

# SWOSU Organization Looking for Web Design Clients

09.15.2008

The Association of Information Technology Professionals student chapter at SWOSU is planning to compete for the national championship in web design for the 2008-09 school year, and the chapter is looking for non-profit organizations that would be interested in having a web page.

Faculty sponsor Dr. Warren Moseley said the chapter plans to have more than one team in the competition.

Clients can be SWOSU student organizations or off-campus non-profit organizations.

If interested, please contact Moseley in the Department of Entrepreneurship and Computer Systems at 580.774.3174 or email [warren.moseley@swosu.edu](mailto:warren.moseley@swosu.edu). Moseley said the chapter plans to have the teams set by October 1.
