

SWOSU Student Places High at Research Day

05.08.2013

Terence Tanjong of Weatherford, shown with Chancellor Glen D. Johnson, was selected to represent Southwestern Oklahoma State University at Research Day held recently at the State Capitol. Tanjong won second place in the regional university and community college category for his anti-malarial drug discovery research. Twenty undergraduate students representing 15 Oklahoma colleges and universities presented competitive research posters to the State Legislature and the public during this annual event sponsored by Oklahoma EPSCoR, the Oklahoma State Regents for Higher Education and the National Science Foundation. The event is designed to bring about awareness of the outstanding research taking place in Oklahoma's colleges and universities.
