

PHlight Arthritis Event Planned This Friday at SWOSU

10.25.2011

A “Halloween” type philanthropy event to raise funds for arthritis research is being planned this Friday, October 28, by a fraternity at Southwestern Oklahoma State University in Weatherford.

“PHlight Arthritis” has a masquerade theme but costumes are not required, according to Phi Delta Theta fraternity president Ryan Brewer.

There will be free food, a mask contest, pie-eating contest, music and more at the 7 p.m. event in the Memorial Student Center Ballroom. Everyone is invited.

Brewer said money raised will go to the Veterans Administration Hospital in Oklahoma City to help with arthritis research costs.
