

New Art Piece to be used in SWOSU Nursing Ceremony

05.06.2009

SWOSU Department of Art instructor Joe London recently designed and created a lamp to be used annually in the School of Nursing pinning ceremony on the Weatherford campus. This year's ceremony is scheduled for Friday, May 8. The lamp replicates the one carried by Florence Nightingale, who used a lamp to light her way as she made rounds of injured soldiers during the Crimean War.
