Previous resolution

Senate Resolution 2015-02-01:

The Faculty Senate of Southwestern Oklahoma State University hereby present the following resolution relating to firearms on college campuses and other purposes.

WHEREAS: The Oklahoma State Regents, the Chancellor, the presidents of all twenty-five institutions, and members of all institutional governing boards believe that there is no scenario where allowing firearms on campuses will do anything other than create a potentially dangerous environment for students, faculty, staff, and visitors; and

WHEREAS: The safety of our campus is of the utmost importance to students, parents, faculty, and staff; and

WHEREAS: The risks associated with accidental discharge, weapon theft and weapon storage are greater in shared learning, socializing and residential spaces such as those utilized on and around campuses; and

WHEREAS: Guns on campuses could potentially increase student homicides, injury and suicide, and compromise the safety of police officers and security personnel, along with other campus populations;

WHEREAS: The opinions of faculty should be thought of when a question of firearms on campuses is before a legislator or State Regent.

NOW, therefore, be it resolved by the Faculty Senate of Southwestern Oklahoma State University:

THAT: The members of the Faculty Senate on the behalf of the faculty of Southwestern Oklahoma State University oppose any legislation extending the rights to carry open or concealed weapons on campus.

Senate Resolution 2019-02-28a.

The Faculty Senate of Southwestern Oklahoma State University hereby present the following resolution relating to firearms on college campuses and other purposes.

WHEREAS: The Oklahoma State Regents, the Chancellor, the presidents of all twenty-five institutions, and members of all institutional governing boards believe that there is no scenario where allowing firearms on campuses will do anything other than create a potentially dangerous environment for students, faculty, staff, and visitors; and

WHEREAS: The safety of our campus is of the utmost importance to students, parents, faculty, and staff; and

WHEREAS: The risks associated with accidental discharge, weapon theft and weapon storage are greater in shared learning, socializing and residential spaces such as those utilized on and around campuses; and

WHEREAS: Guns on campuses could potentially increase student homicides, injury and suicide, and compromise the safety of police officers and security personnel, along with other campus populations;

WHEREAS: The opinions of faculty should be thought of when a question of firearms on campuses is before a legislator or State Regent.

Therefore, be it resolved, the members of the Faculty Senate of Southwestern Oklahoma State University support maintaining the current law regarding weapons on campus, in which the President has the discretion to allow individuals to carry weapons on campus when the individual circumstances warrant it. We strongly oppose any changes to state law regarding weapons on college and university campuses.

Senate Resolution 2019-02-28b.

The Faculty Senate of Southwestern Oklahoma State University hereby present the following resolution: Be it resolved that the SWOSU Faculty Senate opposes the changes to the remedial placement policy scheduled to take effect in the 2020-2021 academic year. This change was made without consultation of the academic departments involved. The faculty at SWOSU understands that many students have financial difficulties, and we appreciate the University's attempt to help on that front. However, the proposed changes will discourage academically underprepared students from seeking the support that will help them succeed.

WHEREAS: According to the administration, the new program of support courses for deficient students has increased student success and led to better retention. If this program is indeed successful, then it should be continued.

WHEREAS: According to the administration, the higher costs for developmental courses and lack of funding from Oklahoma Promise for such courses causes financial hardships for students. Rather than removing a program that works, the university can look into better ways to help these students financially.

WHEREAS: Using HS GPA will put students with poor reading, writing, and mathematics skills into courses that they may not be prepared for. Data on this year's FTF (full-time freshman) shows that 80% of those students entering deficient in math or English had a HS GPA of 3.0 or higher and 62% had a HS GPA of 3.25 or higher.

WHEREAS: There is no distinction among different subjects under the new plan. Any student with a 3.25 or higher HS GPA has any developmental requirements waived.

WHEREAS: Having students with such different academic backgrounds in a class will lead to an up-tick in the DFW rate, rather than a reduction of it. Pedagogy differs significantly for classes with under-prepared students. The likely outcome of such a mix of students will be that the underprepared students will be overwhelmed with the work while the well-prepared students may DFW through boredom.

Now, therefore, be it resolved by the Faculty Senate of Southwestern Oklahoma State University:
That: The members of Faculty Senate on behalf of the faculty of Southwestern Oklahoma State University oppose the changes to the remedial placement policy for the 2020-2021 academic year.

Collegiality as addressed in faculty handbook currently

Professional Behavior

SWOSU faculty members should aspire to cultivate a respectful and collegial work environment by encouraging all members of the university community (faculty, students, administration, staff, and visitors) to treat each other with courtesy and respect. Members are expected to adhere to applicable University and RUSO policies and procedures.

Senate Motion: That signature lines for all Academic Unit Review Committee (AUC) members be added to the currently used forms entitled, “Recommendation of the Academic Unit Review Committee: Promotion” and “Recommendation of the Academic Unit Review Committee: Tenure.”

Rationale:

- (1) The current Faculty Handbook procedures for granting of promotion and/or tenure involves the use of forms, “Recommendation of the Academic Unit Review Committee: Promotion” and “Recommendation of the Academic Unit Review Committee: Tenure.”
- (2) Both of these forms currently only require the signature of the AUC Chair. Outside of the Chair, the other members of the AUC do not sign either form. Although implied, verification of agreement with the wording of the rationale by the members of the AUC is not established by the current forms.
- (3) Therefore, we request that both forms be required to have signature lines for all AUC committee members for both Tenure and/or Promotion. The current form entitled, “Departmental Continuance Recommendation” contains signature lines for all members of the departmental continuance committee and could serve as a model for modifying the both the “Recommendation of the Academic Unit Review Committee: Promotion” and “Recommendation of the Academic Unit Review Committee: Tenure” forms.
