Southwestern Oklahoma State University student athletes, students from the residence halls, Greek organization members and other volunteers conducted the SWOSU Fill-the-Truck Toy Drive at the Weatherford Walmart on December 14-15.

Toys and clothes were collected for the holiday season and distributed through the Regional Food Bank's BackPack Program to local children. Monetary donations were used to purchase additional gifts from Walmart.

SWOSU Athletic Department Assistant Director for External Operations Rouben Tourian said the drive was very successful and had great support from the community.
