A 7 foot high by 14 foot wide tapestry celebrating western Oklahoma is now complete and available for exhibits in Oklahoma. The tapestry is currently stationed at Southwestern Oklahoma State University in Weatherford. The tapestry has nearly 300,000 warp-and-weft crossings and took volunteers nearly one year to complete. The public art project can be reserved by calling the SWOSU Art Department at 580.774.3756 or contacting E.K. Jeong at ek.jeong@swosu.edu.
