

216 Donors Participate in SWOSU's December Blood Drive

12.14.2017

Oklahoma Blood Institute officials were pleased with the results from the Southwestern Oklahoma State University blood drive held December 4-5 in Weatherford.

Emma Meyer, account consultant, said 216 donors made the drive extremely successful.

"Our goal for both days was 180 and we ended up with 216," Meyer said. "That is a lot of lives saved thanks to the amazing folks at SWOSU."

The next drive at SWOSU will be February 5-6 in the Wellness Center.
