VII. Reports from Standing and Ad Hoc Committees:
    A. Ad Hoc Attendance Committee (Jerry Dunn, Chair): A meeting has been scheduled with 9 members next week.

VIII. Unfinished Business: none.

IX. New Business:
    A. Senate Resolution 2019-02-01 The members of the Faculty Senate are united in their request that the Department of Informational Technology Services be required to improve the resources and services for faculty, staff, and students on the SWOSU campus. In order to carry out the tasks assigned to faculty and staff they need to have reliable and adequate technology available as well as access to rapid and reliable repair of this technology. The service should be readily available and turn-around times should minimize interruptions to the ability of faculty and staff to carry out their tasks.

       As goals we suggest, when the main computer used by a faculty member is not working it be repaired or replaced within 24 hours and when a computer used for classroom is not working it be repaired or replaced within 24 hours.

       The interactions of ITS with the faculty, staff, and students through the help desk be friendly and professional. If training on these skills is needed then it should be provided. This is the main point of contact for many with ITS and in an effort to increase retention it should be a helpful experience.
In order to facilitate the provision of resources the members of the Faculty Senate recommend a 6 month time frame for these goals to be met. If the goals cannot be met within the 6 month time frame then we recommend contracting with outside service providers that can meet these goals.

Rationale: Numerous reports of long periods required for repair or access to technology (e.g., computers, computer programs) needed to carry out routine teaching, advising, and other tasks required by faculty and staff have been heard by multiple members of faculty senate. Numerous complaints from students and faculty over interactions with ITS have been heard by members of faculty senate. 

A motion was made to approve the resolution and seconded. Discussion took place. Other recommendations were made such as including the 5 year computer rotation and the requiring a 24-hour helpdesk. It was noted that the resolution reads “the senate is united. . .” This is not accurate as there were some votes against this motion. The motion passed 15 votes in favor of the resolution.

B. Faculty Social Opportunities/Ad Hoc Committee Faculty Engagement Committee (Yu-Ling Chen) Senate was by and large in favor of this idea and an ad hoc committee was formed with the following members: Yu-ling Chen (chair), Paul Hummel, Sharon Lawrence, Bo Pagliasotti, Phillip Fitzsimmons, and Stephen Burgess.

X. Adjournment: 3:27 pm

XI. Next Meeting Friday, March 29th at 2:30 pm
