

# Senior Biology Students to Present Posters on SWOSU Campus

11.24.2008

Eight senior biology students at Southwestern Oklahoma State University will present poster presentations on Monday, December 1, on the Weatherford campus.

The poster presentations will take place on the second floor of the Old Science Building from 4-5 p.m. Authors will be available, and refreshments will also be served. Everyone is invited.

The theme of this semester's posters is "Medicinal Plants." All of the students are in Senior Seminar, the capstone course for the biology major.

Participating SWOSU students are: Mercedez Bernard, Granite; M'Kenzi Crabb, Hollis; Sassy Guthmueller, Purcell; David Hollrah, Oklahoma City (PC North); Cole McBride, Weatherford; Ashley Price, Geary; Kari Robinson, Canadian, Texas; and Jennifer Flores, Moore.
