

SWOSU Sayre Hosting Career Day this Wednesday

10.31.2013

Southwestern Oklahoma State University at Sayre will host its 14th annual Career Day this Wednesday, November 6.

Seniors from more than 15 area high schools will be on campus to learn about a variety of educational programs offered at SWOSU.

The event will begin at 9 a.m. with refreshments and campus tours given by SWOSU students. Representatives from the Sayre and Weatherford campuses will present 20-minute presentations on 18 different academic programs. Immediately following the sessions, the students will enjoy free pizza and door prizes. Each school in attendance will also receive a SWOSU-Sayre scholarship for one of their students.

Career Day is hosted by SWOSU at Sayre to bring awareness of the many academic programs and career opportunities available for high school seniors as they consider their future options.
