

Murals Now Available for Viewing in SWOSU Art Building

04.30.2012

Students in E.K. Jeong's Mural Painting class have completed two murals in the Southwestern Oklahoma State University Art Building, and area residents are invited to view the murals, located on the 3rd and 4th floors in the east stairwell. The students have been planning and painting these murals during the spring semester. One mural is comprised of common images from famous artworks, and the other is a colorful depiction of the skills that art and graphic design students learn at SWOSU.
