strives for accuracy, and

2842

06:49:33.280 --> 06:49:35.929

The Mythopoeic Society: so we see mortal calculations and so forth.

The Mythopoeic Society: here we have scientists that study intelligent creatures on another planet, and the creatures rebel

2850

06:50:07.050 --> 06:50:13.900

The Mythopoeic Society: to take over the explorer spaceship, and then we have a inter battle interstellar battle for survival.

2851

06:50:14.230 --> 06:50:16.599

2900

06:53:41.860 --> 06:53:47.080

The Mythopoeic Society: His family was forcibly evicted. After the end of the war anybody of German heritage was kicked out of the country.

2901

06:53:51.830 --> 06:53:54.459

The Mythopoeic Society: He landed a job as an editor at a publisher.

2903

06:53:55.600 --> 06:53:56.370

The Mythopoeic Society: and then

2904

06:53:56.900 --> 06:54:02.360

The Mythopoeic Society: Herbert W. Franke frankly offered him a job as an editor in his magazine in 1970.

2905

06:54:02.790 --> 06:54:06.790

The Mythopoeic Society: So he's continued as an editor, but he also became an author at the same time.

2906

06:54:07.560 --> 06:54:09.190

The Mythopoeic Society: So my favorite book by him.

2907

06:54:09.210 --> 06:54:11.069

The Mythopoeic Society: which is available in English.

2908

06:54:12.300 --> 06:54:13.960

The Mythopoeic Society: is the Cusano scheme.

2911

06:54:36.330 --> 06:54:39.800

The Mythopoeic Society: seed and plant samples and restore the destroyed environment.

2912

06:54:41.170 --> 06:54:42.050

The Mythopoeic Society: And

2913

06:54:42.320 --> 06:54:44.640

The Mythopoeic Society: if you like, time, travel yarns. This

2914

06:54:45.600 --> 06:54:50.649

The Mythopoeic Society: has great fun with all the all the paradoxes it creates. Okay, when people can travel

2915

06:54:50.720 --> 06:54:51.800

The Mythopoeic Society: back and forth

2916

06:54:52.030 --> 06:54:53.709

The Mythopoeic Society: it, it will in time.

2917

06:54:55.010 --> 06:55:01.729

The Mythopoeic Society: Ultimately she cannot hide her intelligence and independence in the paranoid Middle Middle Ages, and finds herself charged with witchcraft.

2918

06:55:02.140 --> 06:55:06.639

The Mythopoeic Society: so she decides that her greatest hope lies in seeking the help of Kustantis himself.

2919

06:55:09.530 --> 06:55:12.090

The Mythopoeic Society: He has a second novel, not quite as good.

2920

06:55:12.760 --> 06:55:14.559

The Mythopoeic Society: called the Last day of creation.

2921

06:55:14.670 --> 06:55:16.230

The Mythopoeic Society: It's another time travel Yard.

2922

06:55:16.740 --> 06:55:23.960

The Mythopoeic Society: and in it the Us. Government is sending soldiers, scientists and engineers back 5.5 million years to stack the deck and intern in

2923

06:55:24.420 --> 06:55:26.619

The Mythopoeic Society: to help the Us. Oil industry, basically

2924

06:55:27.690 --> 06:55:34.760

The Mythopoeic Society: in our era. So they arrive in the past, prepared to defend themselves against saber, sabre, tooth, tigers, and other giant mammals.

2925

06:55:34.890 --> 06:55:37.579

The Mythopoeic Society: They confront a much more dangerous threat.

2926

06:55:38.540 --> 06:55:39.340

The Mythopoeic Society: Next.

2927

06:55:40.640 --> 06:55:43.479

The Mythopoeic Society: This guy is my favorite author. He's

2928

06:55:44.040 --> 06:55:45.130

The Mythopoeic Society: also very young.

2929

06:55:45.830 --> 06:55:47.259

The Mythopoeic Society: I'm still very active.

2930

06:55:48.220 --> 06:55:50.340

The Mythopoeic Society: You're very approachable, I'll have to say.

2931

06:55:50.490 --> 06:55:53.909

The Mythopoeic Society: He started. He studied aerospace engineering in Stuttgart

2932

06:55:54.170 --> 06:55:57.189

The Mythopoeic Society: dropped out to become a software engineer.

2933

06:55:57.710 --> 06:55:59.569

The Mythopoeic Society: and you see that in his writing a lot

2934

06:56:01.460 --> 06:56:08.770

The Mythopoeic Society: in 1,991 he he published a short story in a German computer magazine, and things took off. After that.

2935

06:56:09.640 --> 06:56:11.500

The Mythopoeic Society: One day a ship arrives, not to pick up this year's shipment of puppets, but to deliver news, they will turn their world upside down.

2939

06:56:29.230 --> 06:56:36.580

The Mythopoeic Society: Esch Eschbach got this published in the us with the intervention of Orson Scott card. They met at a con, and had struck up a conversation

2940

06:56:38.960 --> 06:56:45.099

The Mythopoeic Society: second novel, not as good, in my opinion, but lord of all things

2941

06:56:45.290 --> 06:56:52.399

The Mythopoeic Society: in it. Charlotte is the daughter of the French ambassador to Japan. She meets Hiroshi, who is the son of the laundry woman when they are children.

2942

06:56:53.130 --> 06:56:57.550

The Mythopoeic Society: In spite of their class differences, Hiroshi sets out to win Charlotte's heart.

2943

06:56:58.070 --> 06:57:02.529

The Mythopoeic Society: One day Hiroshi declares that he can invent a technology that will eliminate poverty worldwide.

2944

06:57:03.330 --> 06:57:05.929

The Mythopoeic Society: But things do not go as planned for Hiroshi.

2945

06:57:06.370 --> 06:57:10.989

The Mythopoeic Society: and most of the story involves his fight, and with the pushback from the rest of society.

2946

06:57:12.460 --> 06:57:15.250

The Mythopoeic Society: but it did win the Kurt Lasvitz prize, however.

2947

06:57:16.220 --> 06:57:18.489

The Mythopoeic Society: and he's got one more. This is technically not

2948

06:57:18.600 --> 06:57:19.710

The Mythopoeic Society: science fiction.

2949

06:57:20.500 --> 06:57:22.670

The Mythopoeic Society: Oh, one trillion dollars. So in it

2950

06:57:22.760 --> 06:57:26.130

The Mythopoeic Society: John Fontanelli is a pizza delivery guy he inherits.

2951

06:57:26.330 --> 06:57:34.140

The Mythopoeic Society: He finds out that an ancestor of his in the 16, th 16th century put 500 Flora in a bank at company of interest.

2952

06:57:34.760 --> 06:57:41.629

The Mythopoeic Society: and when it reached that level, then it would recruit to his descendants. So he he's got more money than like

2953

06:57:42.680 --> 06:57:44.970

The Mythopoeic Society: the 100 richest people in the world combined.

2954

06:57:46.370 --> 06:57:51.089

The Mythopoeic Society: but the will says he has to use it to give back mankind its lost future.

2955

06:57:52.410 --> 06:58:00.190

The Mythopoeic Society: so he eventually finds himself at odds with the lawyer who's administrating, administering the State, and they get into a power struggle.

2956

06:58:00.650 --> 06:58:04.270

The Mythopoeic Society: So in Germany this is not considered ff their word is techno thriller.

2957

06:58:04.660 --> 06:58:08.760

The Mythopoeic Society: Michael Crichton did that a lot. If you've seen what is it called Rising Sun.

2958

06:58:08.980 --> 06:58:10.160

The Mythopoeic Society: the movie or the book

2959

06:58:10.600 --> 06:58:12.220

The Mythopoeic Society: that would fall in that class?

2960

06:58:15.500 --> 06:58:18.749

The Mythopoeic Society: Okay. Now we got the forbidden fruit counting gory

2961

06:58:20.140 --> 06:58:20.930

The Mythopoeic Society: next

2962

06:58:21.800 --> 06:58:22.620

The Mythopoeic Society: fly.

2963

06:58:24.390 --> 06:58:25.195

The Mythopoeic Society: So

2964

06:58:29.380 --> 06:58:40.090

The Mythopoeic Society: I found some really good stuff that's only available in German, and I went to the authors, and I asked them, Why don't you try to market this in United States? And every one of them said, It's too much trouble, it's too much money.

2965

06:58:40.170 --> 06:58:41.520

The Mythopoeic Society: nobody will listen to me.

2966

06:58:41.700 --> 06:58:43.580

The Mythopoeic Society: I'm making enough money as it is.

2967

06:58:43.910 --> 06:58:44.990

The Mythopoeic Society: So be it.

2968

06:58:45.280 --> 06:58:47.760

The Mythopoeic Society: So. This is this is what we're missing. Okay.

2969

06:58:48.250 --> 06:58:49.060

The Mythopoeic Society: next.

2970

06:58:52.730 --> 06:58:57.920

The Mythopoeic Society: So this is a difficult subject. No treatment of the German Sf. Industry is complete without this guy.

2971

06:58:59.700 --> 06:59:04.270

The Mythopoeic Society: but there's nothing to compare him to in our in our literature. So Perry Rodent

2972

06:59:04.820 --> 06:59:09.919

The Mythopoeic Society: is an American astronaut, and the captain of a spacecraft Stardust.

2973

06:59:10.170 --> 06:59:11.510

The Mythopoeic Society: which lands on the moon

2974

06:59:11.680 --> 06:59:15.209

The Mythopoeic Society: in 1,971. But he crash lands and he can't get off.

2975

06:59:16.840 --> 06:59:21.080

The Mythopoeic Society: It was created in September, 1961 by 2 German

2976

06:59:21.430 --> 06:59:22.430

The Mythopoeic Society: authors.

2977

06:59:23.200 --> 06:59:34.730

The Mythopoeic Society: Carl Heinz Share and Walter Anstin, who is better known as Clark Darleton. Okay, if if you're a German sf, author, it's much more prestigious to have an American sounding name.

2978

06:59:37.690 --> 06:59:39.480

The Mythopoeic Society: So they figured

2979

06:59:39.780 --> 06:59:51.469

The Mythopoeic Society: I think you can get a run of 3 issues out of this. This goes into a genre in the Us. Is called dime, novel or or pulp fiction. Okay, these are. These are things that were dead before I learned how to read.

2980

06:59:52.050 --> 06:59:54.329

The Mythopoeic Society: But in in Germany they're alive and well.

2981

06:59:54.490 --> 06:59:59.120

The Mythopoeic Society: So each issue is a magazine about this tall 160 pages.

2982

06:59:59.460 --> 07:00:04.439

The Mythopoeic Society: It has an installment from from this story some advertising editorials, literature, the editor.

2983

07:00:05.010 --> 07:00:07.950

The Mythopoeic Society: It's a little smaller in one of our sci-fi magazines.

2984

07:00:10.120 --> 07:00:23.179

The Mythopoeic Society: So they estimated they could get 30 issues out of this idea before it petered out. Okay, they were off by at least 2 orders of magnitude. So in February 2019 issue 3,000 rolled off. The President is still going strong.

2985

07:00:24.330 --> 07:00:25.340

The Mythopoeic Society: So

2986

07:00:25.470 --> 07:00:26.770

The Mythopoeic Society: this guy is

2987

07:00:28.090 --> 07:00:31.689

The Mythopoeic Society: is older than Star Trek. He's been running longer than Doctor who.

2988

07:00:31.750 --> 07:00:35.459

The Mythopoeic Society: And he's purely literary. Okay, it's it's just writing

2989

07:00:36.697 --> 07:00:40.442

The Mythopoeic Society: one of my one of my German friends called him fast food. Okay? So.

2990

07:00:40.990 --> 07:00:43.989

The Mythopoeic Society: and that there are barriers to entry, because, like.

2991

07:00:44.150 --> 07:00:49.779

The Mythopoeic Society: if you watch Star Trek, you know what the Prime Directive and and the Klingon and the Vulcan death grip is

2992

07:00:49.960 --> 07:00:52.650

The Mythopoeic Society: well, Mary Rodent has. Well.

2993

07:00:52.910 --> 07:00:54.470

The Mythopoeic Society: 50 year vocabulary

2994

07:00:54.570 --> 07:00:56.789

The Mythopoeic Society: just like this. Okay, it's accumulated.

2995

07:00:56.940 --> 07:00:58.929

The Mythopoeic Society: And it's really really hard to get started.

2996

07:00:59.170 --> 07:01:01.040

The Mythopoeic Society: And what I found was that

2997

07:01:01.670 --> 07:01:07.980

The Mythopoeic Society: if you're reading 50, 60 pages a week, it's every week, mind you. Okay, it's really hard to read anything else.

2998

07:01:09.220 --> 07:01:13.019

The Mythopoeic Society: But there, there were guys in my club that that score by him, and they read other stuff as well.

2999

07:01:15.800 --> 07:01:16.940

The Mythopoeic Society: Okay. Next.

3000

07:01:19.760 --> 07:01:24.029

The Mythopoeic Society: okay. Angela and Carlhan Steinman are a married couple.

3001

07:01:24.280 --> 07:01:26.139

The Mythopoeic Society: They grew up in the East Germany.

3002

07:01:27.752 --> 07:01:30.740

The Mythopoeic Society: They both graduated from Humboldt University in East Berlin.

3003

07:01:30.750 --> 07:01:33.799

The Mythopoeic Society: Carl Hines majored in physics, and I'm going to in mathematics.

3004

07:01:33.830 --> 07:01:37.760

The Mythopoeic Society: and became the most celebrated Sf. Authors in East Germany.

3005

07:01:38.900 --> 07:01:41.530

The Mythopoeic Society: The best known work is a book called Andyman.

3006

07:01:41.730 --> 07:01:47.390

The Mythopoeic Society: It's about a generation Chip that has embryos cryophrozen that that they get thawed out

3007

07:01:48.450 --> 07:01:50.129

The Mythopoeic Society: 20 years before landing.

3008

07:01:50.540 --> 07:01:54.219

The Mythopoeic Society: and they're tended to by robot nursery workers.

3009

07:01:54.310 --> 07:02:00.570

The Mythopoeic Society: and they land just when they reach Philadelphia, and they wind up on a planet that that is uninhabitable.

3010

07:02:00.930 --> 07:02:02.619

The Mythopoeic Society: and then they're going to try and terraform it.

3011

07:02:03.760 --> 07:02:06.870

The Mythopoeic Society: And I'm going to skip the next 2 to to save time.

3012  
07:02:09.430 --> 07:02:10.520  
The Mythopoeic Society: So

3013  
07:02:14.420 --> 07:02:16.000  
The Mythopoeic Society: I'm going to read you an excerpt.

3014  
07:02:16.370 --> 07:02:20.129  
The Mythopoeic Society: No, I guess I hit you. I see it.

3015  
07:02:22.510 --> 07:02:25.940  
The Mythopoeic Society: Nsa. Is an abbreviation for

3016  
07:02:27.430 --> 07:02:30.490  
The Mythopoeic Society: a German expression that means office of national security.

3017  
07:02:31.310 --> 07:02:35.640  
The Mythopoeic Society: But the author's attention is clear even to the Germans. Okay, by looking at this.

3018  
07:02:36.390 --> 07:02:40.029  
The Mythopoeic Society: and as a precondition to reading this I have to read a

3019  
07:02:40.170 --> 07:02:41.969  
The Mythopoeic Society: preface that he gave me all right.

3020  
07:02:42.000 --> 07:02:50.410  
The Mythopoeic Society: So this is Eschbach himself. Nsa. Is set in a fictitious Nazi timeframe. It is ultimately not a novel. About the 3rd Reich

3021  
07:02:50.460 --> 07:03:06.380  
The Mythopoeic Society: there are many such novels, including several good ones, written by people much more qualified than I am. Nsa. Is a novel about our present day, but much more blatant. The Nazi era serves as a symbol a booster, in order to make it unmistakably clear what in the extreme case, surveillance can read to

3022  
07:03:06.570 --> 07:03:07.960  
The Mythopoeic Society: can can lean to.

3023  
07:03:09.040 --> 07:03:22.889  
The Mythopoeic Society: So the setting is an altered history in which computer science begins in the 19th century, such that by the beginning of the Second World War Germany has good as computing a worldwide computer network, mobile telephones in private hands.

3024

07:03:23.050 --> 07:03:25.439

The Mythopoeic Society: and with the outline of cash, purchasing

3025

07:03:25.510 --> 07:03:31.919

The Mythopoeic Society: cash purchases, a comprehensive database of all economic activities, of all of its citizens, including

3026

07:03:32.010 --> 07:03:33.920

The Mythopoeic Society: citizens of occupied countries.

3027

07:03:34.590 --> 07:03:36.760

The Mythopoeic Society: In this society, a computer programming

3028

07:03:36.860 --> 07:03:39.270

The Mythopoeic Society: city women's work

3029

07:03:39.830 --> 07:03:42.110

The Mythopoeic Society: and the workers are called program knitters.

3030

07:03:43.290 --> 07:03:46.109

The Mythopoeic Society: Our protagonist, Helena Bodenkamp, is one of the best.

3031

07:03:46.400 --> 07:03:48.589

The Mythopoeic Society: Her supervisor is Frau Frukas.

3032

07:03:48.880 --> 07:03:57.930

The Mythopoeic Society: This excerpt opens in the office of national security, German abbreviation, abbreviation. Nsa. Who are trying to justify their continued existence in a war which Germany is losing.

3033

07:03:58.520 --> 07:04:19.890

The Mythopoeic Society: Heinrich Himmler of the Ss. The head of Himmler. They can extract grocery purchase from from sales database, cross that with tables showing the caloric content of food purchases, and single out families whose per capita food consumption is much more than necessary, IE. They are providing refuge to fugitive Jews.

3034

07:04:22.660 --> 07:04:26.389

The Mythopoeic Society: Him live and folded his hands. He wrote them weirdly.

3035

07:04:26.920 --> 07:04:33.319

The Mythopoeic Society: thoughtfully. That sounds very good. He's quite a rarely, but I would love to see a practical demonstration, but now I smile.

3036

07:04:33.390 --> 07:04:45.379

The Mythopoeic Society: His colleagues smiled as well, of course they were prepared for this. We would like nothing better than to demonstrate that, said Anai woman sitting, and we will assemble a list of suspicious households here now, right before your very eyes.

3037

07:04:45.980 --> 07:04:52.970

The Mythopoeic Society: Any city that's the right city confirmed a dollar.

3038

07:04:54.640 --> 07:05:00.250

The Mythopoeic Society: The smiles on their faces vanished abruptly. Is that a problem? Asked Hitler.

3039

07:05:00.310 --> 07:05:03.880

The Mythopoeic Society: Helena said, paralyzed in front of her keyboard. She hadn't known all this.

3040

07:05:04.590 --> 07:05:16.769

The Mythopoeic Society: Her hands felt like they weighed tons. Something in her stomach quivered miserably. She had the urge to run out and hide in the toilet, but frokers would bite her head off afterwards if she dared to do that. Maybe she could manage not to throw up.

3041

07:05:17.440 --> 07:05:34.520

The Mythopoeic Society: She followed discussion that was flaring up among the men with only half a year, was Amsterdam a cashless society? The answer would have to be yes, more or less, since the occupation of Netherlands they had abolished. The guilder recalled all hard cash and introduced the electronic rice mark, just like Germany, and were all necessary tables available.

3042

07:05:34.670 --> 07:05:47.890

The Mythopoeic Society: Pro line both, Helena, she wrote with the start regarding Amsterdam. Do we have all the necessary tables? Yes, there they are, listed on the screen in front of her. Her hands must have done that without her noticing

3043

07:05:48.330 --> 07:05:59.279

The Mythopoeic Society: and start the analysis. Yes, sir, Elena's heard herself say obediently, as befitting a German woman, and then she watched as her hands entered necessary commands. She finally pressed the execute key.

3044

07:05:59.580 --> 07:06:12.489

The Mythopoeic Society: Why did she have to think about Ruth right now. The friend from Kindergarten Ruth Meltzer, who one day had to sit all the way in the back of the classroom and was not allowed to utter the German greeting with which all others greeted their teacher, Ruth Meltzer, who shortly thereafter.

3045

07:06:12.500 --> 07:06:17.539

The Mythopoeic Society: and left with her parents for America forever, and from whom she had never heard anything ever again.

3046

07:06:18.070 --> 07:06:30.330

The Mythopoeic Society: As the analysis ran and the percentage on the screen grew, she felt as if she could hear the distress downstairs or the hall in the house. Now, as they rattled and clattered into cooling fans as they started up, because the processor was running at full blast.

3047

07:06:30.650 --> 07:06:38.869

The Mythopoeic Society: Well, this eerie, horrifying process is running in its inexorable course. Why, Amsterdam, of all places.

3048

07:06:39.150 --> 07:06:50.810

The Mythopoeic Society: as the armed forces were occupying the Netherlands and documents. When some city administrators had kept a register for quite some time which gave the religion of citizens living in the city.

3049

07:06:51.280 --> 07:07:09.229

The Mythopoeic Society: it was kept for tax assessment reasons. But for us it was naturally a gift of Providence. Unlike in the homeland where the department of Racial Research had to conduct extensive genealogical investigations, to determine who was Jewish in the case of Amsterdam. We had in one fell swoop a complete list on hand. Of course this reduced the number of necessary steps enormously.

3050

07:07:09.300 --> 07:07:11.840

The Mythopoeic Society: Yes, that was a real windfall, said Adam.

3051

07:07:12.620 --> 07:07:21.300

The Mythopoeic Society: We started the deportations early summer in the webinar, but since we have this list we know that we didn't catch all the Jews they had moved abroad.

3052

07:07:21.400 --> 07:07:33.090

The Mythopoeic Society: By comparison of the records kept by the border authorities. We have determined that can't be right, which means, unless they swam straight across the North Sea, and they are still here, laying low somewhere in the city, disappearing.

3053

07:07:34.590 --> 07:07:41.020

The Mythopoeic Society: You need a fist sign of sort of flare up of rage. But we aren't going to disappear. We come to last a thousand years.

3054

07:07:41.180 --> 07:07:43.110

The Mythopoeic Society: Breathless quiet hung over the room

3055

07:07:45.180 --> 07:07:47.220

The Mythopoeic Society: after this unexpected outburst.

3056

07:07:47.240 --> 07:07:50.160

The Mythopoeic Society: Nobody budged, nobody said anything. Everybody stared.

3057

07:07:50.310 --> 07:07:55.659

The Mythopoeic Society: depending percentage on the screen. It slowly approached 100. Then it disappeared, and a list appeared.

3058

07:07:57.170 --> 07:08:11.179

The Mythopoeic Society: The 1st 2 lines read, yeast, 6,710 calories per person per day, fun week, 5,870 calories per day per person per day. Paul's eye let Kraut into the silence here must have. What does that mean?

3059

07:08:11.270 --> 07:08:19.859

The Mythopoeic Society: These people buy almost 3 times the groceries that they themselves can consume, explained Adamic, for them. Can you show the entries from the household tables?

3060

07:08:19.890 --> 07:08:24.200

The Mythopoeic Society: I mean? It felt as if a monstrous invisible weight had been placed on her so heavy.

3061

07:08:24.280 --> 07:08:34.799

The Mythopoeic Society: but she could barely breathe, but her hands, her traitor's hands, kept on working, entering the necessary commands with undiminished agility, and the display on the screen expanded with the information about the persons hidden behind those family names.

3062

07:08:34.940 --> 07:08:41.040

The Mythopoeic Society: the 1st line, in fact, Iran geese and make peace. San Francisco

3063

07:08:41.430 --> 07:08:45.960

The Mythopoeic Society: birth dates, birthplaces. The wife was from Austria, place of residence, place of employment.

3064

07:08:46.040 --> 07:08:54.040

The Mythopoeic Society: Second per couple was likewise hidden behind the second line, Corey Fon week, and Elisa Fan Week voice, also childless

3065

07:08:54.270 --> 07:09:05.250

The Mythopoeic Society: persons who, in total, go through 25,000 calories in the course of a day concluded, whose capacity for mental arithmetic was legendary, corresponds to the initial nutritional needs of 10 people. At least

3066

07:09:05.760 --> 07:09:08.880

The Mythopoeic Society: 2 women work for the same company, declared Doprzewski.

3067

07:09:09.050 --> 07:09:12.969

The Mythopoeic Society: Rachel, Helen Adam. Yes, what kind of company is that

3068

07:09:13.810 --> 07:09:25.649

The Mythopoeic Society: again the fingers danced, based in Prince 2, 63 dealt with seasonings, and belonged to Johannes Kleiman and a certain Victor Kubler.

3069

07:09:27.040 --> 07:09:30.069

The Mythopoeic Society: It changed the owners in December, 1941

3070

07:09:30.180 --> 07:09:35.579

The Mythopoeic Society: that is, after the occupation, interjected Lead, that could indicate a Shell company who was the previous owner.

3071

07:09:35.830 --> 07:09:37.540

The Mythopoeic Society: Have we just hands dance?

3072

07:09:37.750 --> 07:09:40.700

The Mythopoeic Society: And then the corresponding data. I'll talk, Frank

3073

07:09:40.720 --> 07:09:44.309

The Mythopoeic Society: Dolkashowski said. That's a questioning, isn't it? Touching?

3074

07:09:44.380 --> 07:09:56.189

The Mythopoeic Society: Her hands danced over the fees, wrenched every more native from the disk drives. Auto. Framp they revealed was not, in fact, Dutch, but a German tune, who had immigrated to Holland in February 1,934,

3075

07:09:56.950 --> 07:10:02.560

The Mythopoeic Society: triple Jew upon him enters a foreign country as a nobody, and a couple of years later he's rich and his native is working for it.

3076

07:10:02.670 --> 07:10:15.030

The Mythopoeic Society: The video went on to reveal Otto. Frank Deliber. Klein. 37 was last seen on July 5, th 1,942. There was a note in the report. The deportation attachment that finally, that the family was rumored to have fled to Switzerland.

3077

07:10:15.060 --> 07:10:19.440

The Mythopoeic Society: Or maybe they didn't equip Himmler is he phoned telephone out of his pocket.

3078

07:10:25.140 --> 07:10:26.060

The Mythopoeic Society: Schultz.

3079

07:10:26.430 --> 07:10:35.149

The Mythopoeic Society: Then we'll buzzed into the receiver. We just found the evidence here of concealed Jews in Amsterdam sent a search team to Princeton Goch, 263, and have them search the premises from top to bottom.

3080

07:10:35.190 --> 07:10:42.890

The Mythopoeic Society: S. 2, 63, furthermore sent search teams of the following addresses, write this now. He read the

addresses of the Yeast and Fun Week families aloud to the man.

3081

07:10:42.930 --> 07:10:53.429

The Mythopoeic Society: along with addresses of Johannes Clement and Victor Kugler, secured immediately as quickly as possible, and would report back to me without delay. He took the telephone from his ear and said, Now we wait.

3082

07:10:53.950 --> 07:10:55.090

The Mythopoeic Society: So they waited.

3083

07:10:55.100 --> 07:10:56.250

The Mythopoeic Society: set there.

3084

07:10:56.360 --> 07:10:58.990

The Mythopoeic Society: peering into space, letting the time take away

3085

07:10:59.060 --> 07:11:02.649

The Mythopoeic Society: one of his inevitable overstances. That's a cigarette.

3086

07:11:02.990 --> 07:11:25.670

The Mythopoeic Society: Adamant nod away at the knuckle of his right thumb. Left he twirled the ends of his ludicrous moustache, roughly gave a couple of instructions. Then he, while the robot, like Ss man, slipped out of the hall, he returned to his chair and collapsed boisterously into it. Finally, a hundred years later, it seemed to Helena the Reichspear's phone rang again. Yes, he barked patiently and listened. Then he said. False alarm at the Van Wink House.

3087

07:11:25.770 --> 07:11:29.550

The Mythopoeic Society: What if they explain their grocery purchases? Asked adamant. Hitler glared and gloomy.

3088

07:11:29.790 --> 07:11:32.909

The Mythopoeic Society: Are you paying attention? I didn't tell my people anything about that.

3089

07:11:33.010 --> 07:11:45.620

The Mythopoeic Society: Could I have asked about it? You are right immediately. Please excuse me, Rice, if this works, that is, without a doubt a good idea.

3090

07:11:46.500 --> 07:11:51.369

The Mythopoeic Society: His telephone rang again. This time was the search of the football house likewise led to nothing.

3091

07:11:51.600 --> 07:11:57.819

The Mythopoeic Society: So it went, one address after another the search team on Prince and Grock reported in. Last of all they searched the building from top to bottom

3092

07:11:58.160 --> 07:12:10.350

The Mythopoeic Society: against his chest. Nothing, said the rice shearer said grimly. They found nothing, not the slightest thing. Helena saw how all the men's eyes opened in horror, so I noticed that she, on the other hand, side with relief.

3093

07:12:10.710 --> 07:12:16.159

The Mythopoeic Society: Wait a minute, let Keith injected into the frightened silence. It surprised even how clear and resolute his voice sounded.

3094

07:12:16.390 --> 07:12:17.630

The Mythopoeic Society: Just a minute, please.

3095

07:12:18.130 --> 07:12:25.290

The Mythopoeic Society: Then he turned to the glitter and said, I presume you have the registry of needs for the day of Amsterdam. The girls nodded with big eyes. Yes, we we do.

3096

07:12:25.500 --> 07:12:30.290

The Mythopoeic Society: It was the floor plan of the building. She saw that, but not approving, he said, heard him say, Good idea!

3097

07:12:30.910 --> 07:12:36.879

The Mythopoeic Society: He saw a Dobershevsky tug his shirt collar, saw Q slide the next cigarette out of his silver case, saw Merlin duck his head

3098

07:12:37.570 --> 07:12:39.159

The Mythopoeic Society: and she saw him. There's cold

3099

07:12:39.240 --> 07:12:43.000

The Mythopoeic Society: is ice. It's just flower. Nothing else can see me.

3100

07:12:43.170 --> 07:12:53.619

The Mythopoeic Society: Floor plan did not appear on the screen. We had many stories, and typical for a city of Amsterdam which tax basic buildings based on the width of their facades, was very narrow, but, on the other hand, deep.

3101

07:12:54.050 --> 07:12:56.990

The Mythopoeic Society: When I speak directly to the Stromban Bureau, I said, Letkey.

3102

07:12:57.100 --> 07:13:02.580

The Mythopoeic Society: praising even himself in his audacity. Him who weighed the phone indecisively in his hands didn't seem particularly inclined.

3103

07:13:02.600 --> 07:13:05.609

The Mythopoeic Society: I could hook it into the speaker system, offered Dorchevsky.

3104

07:13:06.010 --> 07:13:23.349

The Mythopoeic Society: Then we can all listen in. Just takes a flick of the wrist. All right, then, said him, pulled out a clunky cable and plugged it in his amplifier. As the old box cranked slowly to life. He connected the other end of the cable in the right Fuh's telephone, and he called out, loud and clear, came out on the speakers hidden in the back handy.

3105

07:13:23.470 --> 07:13:30.310

The Mythopoeic Society: Hey, Medka here said, called. Please describe for us the premises that you found at Princeton, Goch, 263.

3106

07:13:31.190 --> 07:13:39.260

The Mythopoeic Society: Man on the other end of the line cleared his throat, then described the destruction of the house in exactly the order they had searched it. Everything they said about the 1st floor. I agreed. The floor plan

3107

07:13:39.300 --> 07:13:45.669

The Mythopoeic Society: now let K. Also started, feeling warm, and only with effort was he able to suppress the urge likewise to loosen the collar of his shirt.

3108

07:13:46.290 --> 07:13:56.810

The Mythopoeic Society: Up the steps we come to the second floor, the edgy male voice went on. On the right there is a door which leads to a store room facing the street. It's a steep stairway, more like a ladder going up to the 3rd floor

3109

07:13:56.840 --> 07:14:13.969

The Mythopoeic Society: turned ahead, a narrow hallway on the right of the door into another small storeroom, and at the end of the hallway a door leading into a small room. It has 2 windows on the right side that face into the yard, and apparently serve as a library. I'm turning to go. Stop his heart pounding wildly. Go back into the small room. What do you see there? Exactly.

3110

07:14:14.370 --> 07:14:17.149

The Mythopoeic Society: Large bookcase this and that kind of a closet?

3111

07:14:17.250 --> 07:14:20.550

The Mythopoeic Society: No door leads further back. No, we all saw it.

3112

07:14:20.770 --> 07:14:34.519

The Mythopoeic Society: Floor plan of the second floor showed more space behind the small room. It was working unbelievable thrill flowed through. Let Kip almost took his breath away. Strewn by fear, he cried. Describe exactly where the bookcase is standing on the wall opposite the door.

3113

07:14:34.530 --> 07:14:39.659

The Mythopoeic Society: Check whether it is covering up a doorway. We already did that. It's bolted suddenly to the wall.

3114

07:14:39.670 --> 07:14:43.230

The Mythopoeic Society: Proceed on the assumption that it is fake and check one more time.

3115

07:14:43.450 --> 07:14:54.040

The Mythopoeic Society: Hmm! Muttered the Ss man, all right. In the background. You could hear him call up couple of names and give orders. 15 sounds, but for a few undefined, very distinct noises. Finally, someone knows they pick up the phone again.

3116

07:14:54.130 --> 07:15:05.729

The Mythopoeic Society: You're right, said the Ss man with audible amazement. The bookcases pivot, and the latch was extremely well hidden, and there was really a doorway behind it. Cries came from the background. Several people are living in the back, Norted. The Ss man

3117

07:15:05.760 --> 07:15:28.750

The Mythopoeic Society: arrest them all remember, in a buzzing voice, yes, sir. Next few minutes were filled with imperious, yelling women sobbing, children crying all far away, barely perceptible in the Strom von Fur returned to the phone we found a total of 8 persons in the rooms. All of them are Jews, the President. It looks like we have an auto framp his wife from their children, Margo, and on Frank.

3118

07:15:28.900 --> 07:15:35.680

The Mythopoeic Society: Furthermore, there is a Herman von Peltz, his wife, Augusta von Pelts, and their son Peter, as well as a Fritz Pfeiffer.

3119

07:15:35.950 --> 07:15:46.689

The Mythopoeic Society: 8 Jews looked at allowing himself a triumphant smile that should illustrate the usefulness of the Nsa. Beyond the shadow of a doubt, and he had made a significant contribution. If that didn't extend his draft deferment, nothing else could.

3120

07:15:47.190 --> 07:15:48.809

The Mythopoeic Society: The Ss men, continued

3121

07:15:49.210 --> 07:16:01.959

The Mythopoeic Society: one of the girls. We found one of the girls were found in diary. Should we pass it on to aid in the investigation? No, destroy it, take no chances. It could fall into enemy hands, maybe against us.

3122

07:16:02.070 --> 07:16:06.249

The Mythopoeic Society: Yes, sir, I sure you could hear, as he called to the back, Schultz Brooke.

3123

07:16:06.330 --> 07:16:07.809

The Mythopoeic Society: Yes, now

3124

07:16:07.910 --> 07:16:15.290

The Mythopoeic Society: the captured Jews are to be transferred immediately to Auschwitz, decreed Himmler, and

everyone involved in the plot behind them should be arrested. Yes, sir, vice Ver

3125

07:16:15.540 --> 07:16:21.610

The Mythopoeic Society: motion for Dover Shevsky to unhook the cable. That's enough, for now everything else will run its course even without us.

3126

07:16:21.640 --> 07:16:34.059

The Mythopoeic Society: Well, Dobershowski was unplugging the cable him was pacing restlessly back and forth, apparently still experienced. No one said a word. Clearly it was inadvisable to interrupt their ice. Furious train of thought.

3127

07:16:34.750 --> 07:16:37.830

The Mythopoeic Society: He stopped before the table on which his telephone lay and picked it up.

3128

07:16:37.890 --> 07:17:01.639

The Mythopoeic Society: We are in a dangerous situation in the East. We all know that our fate is hanging by a thread, but it would be a mistake to believe that it will be decided by a number of tank divisions at our disposal. This is the only external side of our. This is only the external side of our struggle. The struggle has an internal front. This is important, as one in the East in the front amounts to our liberation from the Jews. He put the phone back in his pocket.

3129

07:17:01.760 --> 07:17:14.489

The Mythopoeic Society: I admit I had reservations about coming here, he said. I expected to find a useless message which would have brought about the ultimate downfall of the German people had not the Fuhrer come on the scene at the critical moment. But, gentlemen, you have convinced me.

3130

07:17:14.650 --> 07:17:24.219

The Mythopoeic Society: I see now that you 2 are fighting on the front. It is no less important than the battlefield. Yes, it seems to me the brutality and severity of data surpasses that of steel by a wide margin.

3131

07:17:24.260 --> 07:17:39.059

The Mythopoeic Society: What I saw here today gives me an assurance that from now on no one will be safe from us. No one and nothing. Gentlemen, you are contributing to the construction of an empire in which harmful mentalities will simply no longer exist. Our power will be absolute in a sense never seen before.

3132

07:17:40.340 --> 07:17:46.690

The Mythopoeic Society: Adama promised the rights viewer. He would immediately generate a dossier of all the suspicious persons, and send it to him by electronic mail

3133

07:17:46.800 --> 07:18:06.340

The Mythopoeic Society: or hard copy, yet, whichever you prefer him waved him off, worked that out with a deportation attachment. It is much more important that you get set up promptly to carry out the search of all German cities. Right now, as the fate of the German people hangs by a thread. It's critically important to free ourselves totally from the poison of Jewish subversion.

3134

07:18:06.480 --> 07:18:10.610

The Mythopoeic Society: They all escorted right through to his in his entourage to their cars. Everyone but Adama.

3135

07:18:10.680 --> 07:18:23.889

The Mythopoeic Society: who looked on as the black autos again calmly rolled away. They were barely out of sight as attention, and filled the room broke, giving way to laughter and slaps on the shoulder. They had pulled it off, pulled it off. Their plan had worked. Nsa would stay. As it was.

3136

07:18:24.020 --> 07:18:37.980

The Mythopoeic Society: even Helena received her share of praise. How well she had done everything so fast and prompt without making a single mistake. Even Fergus forced herself to add a word of recognition. She nodded and noticed that her face produced a smile. As everyone expected.

3137

07:18:38.100 --> 07:18:53.589

The Mythopoeic Society: she did this automatically, didn't have to think about it. Her good upbringing let her know exactly what to say and what to do. It would have worked otherwise, not if she had to think about. Think about it, for the only thing she could think about was that she had just helped hand over the man she loved more than anyone else in the world to a certain death.

3138

07:18:57.220 --> 07:18:58.949

The Mythopoeic Society: That's about one chapter

3139

07:19:03.700 --> 07:19:04.490

The Mythopoeic Society: which.

3140

07:19:05.260 --> 07:19:14.789

The Mythopoeic Society: So even though you read, you read that in in English, is that Italians, I don't think that's not actually. This is my translation. Okay? Sure, yes.

3141

07:19:15.910 --> 07:19:17.010

The Mythopoeic Society: And

3142

07:19:18.110 --> 07:19:20.220

The Mythopoeic Society: I thought I picked this one because I thought it was

3143

07:19:20.390 --> 07:19:23.569

The Mythopoeic Society: epic, and it illustrates what we're missing. Okay.

3144

07:19:25.500 --> 07:19:27.799

The Mythopoeic Society: thank you. As you can see it's it's

3145

07:19:28.050 --> 07:19:29.909

The Mythopoeic Society: Click page book

3146

07:19:31.440 --> 07:19:32.900

The Mythopoeic Society: founder, Andy.

3147

07:19:34.720 --> 07:19:36.099

The Mythopoeic Society: It's got a mixed ending

3148

07:19:39.920 --> 07:19:41.650

The Mythopoeic Society: that's kind of typical of Ishbach.

3149

07:19:42.350 --> 07:19:44.572

The Mythopoeic Society: He's never too high or too low.

3150

07:19:48.630 --> 07:19:51.129

The Mythopoeic Society: Oh, I was supposed to leave room for questions

3151

07:19:51.340 --> 07:19:52.971

The Mythopoeic Society: you. About 2Â min

3152

07:20:00.860 --> 07:20:02.800

The Mythopoeic Society: I I talked about

3153

07:20:03.040 --> 07:20:05.239

The Mythopoeic Society: how I would say

3154

07:20:05.430 --> 07:20:10.350

The Mythopoeic Society: 80% of the literature, except literature in Germany is just translations of American works.

3155

07:20:10.460 --> 07:20:13.530

The Mythopoeic Society: Can you go back to that slide with the bookshelf that's close to like

3156

07:20:13.790 --> 07:20:15.640

The Mythopoeic Society: 3 or 4 1

3157

07:20:19.820 --> 07:20:20.720

The Mythopoeic Society: there.

3158

07:20:20.910 --> 07:20:21.940

The Mythopoeic Society: Okay.

3159

07:20:22.000 --> 07:20:25.479

The Mythopoeic Society: so in my narrative I said that there you

3160

07:20:25.680 --> 07:20:30.379

The Mythopoeic Society: there ought to be maybe one name on there. You don't recognize. Okay, everything else in the translation.

3161

07:20:31.760 --> 07:20:35.379

The Mythopoeic Society: and that that is the impression I got by looking in bookstores.

3162

07:20:36.420 --> 07:20:42.380

The Mythopoeic Society: and only when I joined a book club and asked them, Okay, are there any German writers that they? They started enlightening me.

3163

07:20:45.280 --> 07:20:48.380

The Mythopoeic Society: And it it turns out there are a lot of German riders, but

3164

07:20:49.230 --> 07:20:51.010

The Mythopoeic Society: they have to fight for shelf space.

3165

07:20:52.840 --> 07:20:54.120

The Mythopoeic Society: What else did I say?

3166

07:20:55.600 --> 07:21:00.420

The Mythopoeic Society: And then he went on to Eastern Europe. Right? Right?

3167

07:21:01.700 --> 07:21:03.129

The Mythopoeic Society: Yeah. The the

3168

07:21:03.690 --> 07:21:06.819

The Mythopoeic Society: a lot of the authors they read are the same as we know.

3169

07:21:07.110 --> 07:21:08.160

The Mythopoeic Society: and and

3170

07:21:08.510 --> 07:21:15.449

The Mythopoeic Society: Stanislav Lem. When I was an exchange student in 1,978, he was unknown in the United States, and so I read him 1st in German.

3171

07:21:15.810 --> 07:21:19.060

The Mythopoeic Society: and I was impressed. Okay, now, now he's everywhere so

3172

07:21:20.760 --> 07:21:24.699

The Mythopoeic Society: related to this. I I do have a question.

3173

07:21:24.940 --> 07:21:27.220

The Mythopoeic Society: Did you get a sense

3174

07:21:27.440 --> 07:21:29.290

The Mythopoeic Society: that the

3175

07:21:29.660 --> 07:21:35.919

The Mythopoeic Society: Eastern European riders were any more popular in the

3176

07:21:36.200 --> 07:21:41.180

The Mythopoeic Society: former Gdr. Than they were in the western part of the country.

3177

07:21:41.590 --> 07:21:45.479

The Mythopoeic Society: But Stein rollers were an exception. They were popular in the West

3178

07:21:45.590 --> 07:21:47.920

The Mythopoeic Society: during the divided Germany. Okay?

3179

07:21:48.981 --> 07:21:51.860

The Mythopoeic Society: They had to write very, very differently.

3180

07:21:51.960 --> 07:21:56.159

The Mythopoeic Society: And the the standard plot was a Communist Utopia. Okay.

3181

07:21:56.270 --> 07:21:59.650

The Mythopoeic Society: we're covering the whole world. Okay, you read about that. You you get in.

3182

07:21:59.660 --> 07:22:02.380

The Mythopoeic Society: And then if you wanted to

3183

07:22:02.940 --> 07:22:13.909

The Mythopoeic Society: go beyond that okay house, he's lots of lectures. Okay? So I went to a lot of his lectures and he told one story about a trick they use called the I think he called it the Pink elephant.

3184

07:22:14.950 --> 07:22:16.319

The Mythopoeic Society: and that was

3185

07:22:16.480 --> 07:22:28.890

The Mythopoeic Society: if you got some a message that you want to deliver. Okay, you put you put something like 2 paragraphs in front of it that is blatantly against the party line. Okay? And the censors will strike that. Okay? And then they they relax. Okay, and they gloss over there.

3186

07:22:29.150 --> 07:22:30.320

The Mythopoeic Society: What's your friend?

3187

07:22:32.370 --> 07:22:35.109

The Mythopoeic Society: So it was. It was a really different way of doing things back then.

3188

07:22:35.420 --> 07:22:41.610

The Mythopoeic Society: and of course they they survived the reunification. They haven't published a whole lot, but they do a lot of contours, and

3189

07:22:41.800 --> 07:22:43.350

The Mythopoeic Society: in giving speeches.

3190

07:22:51.420 --> 07:22:55.519

The Mythopoeic Society: All right. No further questions. Then. Thank you for attending.
