

SWOSU Nursing Group Collecting Coats

11.10.2014

Members of the Southwestern Oklahoma State University Student Nurses Association are collecting new or barely used coats to give to the Agape Clinic in Weatherford.

The coats will be given to individuals in need of coats during the upcoming cold weather season.

Drop off boxes are located in the SWOSU School of Nursing's main office on the first floor of Parker Hall and one in the Wellness Center. Club president Bailey Bell said the group will collect through December 8.
