## HAVE LIFE *by R. R. Chapman*

The sun, the moon and the brilliant stars  
Attest to the fact of a being on high that  
Assures us a life where we'll never die —  
For those who love Him and obey His will of the  
Christ who died for you and me on Calvary's hill.

The earth that we walk on, the very sod,  
Attests to the fact that there is a God,  
A Superlative being with powers unknown  
Watching, waiting on a Holy throne  
Leaving the earth's fate to His chosen Son  
To complete the work He had well begun.

Man's inhumanity to his fellow man  
Has been a sin that all must bear while man exists and  
Flaunts his boastful ways for the world's acclaim through  
Many a day until the Lord in his wrath shall destroy by a blaze  
A world corrupt until the latter days.

The earth, the grass, the air that we breathe,  
The gorgeous sunset, the sky, and the trees —  
All attest to the fact that there is one  
On high that assures us with Love that we need not die.
