

SWOSU Biology Club Hosting Plant Sale on November 22

11.18.2013

Getting ready for Friday's plant sale are SWOSU Biology Club members (from left) Kristi Burghardt, Angie Hoover, Tim Stein and Taylor Lawyer. Dr. Bill Seibert is in back.

Southwestern Oklahoma State University's Biology Club will host its fall plant sale this Friday, November 22, from 8 a.m. to 4 p.m. in the Memorial Student Center lobby on the Weatherford campus. The public is invited.

The plant sale is the primary fundraiser for the biology club. According to faculty sponsors, Dr. Andrea Holgado and Sue Ball, the biology club uses the money to support various community and academic activities.

The club's students, under the supervision of Dr. Bill Seibert, have propagated and maintained the plants throughout the semester.

The sale will feature both small and large sizes at very reasonable rates. Various cacti, ivy, ferns, geraniums, rubber trees, and succulents are just a few examples of what will be available.

Additional information is available by contacting SWOSU Biology Club President Timothy Stein at steint@student.swosu.edu or by phone 580.47.6124 or club Vice President Mandi Foutch at foutchm@student.swosu.edu or by phone 580.22.1409.
