

Gulf Coast Research Lab's Summer Field Program to be Highlighted at SWOSU

04.12.2013

Samuel Clardy will present a seminar entitled "The Gulf Coast Research Laboratory's Summer Field Program" this Wednesday, April 17, at Southwestern Oklahoma State University in Weatherford.

The 4 p.m. seminar in Room 212 of the Old Science Building is sponsored by the SWOSU Department of Biological Sciences. The public is invited, and admission is free.

The Gulf Coast Research Laboratory (GCRL) is a marine/coastal research and education enterprise sited in Ocean Springs, Mississippi and is a unit of the University of Southern Mississippi's College of Science and Technology. The summer field program is designed to allow undergraduate and graduate students an opportunity to learn about coastal environments in an intensive field and lab based setting.

Clardy is the coordinator of educational programs at the GCRL. For additional information contact, Dr. Steven O'Neal at 580.774.3091 or steven.oneal@swosu.edu.
