## Editor's Note to This Index

Sincere appreciation to Trevor Reynolds for doing the special "Tolkien Index" for this Centenary issue. Trevor has done two previous indexes in *Mythlore*: "An Index to *Mythlore*, Issues 1 to 50" (compiled along with his wife Pat) in *Mythlore* 51 pp. 58-78, and "An Index to *Mythlore*, Issues 51-60" in *Mythlore* 61, pp. Both of these indexes cover all the material in these issues.

This Tolkien Index does not give the authors of the articles indexed; for this you need the other indexes. Another supplement will be printed in either *Mythlore* 71 or 76.

May this index prove helpful for researchers, and that new insights and articles on Tolkien will be generated as products of this research. — GG

While every issue of *Mythlore* has material on Tolkien, there are two others which especially stand out: Issue 10 published as a Memorial Issue following Tolkien's death in 1973 and issue 50, also featuring color covers by Bonnie Callahan and Paula DiSante.
