

# **SWOSU Student One of 11 Oklahomans Selected for National Conference**

05.07.2009

Southwestern Oklahoma State University student Abigail Ntrel of Oklahoma City (Westmoore) and Professor Dr. Brian Campbell represented SWOSU at the recent 23rd annual National Conference on Undergraduate Research, held in La Crosse (WI). Ntrel was one of only 11 Oklahomans selected for the conference.

Southwestern Oklahoma State University student Abigail Ntrel of Oklahoma City (Westmoore) was one of only 11 Oklahoma students selected to present research at the recent 23<sup>rd</sup> annual National Conference on Undergraduate Research.

Ntrel attended the conference in La Crosse (WI) with Professor Dr. Brian Campbell of the SWOSU Chemistry and Physics Department.

Nearly 2,000 people from around the United States attended the conference.

Disciplines represented at the conference included science, mathematics, business, fine arts and social sciences.
