

# **Accounting and Finance Students Attend OSCP Career Night**

10.11.2007

Several Southwestern Oklahoma State University accounting and finance students on the Weatherford campus recently attended the Oklahoma Society of Certified Public Accountants' Career Night in Oklahoma City.

The career fair was sponsored by the OSCP and took place at the Clarion Hotel in Oklahoma City.

Toni Humphrey, public relations intern for the SWOSU College of Professional and Graduate Studies, said students who attended gained access to networking and career resources, which will help in the search for employment after graduation.

Potential employers that participated in the career night included Accel Financial Staffing, Allied Waste Industries Inc., Beale Professional Services, and Finley & Cook PLLC. SWOSU students were also able to participate in a panel question and answer session with several prominent professionals from the Oklahoma City area.
